It is currently reported since election by some, that the DEMOQUAT has put the finishing stroke on our town. It first killed the Legal Association, then it crippled the "curbstone brokers" and now it has "busted" the "Court House Ring," and yet the editor seems to be happy.

The Criminal Trial List before the court last week was the lightest it has been for years, which is a good omen for our county. Had this been just after the passage of Local Option instead of its reppeal some people would have attributed it to that cause but none are now disposed to lay it at the door of whiskey.

We notice that P. C. Burns, of the firm of Burns & White; proprietors of the marble works at Tunkhannock, was in town last week taking orders. He is a brother of A. B. Burns, druggist of our town, and any information can be obtained by applying at The Eagle Drug Store in the "Brick Block."

" R.B. Little esq., was called to attend court at Towanda last week to try a very important ejectment suit before Judge Mayer, of Lockport, who was called to hear the case. The suit last- ed at Hopbottom by a large number of sympeed four days and a half. He has gone to Wilkesbizing friends, and his remains lie in the lamibarre this week to try a slander suit before Judge Harding, between Drs. Wheeler and Miles of Abirgton.

In our reference to "Fraudulent Tickets" last week See omitted to notice one charge against Capt. E. B.Gates made by the Montrose Repub-

lican. It stated that he, came to our office and got some fac simile Republican tickets printed, with Wm. White's name upon them and then deceived the voters by them. We again place "the ditor" and his beloved Senator in a way to accumulate more money. We will give \$500 a piece for every ticket they will bring us either Republican or Democrat that Capt. Gates took from our office with Wm. White's name or any other name upon it. The facts are that Mr. Gates did not take any and never had any to our knowledge. Capt. Gates did not go about this county to distribute tickets, but to call u on his brave comirades, to resent an infamous insuit heaped upon him by a cowardly Ring, whose candidate said "he was a coward, and his own men shot him," and the sequel shows how well they vindicated him. We should not again allude to this subject but for the base attempt of the defunct Ring serpent to sgain wiggle its tail to poison the minds of the people against Capt. Gates. We here challenge any person in Susquehanna county to point out a single dishonest act of his in this canvass.

Dian't Know it. Somebody told us yesterday that the "Pride gnat" of the Susquehanna Journal had Theen pecking away, with his little bill upon the "bulls born," of the DEMOCRAT, during the late political canvass. If so, it was so light that we had not felt it, which is the excuse for not noticing him.

## Frazier's Alarm.

Brother Frazier, of the Montrose Republicau trusts that "the tidal wave" which swept two of the best county offices into the hands of the Democracy, will subside by next year. He, also, says that the, Republicans were sold out in their own house, by members of the party. Isn't brother Frazier a little alarmed about his county pap ?- Susquehanna Gazette.

attended him. He was taken to his home at Oastle Creek yesterday morning. It appears that Mr. Pease, accompanied by a friend, had been hunting deer in the vicinity of Wilcox, Pa., for the past two weeks and that they were on their way home when the accident occurred. The train was coming into the station, running at a greater speed than he

thought, and he slipped in getting off while it was in motion .- Binghamton Times, Nov. 11. Sad Accident. While several men were engaged in taking

down the old Universalist church on the bill above Brooklyn, Pa., Nov. 6th, Edward E. Wright, aged 25 years, was killed by the falling of timbers. No blame attaches to any one, t was purely an accident. He fell with his head between two timbers and of course died suddenly?

He was known in the place as a sleady young man. He embraced the Saviour about two years ago and was a member of the M. E. church at the time of his death. He leaves a young wife to mourn, while he proves the reality of an eternal life. The funeral was attend-

Almost every merchant in Wilkesbarre knew Gould P. Parrish. He had had charge, for some ime past of a lumber yard back of Pittston, in Schooley & Waddel's woods. He was there usually about two or three days in the week and generally stopped at the Farnham House He was a very loquacious man knew the courtry thereabouts and its history like a book, and was a genial conversationalist. On Sunday afternoon last he visited bis wife's grave. In the evening he attended church in Wilkesbarre, where he made his home and subsequently he went to the Bristol House, and returned about half past cleven o'clock.-The next morning lie did not make his appearance, and as time went by the door of the room was unlocked with a skeleton key, and Mr: Parrish was found dead in bed. A Great Work at Cascade. The work of filling in the gorge at the Casade on the Erie road near Susquellanna, is about completed. The embankment it may be reaembered, was washed away last August, by a severe storm, and travel was interrupted for several days. The Company quickly built a frestle over the ravine, and at once began the work of filling in the gorge so that the recurrence of the disaster would be immposal

It took three years to fill in this gorge before some 18 years ago, when the treatle was first built. The work was not then made permanent. It lasted, however, until washed away last August. This great work has permanently changed

the course of the stream that flowed through this ravine, and has made the embankment a fixture. No storm can again wash away the
