

IMPORTANT TO THE INVALIDS!

IRON IN THE BLOOD.
It is well known to the medical profession that Iron is the vital principle of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupify the brain, will obstruct the liver, and will send disease-producing elements to all parts of the system, and every organ will suffer in whatever organ may be predisposed to disease.

THE PERUVIAN SYRUP
A PROTRACTED solution of the PROTOXIDE OF IRON, A NEW DISCOVERY IN MEDICINE that strikes at the Root of Disease by supplying the blood with its Vital Principle or Life Element—Iron.

THE PERUVIAN SYRUP
Cures Dyspepsia, Liver Complaint, Dropsy, Fever and Ague, Loss of energy, Low Spirits, Debility, and all the ailments of the system, and builds up an "Iron Constitution."
THE PERUVIAN SYRUP
Cures Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder.

THE PERUVIAN SYRUP
Is a SPECIFIC for all diseases originating in a BAD STATE OF THE BLOOD, or accompanied by Debility or a Low State of the System.

Famlets containing certificates of cures and recommendations from some of the most eminent Physicians, Clergymen and others, will be sent FREE to any address.

MANHOOD: HOW LOST HOW RESTORED.
Just published, a new edition of Dr. Carter's "Celebrated Essay on the radical cure (without medicine) of Spermatorrhoea, of Functional Weakness, of Involuntary Seminal Loss, of Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance."
The celebrated author in this admirable essay clearly demonstrates from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
This lecture should be in the hands of every youth and every man in the land!
