**LOCAL COLUMN.**—Every book has a preface; every instrument must be tuned; every young gentleman should love his sister, and if he has no sister, get somebody else's sister "on the brain;" and every department of a paper should have a heading. We therefore baptize this the local column. Here we will give the state of the weather and also the state of our pocket-book, which by the way is badly bent sometimes; deaths and marriages; robberies and murders; puffs, snuffs, grins and smiles.

**BUSH MEETING.**—A Bush Meeting of the United Brethren Church will be held on Saturday August 26th, 1865, in David Sieber's woods three-fourths of a mile North West of McAllistersville on the road leading to Singer's Mill. The friends and public are invited to attend. They will be addressed by Rev. Joshua Walker, P. E. and others. Preaching on Sabbath morning at 10 o'clock and also in the evening.

**THEY ARE HERE.**—The "veteran moods" or "brevet horses" advertised last week in our columns and also by hand bills from this office, for sale on next Friday, are here already and the sale will close off without fail. Come to town and see sights, buy a mule, pay the printer, and go home rejoicing.

**RETURNING TO PEACEFUL LIFE.**—It is with pleasure that we note the return of so many of our brave soldiers to peaceful walks of life. Already quite a number of them have entered into business, some of them resuming their old professions while others are striking out in new branches of industry.

**LOTS OF EXCITEMENT.**—Our town seems to be especially blessed with "something going on." Last week we had two day's horse sale, and the entertainment of the Soldiers' Orphans. This week we are to have a Circus, a Mule Sale, and a good time generally.

**C. S. A.**—The boasted initials of the late so-called "Confederate States of America," mean, according to a late translation, "Criminum Scurum Absquatulatum."

**MAKING FACES.**—We well remember when we were a well spanked youngster, that a very popular and expressive method of showing dislike to a person, was "making faces." In that act, were embodied all the feelings of scorn, hatred and dislike. Times have changed since that time, and now artists "make faces" in order to make a living. We see that Miss Mary Abraham has in successful operation an establishment expressly designed to take faces and enable old and young to secure the shadow etc. the substance face.

**A VALUABLE BOOK.**—Containing the trial of the Assassins and Conspirators for the murder of President Lincoln. This book contains a full and correct report of all the witnesses examined, including the suppressed or secret testimony, with the arguments of Reverdy Johnson, Judge Bingham, and all the arguments on both sides, the verdict of the military commission, and the president's approval, the last dying scenes on the scaffold, as well as a sketch of the life of all the conspirators and portraits of each. The Book is full of engravings. It can be had at Weidman's Book Store. Price, in paper cover 50 cents. Bound one dollar and fifty cents.

**FISHING.**—On Monday last we joined with a party and took a grand fish at Spiece's Dam in Licking Creek. We were rewarded with a fine lot of fish, among which were some nice pike, one of which measured 20 inches.

**VALUABLE FARM FOR SALE.**—By reference to our advertising columns it will be seen that a very valuable farm is offered for sale in Milford township. We know this land to be finely located and of superior quality. Any person desiring a good farm ought to visit it.

**WE ARE THANKFUL.**—We are very thankful to those of our patrons who during the month of July paid us their dues. We are still waiting on some others who seem to be wonderfully slow in taking a hint. It is a great shame to let printers bills stand year after year. Nobody waits on us unless we pay interest. Why should we?

**THE HORSE SALE.**—The horse sale did come off as announced, and brought a great many people to town. The horses sold high—at least so it is said—and the same was reported of the two former sales at this place. We think the Government, having had three good sales in this place, ought to send us another company of these veterans, and give us a chance to get cheap horses.

**A BAD TRADE.**—There is an old saying that it takes two to make a bargain, but the axiom was disputed by a chap in Patterson last week, who undertook to trade a horse with Uncle Sam without getting his assent to the bargain, in consequence of which he has been furnished gratuitous lodging with Sheriff London.

**THE ISSUES OF FIVE CENT FRACTIONAL CURRENCY NOTES** has been discontinued by the Secretary of the Treasury, with a view to bring into circulation the two and three cent nickels, which have been hoarded. Further issues of three cent notes were forbidden by an act passed by the last Congress.

**CAPT. DEGEN'S COMPANY.**—We learn that Capt. Degen's men (292nd Regt.) are at Harrisburg awaiting their pay. The *Telegraph* says the time for which they enlisted will expire in two or three weeks, but the men are willing to go home at once. This report we believe to be untrue—no set of volunteers were anxious to be discharged, and none detected being uselessly quartered in the coal regions to gratify the vanity of an officer more than they, but since they have been detained to the very border of their term, they are not anxious to be discharged at once and thus cheated out of the last installment of bounty which they already deserve. Either we, or the *Telegraph*, have been misinformed. And if Brigadier General Albright wishes to know the opinions of his men concerning his efforts to detain them until this time let him consult them after they are paid off—let him show his face to them when they dare speak.

**LOOK OUT FOR THEM.**—The new fifty-cent notes are already counterfeited and some of the bogus "halves" have made their appearance. Our citizens should be on the lookout for them. They are described as follows: The paper is coarser and thicker than the genuine, and on close inspection is blured and indistinct. The counterfeit may be detected by glancing at the line of stars between the figures "50," at the top and bottom of the back of the note. The stars on the counterfeit have white centres, while the entire stars on the genuine are in green. The reading in black on the face of the genuine note is clear and distinct, while on the counterfeit the bronze is printed on the black, the words "fifty cents" being almost obliterated. These defects can be easily remedied, however, and when the notes become worn and dirty, will no doubt defy detection.

**THIEVES ABOUT.**—On Wednesday night last two men staying at Mr. Will's Hotel were robbed in their bed rooms. One had about \$235 and the other \$165. They said their rooms were still locked in the morning. There has been but little said about it, no reward offered, and a significant silence maintained from which some infer that everybody does not know all that somebody knows about it.

**It is also stated** that Wm. Curren was relieved of some \$20 during the horse sale. He had been in company with some long-fingered gentry. On Friday a young man, well known hereabouts, entered the store of Mr. Kelly in Patterson and pilfered some \$25. The money was subsequently restored and the prosecution squashed. The law ought to be enforced not only against thieves, but also against those who compromise with them. The young man has disappeared for other parts. We feel sorry for his relatives, but we think it high time that the public protects itself by making an example of these long-fingered gentry.—There is no doubt that there is a gang of thieves about our towns, and if the iron grasp of the law is not clasped upon them the citizens will have cause to deeply regret it. The eyes of our citizens are upon a gang of young men, who do not work, earn no money, spend lots of it, live high, and do not get their means honestly.

"Sentinel" Edit., Mifflintown, Pa.

General Thomas has written to Gov. Brownlow, of Tennessee, that he is only awaiting a report in reference to the case of Emerson Etheridge, and if he is guilty of the language ascribed to him he is clearly amenable to the military law.—Attention has been called to speeches made by other parties, and they are under consideration. The Governor is assured that he will be fully sustained in carrying out the policy of the national and State governments.  
Only about 1500 deserters of the draft availed themselves of the pardon offered in the proclamation of the late President Lincoln. The thousands of others still at large are yet liable to arrest and punishment.  
The power to negotiate national loans has been exhausted, but the Secretary of the Treasury is of the opinion that with the reduction of the expenditures of the government, the treasury can be kept in an easy condition.  
Capt. Dean, who escaped from Harrisburg while under court-martial a short time ago, was captured at Sunbury disguised as a negro, and making his way to Canada. He is now in confinement and securely guarded.  
William M. Beeton, Cashier of Carlisle Deposit Bank, committed suicide on Wednesday, by hanging himself.—Cause—temporary insanity.  
The *Chicago Journal* says Gen. Sherman belongs to no religious denomination. His wife is a Catholic, but he has never become a member of any church.  
The *Selinsgrove Times* wants to hang Andy Johnson for permitting the assassins to be hung. It says: "There is not a crime recorded in Fox's Book of Martyrs that is more abominable in the sight of reason and in the light of justice than this trial and this execution."  
It also says that "there was not a man engaged in that military commission, including the President, who gave his voice and vote in favor of the sentence passed, but who, equally with Payne, deserved to be hung by the neck until dead." And the great body of the Democracy say amen!  
The recaptured archives of the State of Tennessee tell many a tale of rebel villainy. Gov. Harris' papers are full of the secret history of the rebellion. Among other papers on file, and indorsed by Harris, is a proposition to assassinate Gov. Johnson, in Nashville.  
The Northern Central Railway Company have contributed \$2500 to assist the borough of York, Pa., to pay for the assessment made upon the citizens by the rebel General Early during the last rebel raid in Pennsylvania.  
In Southern Kansas the people are getting terribly in earnest in putting down thieving. Not long since six thieves were hanged in Franklin County without the least benefit of clergy.  
Hundreds of former residents of Washington, who left for the South on the breaking out of the Rebellion, are now returning to their homes; but very few of them have yet succeeded in obtaining employment.  
The conspirators Mudd, Spangler, Arnold and O'Toaghlin arrived at Hiltou Head on the 26th, bound to the Dry Tortugas.
