Notes About Town.

Anna Dickinson next Friday, Nature was carpeted in snow on Monday morning last. Anna Dickinson's "Joan of Arc" is regarded

as the crowning effort of her life. Let our farmers and others read the original farmer's song on our fourth page. The rite of baptism will be administered at

Jones' Lake, this p. m. at 4 o'clock. . . The Woman's Temperance Prayer-Meeting will be held on Thursday, at 3 p. m., at the house of Mrs. Richard Benjamin.

Anna Dickinson will draw an immens crowd at the Court House next Friday evening. Be sure and get your seats at once. The ladies of the M. E. church will hold their sociable this week at the residence of H. N. Tiffany. Oysters will be served, and a pleasant time may be anticipated. All are invi-

Republican party must think they have a surplus of voters in this county and want to drive them away by the character of the speakers they have got advertised. This is "the most unkindest cut of all."

The Montrose Republican this week says that we are telling the people that Harvey K. Sherman, the Ring candidate for Sheriff, "will ongator" to explain what it means. ..

We notice. Homer says this week, that Judge Streeter has purchased A. Lathrop's residence, on Main street. Row long ago is it that Mr. Lathrop told Homer, on the Post office steps, that there was a "forfeiture" in the conif he expects to make any political capital out of it this campaign.

Somebody said the other day that the reason H. G. Seamans, our "narrow gauge" mail agent, came to be advertised as a speaker, was because he painted that \$4,000 county safe. Well, the Ring do need a painter and a whitewasher also. There is business for a number of both professions to cover up their "financial plank," which pays off the county debt by collecting \$90,000 to pay \$20,000 and then proposes to repeat.

Miss Anna E. Dickinson who will visit this borough, on Friday evening next, is unques- to Judge Jessup as President Judge ?" tionably the most eloquent and popular speaker in America, and wherever she appears she is received by overwhelming audiences, comprisacts are matters of public record. She is neyerappealed to in vain. Her purse has ever been open to the poor and distressed, and by them she will always be gratefully remember-

Homer's attacks upon E. B. Hawley are of no consequence to the tax pavers or voters of this county, at this time. We have an important duty to perform just now, hence we shall not stop to notice him. After election is over and we have discharged our duty and can't find anything else to do, we may hold him out by the shirt coling a little just for fun. As to his charge of our taking the same for advertising the County Statement, &c., as he has, any one who does not believe it false, will find it so, by going and examining the bills in the Commissioners' office. They need not take our word for it. If the people find we are the biggest rascal" about the Court House, they will kick us out with the rest.

We are willing to give the most charitable construction possible and say that the expenses of the county have naturally and honorably increased some, but is there a man in the county, outside of the Ring or a lunatic asylum, who believes for a moment that they have increased necessarily nearly \$38,000 worth. Deserting the old Craft. Judge Streeter evidently has no more faith It is due Mr. Edmund Baldwin to say that in the old Radical prohibition party of last while Mr. S. Crossman in 1861 did the year than other people have, so the has got cuties of Court Crier, he does that and himself on the head of the new prohibition acts as Jonitor also, the latter duty being the ticket. It certainly must require a great harder. This involves the question as to why amount of that kind of faith which is "the county officials should not do their own house substance of things hoped tor, and the evidence of things not seen," that causes the prohibitionists to put Judge Streeter at the head of their ticket in this county. Allow me to answer, that, in my judgement \$2,500 is an ample salary for that office. The present salary of \$4,000 is unjust, because it is ing the best classes of society. Her charitable not earned, and it bears heavily on the taxpaying people. My respect for our judicial officers was greatly impaired last winter, when those already overpaid men, moved in a body upon the Legislature, for an increase to \$5,000 year. And it was a sad commentary on the degeneracy of the times, that they came within a single vote of success !

I always have denounced the present salary as too high. Elected or not, I would, if I had the power, reduce it to \$2,500. A man sitting on the Bench ought to be able to look his fellow citizens in the face conscious that he is not taking their money without rendering some honest equivalent.

The truth is we have an army of overpaid officials; and the consequent taxation falls so heavily, upon the farmer especially, that in our county at least, that interest is reduced to a struggle with want.
