                passengers looked as solemn as if they
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              Ve have recently added to our selection of Stove
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     To tell our own secrets is generally folly,
                were on the way to a funeral.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          BINGHAMTON, N. Y.
                                                                                                                                                                            but that folly is without guilt; to com-
municate those with which we are entrus-
           A youngster who attends the Union
School, Franklin. recently received a
flogging and he went home and told his
father h- was going to ron away to the
Black Hills. This was in the morning.—
At dinner time no John Henry appeared
but no fears for his safety were entertain.
I. Night came, and while the family
were entered in stepped the pro-
ace, and he exclaimed as he over his
the family group, "Gracioue, mother" at
you and father still living ?"
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    THE CENTENNIAL COOK,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            Oct. 14th, 1875.-1.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          dry Goods,

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           its great success, in the curs of discases, it has w
for itself that world wide reputation it so richly d
srves, and now stands at the head of all linsments r
rivalled
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           HEAVY AND SHELF HARDWARE
                                                                                                                                                                                                                                                                                                                                                           Class 3 .- Fruit and Vegetal-les.
              This comes from Xenia.

A Detroit citizen who met an old ac-
quaintance on the street asked why he
wore a weed on his hat. 'For my poor
.wife who has passed over the river,' was
the melancholy reply. 'Well, cau't she
come back—are not the ferryboats run-
ning?' The man had to explain that he
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  at either depot will be promptly attendenito.

of thousands of households for its many cures of dis-
cases were external spplications are of a much impor-
iance. It is especially admired as a family remedy for
its prevailar chemical combination, possessing no harsh
ingredients. (like tincure of Cayennes or ref-pepts, of
which cheap and values Liniments are largely com-
posed.) which increase instead of diminish the inflamm-
tive, making it oy nature a speedy cure for
MURDAL and the second of the second of the second of the second
time of the second of the second of the second of the second
time.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          HENRY DISTON & SONS'
                                                                                                                                                                            are truly wise, when contrasted with the
assuming air of the young and ignorant
may be compared to the different ap-
pearances of wheat, which, while its ear
is empty, hells up its head proudly, but
as suon as it is filled with grain, bends
modestly down, and withdraw from ob-
servation.

             fee to settle it?" "Les, mum; tucy were
so bad I had to put in four of them."
To maty the path of life is nearly all
tunnels.—Danbury News.
That is what makes it such a bore.—Bos-
ton News.
A man can stand an occasional little
dispute with his wife; but a long, gloomy
tearful after sulking on ber part will, like
a siroccowind, blow out at last all his
lights, thoughts, and joys, and, in the end,
the light of life itself.
A man can stand an occasional little
"bushel squashes
bushel carrots
bushel wintzel
bushel sugar beets
