W. N. Wilson, of Binghamton, says that he can give customers fits in clothing and merchants "fits" on prices. It will be well to call on him when you go that way.

S. W. Barrett, of Binghamton and formerly from this county, announces elsewhere that he is prepared to meet the wants of customers in musical instruments, jewelry, etc. Read what he has to say.

A religions revival is now in progress. The Methodist, Baptist and Presbyterians are holding Union meetings once a week. They are largely attended and considerable interest is manifested.

It has just entered upon its fifth year and comparing it now with the little seven by nine sheet which was first issued, shows a very rapid and healthy growth. Mr. T. says that he is now the only attachee left of the orginal regime. Geo. B. Edwards is proprietor and business manager and M. Mr. E. P. Stamp has taken possession of his new store building on Tarapike street. Mr. Stamp is worthy of patronage. His enterprise and ubility as a successful business man are well deserving of commendation as well as patronage He was a long time a hard working mechanic, as an iron-smith, in our borough, and would undoubtedly have been in that business to-day, but for an accident to one of his eyes. He atterward turned his attention to the grocery trade and it has been often the subject of comment that he has been able to so successfully compete with older business men who have been long in the same business.

Unions the past year, inspires our most carnest and devout thanksgiving to God-our deep self abasement that we have not done more and tirm determination to work and pray unceasingly for the triumph of our holy cause, until the kingdoms of this earth shall become the kingdoms of our⁶ God and his Christ, there-

lore. Resolved, Tilat the results of labor for the reclametion of incbriates and the drinking classes, convince us that a great work has been and play be done in this direction, and that nothing is too hard for the Lord. To this end we red

ummend Gospel temperance prayer-meetings, cheap lunch and longing houses, tree reading rooms. Washing tonian homes, temperance re-form clubs, the circulation of the pledge, and, above all, continual individual effort with indi-

Resolved, That as the rum power is the greatest obstacle to the advancement of the Christ-ian religion, we look to the ministry and churches of the land to sid us in the prosecu-

Headwood, That it is the sense of this convention that the complicity of Christian citizens with the liquor trafic, and the lethargy and in lifference of the Christian Church in the desecration of the Lord's Supper by the use of fermented and intoxicating wine in memorial of his life-giving blood is one of the strongest bul warks to the support of the custom of social.

wine drinking, and, consequently, of drunken-ness, which is the almost invariable result of noderate drinking. Resolved, That we recognize the existing tem-

perance organizations of the land as fellowworkers, and pledge them our cordial sympathy and co-operation. Resolved, That, realizing the precious reflex

dessings that have come to our hearts and homes from engaging in this work of love, we urge our sisters everywhere to co-operate with our Women's Unions, and to unite with us in banishing from our social circles and culinar preparations, everything that may engender the

laste for intoxicants. Resolved, That, as we deem the circulation o temperance literature of the atmost import ince, we not only disseminate our own paper the Woman's Temperance Union, but endeav or to secure a place in the columns of our secular newspapers, and that we recommend the introduction of the publications of the National Temperance Society into all aur public schools and public fibraries *Resolved*, That we recognize with devout gratitude to Almighty God, the mover in every good work, that Secretary Bristow has so suc esstully exposed the corruptions of the whisky ring in our country.

Lesslved, That we recognize with gratitude he true statesmanship of the Postmaster-General in removing from his department all assis tants addicted to alcoholic beverages. Resolved, That we recommend each State to norialize Congress upon the appointment of National Committee of Surgery to investigate and report the effects of the liquor traffic, and that it shall prohibit such traffic in the District

of Columbia and the territories. Said memo rial to be presented by a committee of one per-son from each State, ou the First of March, Ilevolved. That, whereas the object of just | the United States, I submit the rest to Coa-
