DEMOCRATIC STATE TICKET FOR GOVERNOR. CYRUS L. PERSHING.

DEMOCRATIC COUNTY TICKET TOR PRESIDENT JUDGE. RALPH B. LITTLE, Esq. OF MONTROSE.

FOR SHERIFF. WILLIAM WHITE. OF AUBURN.

FOR REGISTER AND RECORDER. CURTIS C. GILBERT, OF GREAT BEND, FOR TREASURER. HENRY C. TYLER OF MONTROSE.

FOR COMMISSIONERS, MATHEW E. RYAN. OF APOLACON. LEANDER GRIFFIS OF JACKSON.

FOR AUDITORS, ROGER S. SEARLE. OF BRIDGEWATER. LEWIS B. O'DOWD. OF LITTLE MEADOWS.

FOR CORONER. DR. WY. L. RICHARDSON. OF MONTROSE.

The Democrats have made a clean sweep of Wyoming territory, electing eleven of thirteen members of the council and eighteen of twenty-seven members of the house.

In 1872 the Republican majority for Grant in the state of California was 13,-302. In 1875 the Democratic majority over the Republican candidate for governor in that state is 30.603.

Colonel Prollet gives a letter of acceptance that is wisely tuned to the popular ear, and goes directly to the issues of the carpet bag has been unpacked for forty oattle. It is clear that he doesn't pose to pass any tricks when trumps are in order, nor leave any public want without the promise, of a remedy in case of his election. His contract may be a little large, but that's his business, and as his theories are in the line of the popular tide, he evidently proposes to take charge of the strong keys of the State when the blossoms of May again throw out their fragrance on the Capitol grounds. - Phil'a

Hon. E. Joy Morris tenders his service to the Republican party, because the Erie platform "leads to repudiation, national dishonor, and universal bankruptcv." Now will: he tell us what the Lancaster platform leads to? Here is Lancaster :

Free banking, a safe and uniform national currency, adjusted to the growing wants of the business interests of the country, and a steady reduction of the national debt. And here is Erie:

Drency be made and kept equal to the wants of trade, leaving the restoration of legal tenders to gold to be brought about by promoting the industries of the country, and not by destroying them.

Will Mr. Morris tell us how many thousand millions could be inflated under the Lancaster platform, and what time speech, for he is too highly respected to in the Treasury department. make childish blunders with impunity. Phil'a Times.

"Mayor Rawle had some silver plate and spoons at his home in Erie, which he kept within the walls of his domicile high in the esteem of his neighbors. His and protected by the usual bolts and bars A tramping thief broke into the elegant by any who know him. Mr. Griffis has mansion and carried the silver away. He long been esteemed by the people of has been caught, and Judge Vincent, Jackson and other sections of the county horrified at the ardacity of the scamp as a man of sterling worth and integrity who laid his thieving hands upon the and business ability, and both he and property of the mayor elect (himself attending campmeetings and fairs in different parts of the state with a view of state treasurership,) sentenced him to twenty years' imprisonment in the penitentiary. We find no fault with the penalty. But il Mayor Rawle should be elected state treasurer, and if (which Reaven forbid I yet such things have happened) after appropriating the interest on the money of the people, which, according to radical practice, belongs to him as a perquisite, he should steal the whole sinking fund of the state, and Judge Vincent should bring him to book for it, how many years would be give him? As justice is usually administered to public peculators, Mr. Rawle would walk out of court a free man, and probably set up a bank and prosper. So trifling a fault is it to rob one million men who have trusted the keeping of their property to a public servant, and so heinous un offense to rob a single individual who puts no trust in his robber, but guards against him by bars and bolts and statutes and prisons."

MUM'S THE WORD.

readily see the 'policy" of the move. hope lies in the watchword "hush." The masses can appreciate their sagacity in this matter and will fully agree that the less there is said about their record, the better for the Ring. They dere not face the facts, and duce in the history of Susquehanna county their "Smut-machine" the Ring organ of Montrose is at bay. The sword of truth is being wielded in keen an edge that the "court" dare not allow Homer to take it into his hands, even to examine it for fear of its cutting. both ways?

Homer is not allowed (and this decision was adopted at their last meeting at the editors house), to use his only argument "You lie, sir!" for the truth is so keen and the evidence so clear that even that would be whittling toward themselves, which would surely cut the Ring. It was remarked last week by one of their most active politicians, that the platform of the Democracy would not hurt them very much because the Republican would not be allowed to print it, and thus a large number of their party would not see it. Do the Ring suppose that they can suppress the tide of reform by a course of sneaking, driveling, guilty cowardice in the management of their county canvass? Do they expect to meet burning and convincing truths by a system of sly and slanderous whisperings in the ears of the masses, when they dure not meet the facts boldly, in their county organ? Bradford county Ring politics has succeeded in Bradford county for a time, but it has got sick and "nigh unto death" in that county, and a removal of it into Susquehanna county will not prolong its life. The climate in the year A. D. 1875 is not adapted to restore a party afflicted with such a pestilential disease.

OUR CANDIDATES.

As we said last week R. B. Little eso needs no biography from us. He has stood among the first attorneys at the bar of Susquehanna County and of the State for a number of years. He is one of the heaviest tax-payers in the county, -having all his means invested in real es tate. He is not here from Brudford county, simply to be elected judge of this district, with his carpet-bag packed, ready to turn his heel upon us it defeated. His vears or more, and he will remain in this county and continue to bear his share of its burdens of taxation, whether elected or defeated.

Win. White of Auburn our candidate for Sheriff is a man , who, fully answers the terms of the Jeffersonian doctrine, and where he is the most intimately known there he is held in the highest esteem, and whoever lives to see the votes counted on the second day of November next, will see what his neighbors at home think of him, the "Court House Ring" candidate to the contrary notwithstanding. The people of this county need just such a man as Wm. White in the Sheriff's office.

C. C. Gilbert, the nominee for Register & Recorder, is a son of Charles S. Gilbert of Great Bend and a young man of extraordinary good character among the in the Great Bend Reporter that he will receive a very large vote irrespective of party, as a reward of his known integrity, and unblemished character. We con-We demand that the volume of cur- gratulate the young Democracy of Great Bend boon their worthy representative.

Henry C. Tyler, caudidate for tressurer, is a son of Judge Tyler of Montrose, and is most assuredly the right man in the right place. His extensive business relations as Lasurance agent, has brought him in contact with a great many tarmthis century or the next it proposes to ers in different sections of the county, resume specie payments? Mr. Morris and a very universal sentiment is expresshould read both platforms before he sed that he is just the men to inaugurate writes any more letters or ventures on a the advent of Democratic retrenchment

Mathew E. Ryan and Leander Griffis candidates for the offices of commission er, are both men peculiarly fitted for The Insurance Advocate (Labor Organ) that position, at this time. Mr. Ryan has been henored by the people of his town with an election to the office, of Justice of the Peace, and stands remarkably honesty and capability is unquestioned Mr. Ryan, if elected, will call down honor upon themselves and upon the coun-

Men who are not only abundantly competent to the duties of that office but men who will fearlessly and honestly discharge their duties and take the necessary time to do it.

Dr. Wm. L. Richardson, our nomines for coroner is a man of large experience in medicine and surgery, and has the necessary executive soility as well as scientific knowledge to fill that important of fice with honor to himself and the coun-

A COUNTY RETROSPECTIVE VIEW. The Democracy of this county in their

platform give forth the key note of true reform, which first begins at home. Put your own house in order and then call people are in carnest, and politicians and upon your neighbor. The "Court House place hunters of all parties will soon realhing" are attempting to snear at it by saying that it means nothing, that the Col. Pioller's Letter of Acceptance. It will be remembered by those who saw Democracy when they get the offices will the Montrose Republican some months not pay any attention to the platform, asago that a "conspiracy" was reported suming a righteous judgment by judging by that paper and copied in the DENO the Democracy by themselves. This will CHAT which took place in the Republican unit after the determination of the Deoffice, with a full quartum of the Court mocracy nor that of the people. When

charging mercenary motives upon the will offering of the representatives of reform in the disbursements and expend-

county and state in convention assem- means of support for themselves and bled, A. D., 1875, was unanimously adob the columns of the DEMOCRAT with so ted before any nominations were made, and every candidate who accepted a nombe by personally subscribing to them upon oath, and should one of them attempt to evade it, he will surely meet the fate at our hands of the Representative of this district in the legislature of 1873, who seemed to think that platforms on the usury, question, in Susquehanna county, were simply made to be broker. Let his fate be "a pillar of salt" to all who shall come after him.

> The honest masses of Susquehauna county are heartily tired of supporting rings and cliques for the simple purpose of placing a few men in office to wring from them their hard carned productions in exorbitant salaries and fecs, and burden them with a heavy debt, which under "Ring" management, is accumulating by unlawful and usurious robbery, pard to a party who bears not one cent of the bur dens, nor has one dollar of interest in the welfare of the county. This is no idle tale nor electioneering twaddle. It is what the people of this county should understand and be prepared to meet and we challenge the Ring to truthfully deny it. There are \$18,100 in bonds against this county in the hands of H. H. Reed, capitalist of the city of Philadelphia, upon which the people are paying EIGHT PER CENT. INTEREST. We have this from a source which places the truth of it bevond a doubt, and we call upon those who hold the books and who are respon-

sible to the people, to correct this state-

ment if it be wrong. Now as we said before, if any office seeker in the Democratic party or any other party supposes for one moment that the Democracy of this county do not mean just what their platform says, we pity him, for he will find all his attempts hereafter to gain official positions for the purpose of making a fortune out of the laboring masses, to be utterly futile. He will find that the "mills" of pure Democracy "grind slow, but they grind exceeding small," There is an attempt made also by the Ring, to hoodwink the people with the idea that the salaries cannot be changed, which are referred to in the Democratic platform, except by legislative enactment. Any one who asserts this is either a knave or a fool, for the commissioners of Susquehanna county have full power to regulate all the salaries One hundred dollars down. The fees of the Sheriff, Prothonotary, and Register and Recorder. being established by legislative enactment which are referred to in the last resolu- WALUABLE tion. That the people of this county may know (as they undoubtedly already do) to whom they are indebted, for this enormous increase of fees and salaries. we will take a restrospective view of the condition of things, when the people people of his native town. We are told placed the administration of this county in their hands. We will only go back to 1861, and compare the statement of that

Difference, The whole amount of printing in 1861, was \$230.00. In 1874 it was \$692.50, of which H. H. Frazier received \$441.10, and E. B. Hawley & Co., \$251.40. In 1868, the Republican Legislature nearly doubled the iees of the Sheriff Prothonotary, so that the Sheriff makes a clean profit of from \$6,000 to \$8,000 per annum, and the Prothonotary from \$5,000 to \$7,000 in the same time. We ask all of the tax payers of this county who have a file of either of the county papers to continue the comparison of the statemonts, of which we have mentioned a small part, and, we think some further startling disclosures will dawn upon their vision. Just let your children take the few differences to which we have alluded and apply "Stoddard's Mental" and see how much of the \$18,000 of bonded debt and interest of this county will remain in the next ten years by applying, not a new rule, but the old time honesty and economy of the Democratic administration of the county, as reproduced in their platform of 1875.

While the people by virtue of hard times, brought about by official robbery and corruption, are called upon to economise almost to privation, to keep the wolf from their door and save the hard earnings of a lifetime from the clutch of the Snylocks under the sheriff's hammer, they are not prepared to enrich their of. ficial servants by exorbitant salaries and thus increase the power of Rings to enslave them by centralized power, and compel them to "stand and deliver" by WELL SEASONED LUBBER, INCLUDING SIDING, PEOPLE FROM BINGHAMTON Administrator's Sale their constant salary grabbings.

The people of this county will this county, people will see that the In accepting, as I hereby do, the honor-"Court House Ring" not only falsify the able position of candidate for state Treas The facts set forth by the DEMOCRAT can- past record of the Democracy, but that urer, allow me to say there is nothing not be refered by them and their only they have presented their own record by they have presented their own record by personal in this entire proceeding. My

party which now demands, and by the that portion of the people of Penusylvawill of the tax burdened masses, proposes nia who are anxious, nay determined, to to carry out a needed retrenchment and arrest and finally overthrow the ruinous measures that have loaded our people with unnecessary taxation, and prostratitures of the taxes of this county. The ed the industrial pursuits that afforded platform of the Democratic party of this the laboring class employment and the those dependent upon them. The administration of the State and the National governments has been and is in direct conflict with the true interests of ination under those resolutions, is as our laboring masses, cannot be upheld thoroughly bound by them as he could by the exercise of official power or the force of party, nor will an intelligent and thoughtful people (such as characterize our State) forego the principle of sound morality in the conduct of public affairs. The masses of the people of Pennsylvania have for years persistently demanded a true exhibit of the condition of their State Treasury. My nomination is wholly due to a general belief if intrusted with the office there would be no concealment from the public of its exact condition or current operations. The resolutions em-body and set forth the real purpose of the earnest and intelligent gentlemen forming the convention, composed of true representatives in sympathy with the housands whose enforced idleness is fast reducing them to penury and want, whose occupations and pursuits should be honored and not overthrown. Without further comment. I desire to be understood as giving my unqualified and hearty concurence to all these resolutions and I firmly believe, if adopted by the American people as a governmental measure, we will attain immediate relie in all branches of our prostrate industries and enter upon a new career of prosperity.
