If the county Commissioners have if they choose to vote to sustain such taxissued \$16,000 in bonds to pay jail debt ation extortion they must not complain then by the law they have expended \$41 herealter. If more taxes are required. 000 which proves that they have misstathey should not complain. If the satisted when they said it only cost about faction of being able to "Rah for the \$30,000, If it only cost what they said Ring" on the second day of November it did, then they have violated the law next will compensate them for the price which gave them any authority. Which it will cost, then of course they will vote horn will they take? for the Ring.

Watson in the Ring organ says that the "offices are the forts manned by the officials." This is a very striking simile. The way the Ring has susceeded to mut them has been by collecting \$90,000 tax and paying \$20,000 jail debt which leaves the people to believe that they used the balance for political gun wads in "county Bridges" and "Road Views." "Rah for the Ring !"

We charge that a baser Inlschood was never permetrated than when the Mont rose Republican said the Reed bonds were at "lawful interest," conveying as it was intended to convey, that they were at 6 per cent when they are at 8 per cent. We give the people and the Ring due notice that we propose to meet, these statements as well after. election as before, and we shall call upon them to verify them or disprove them by some other evidence than "you lie sir !"

BEWARE OF FALSE STATE-MENTS.

We have indicted the Ring of Susque hanna County; and filed our evidence in our columns before the people and it has been open for the Ring organ or any one who had the power, to prove it false for more than four weeks but they have not dared attempt it. We say therefore that anything they may now put forth after this, (the last issue of our paper) in denial of the charges, is but the part of the coward and should, fix their guilt more strongly upon them. We understand they will issue the Ring organ just before the election filled with fabrication for effect, as the last three of a dying Ring!

We find that the people have determin ed to elect two Reform County Commissioners. The Ring are more afraid of Democratic majority on that board than anything else, and they will resort to every measure in their fear, to accomplish the defeat of one of the candidates .-Remember that under the constitution no one can vote for but two candidates and there are three to be elected .--

ty may also understand this we repeat.-A five mill tax on \$3,000,000 for 8 years has collected \$120,000 that out of that by their own showing they have paid less than \$20,000 of the jail debt, leaving \$100,000 for "County Bridges and Road views." tabulated as follows:

Total. The committee having pursued this ine of inquiry as far as was practical or useful subpœnaed the State Treasurer, R. W. Mackey, and his predecessors in office, to appear and explain if possible, any of the above items. These subposnes were returnable October 5, at Harrisburg, their service sworn to, but there was no appearance, except by Mr. Mackey, and he declined to testify until his predecessors in office were sworn-certainly an unusual dictation on the part of a witness. But the committee met from day to day, and subsequentiy subprenaed Mr. Mackey to appear and testify in Philadelphia on Wednesday October 20. Mr. Muckey did not appear, and he and all the ex-State Treasurers have studiously avoided the meetings of the committee. Had the committee power to issue an attachment for their arrest that power would be promptly used, but there is a prerogative of the House which must of necessity remain unexercised until the House is in session. What inference is to be drawn ? Certainly it is fair to assume that all the charges above made are true, as the Treasurers do not appear, when they are lawfully subposnaed, and explain and deny them. In this connection the committee cannot refrain from referring to another dif-

ficulty it had to contend with. The committee was created by the House alone, the Senate refusing to concur, and the committee was wholly deprived of funds to pay suy of its expenses. O. H. BEIGHARD, MILTON A. EMBICK, FRED. W. GUNSTER. A. SMITH, New Advertisements. **NTEW ABBANGEMENT :**
