

"Eternal Vigilance is the Price of Liberty"

PENNSYLVANIA RAILROAD.—ON AND AFTER MONDAY, MAY 29, 1865, PASSENGER TRAINS WILL LEAVE MIFFLIN STATION AS FOLLOWS:

Table with columns for direction (Eastward, Westward), train name, and departure time.

BOUNTY.—It appears that Juniata County paid \$114,495 as local bounty under the last three calls for troops.

Persons indebted to the estate of T. Shormier, deceased, of Patterson are called on to pay up. See advertisement.

There have been some changes of the places for the Special Sale of Government stock in Philadelphia. See the advertisement.

The youngest child of Governor Curtin died on Wednesday evening last. His remains were to be taken to Bellefonte for interment.

All persons liable to Government tax will do well to read and heed the notice of the collector in another column.—Read the notice and do not claim ignorance of its contents.

OIL MEETING.—The stock holders of the Port Royal Oil Company are requested to meet in Perryville, on Saturday next the 12th inst., at 1 o'clock P. M. for important business.

The Copperhead editors having heard that the secessionists have carried the election at many places in Virginia, declare that the "Democratic prospects are growing brighter." They at once accept rebel successes as "Democratic" triumphs, as they have been doing for the last four years.

MURDER.—A copperhead skeddaddler to Canada from Bedford, lately returned and last week shot a union man named Jacob Crouse in the streets of Bedford. Two brothers of the murderer, one of whom once enlisted in the rebel army sided and encouraged him and they are all lodged in jail. They all belong to one of the first class Democratic families of Bedford. The name is Reed.

THE CEMETERY.—We are requested to state that there having been considerable objection to locating the Cemetery on the hill back of the Presbyterian Grave Yard there will be a meeting held in the Lutheran Church on next Saturday evening at 5 o'clock of all citizens interested to hear objections to this locality or propositions of a preferable one. Let every body turn out.

THE SOLDIERS CASSET.—This is the title of a new magazine now in its eighth number, and heretofore noticed in our columns. It is published by O. W. Alexander, 123 South 3rd St. Philadelphia.—Price \$2.00 per year \$1.00 for six months, 25 cts. for specimen copies sent post free. In sending for the Cassket give the name and date of this paper. It is just the Magazine which our returned soldiers will love to read. Got a copy and see.

HORSE RECOVERED.—Robert C. Gallagher of this place has recovered his horse stolen from him on the 8th of June last. It appears that the thief took the animal to a farmer named Loudensleger near Selingsgrove, saying he was going to see a sick brother in the army and would call for the animal again in four days.—Days past by and the horse became a curiosity and mystery. After two months Mr. Gallagher makes his appearance and solved the mystery. The Selingsgrove Post says the thief disposed of him in this manner because he was closely pursued. The bridle and saddle of Mr. J. Suloff were also recovered with the horse.

DIED.—Joseph W. Martin of Spruce Hill township, a young man of 20 years of age, died at his father's residence on the 28th of July of typhoid fever. He was a member of Capt. McClellan's company, 101st Regt. and came home unwell when the Regt. arrived at Harrisburg and was never able to return. He was a young man of fine prospects, good character and well thought of by those who knew him. His relatives have the sympathies of his late companions in the company.

Vice of all seems to be holding high carnival throughout the country.—Accounts of horrible murders, fiendish outrages, bold robberies, daring incendiarisms, and kindred crimes, stare us in the face in the columns of almost every paper we open. Rape, more horrible in its atrocity than murder, and doubly desecrating of death, is of every day occurrence almost, and in most cases mere children are the victims. War has been a terrible scourge to the country, but instead of improving it has sadly demoralized the people.

S. S. CELEBRATION.—We had the pleasure on Saturday last of attending in a delightful grove below Jerico Mills, a grand Union Sunday School Celebration held by the Union Schools at Happy Hollow, Big Run and Pine Grove. The turn out was large, the discipline and order maintained was all that could be desired, and the singing in some respects went ahead of any thing we ever heard. Short addresses were made by A. H. Weidman, Esq. Rev. R. H. Fletcher, Dr. S. O. Kemper and the Editor of this paper. The company were then invited to a great dinner. The table was 185 feet long and well stocked. After a few hours spent in the usual romp the company dispersed.

COAL AND COAL OIL.—Some of the wise men tell us there can be no coal oil in this section because we have no coal. However we think that the philosophy of the formation of coal oil is far from being established, while the major portion of the old theories are exploded.—We do not consider Stone-coal proof of the existence or non-existence of oil, but even if it were there is no proof that there is no stone coal in our county.—On the contrary there is reason to believe there is coal. Good indications are said to exist about Waterford and other places. A splendid vein is reported to have been opened near the Perry County line across by Spanogle's Tannery. There is also a thin vein of coal to be seen in the rail road cut above Patterson. Indications also exist at McCoyville where they are now boring for oil. We hope that our county may be prospected and if there is anything valuable in or under our hills let it be taken out. In fact we do not see what some of our bills were made for unless it was to hide coal, iron or oil.

MYSTERIOUS DISAPPEARANCE.—It is with mingled feelings which we can not describe that we announce the disappearance of Wm. W. Gingrich of Mexico.—The following appeared in the Harrisburg Telegraph of last Saturday:

A MYSTERY.—Yesterday we published an article from a Baltimore paper, relative to a search that was made in that city for a lost Postmaster from Pennsylvania. A letter received yesterday from Juniata, states that the missing man is Mr. Wm. W. Gingrich, postmaster and merchant, of Mexico, Juniata county. He left home some twelve days ago, stating that he was coming to Harrisburg, since which time his family has not seen or heard of him, nor have they any clue as to the cause of his absence. There are various conjectures afloat concerning this mysterious affair—some persons think he has been foully dealt with, and other believing that he put an end to his existence during a temporary fit of insanity—while others have circulated that he left on account of financial difficulties. The latter cannot be correct, as it is said Gingrich paid out several hundred dollars the day he left home, and had notes in his possession on which he could obtain money due him at any time. Mr. G. was a quiet, sober, honest man, highly esteemed by all who knew him. His family is in great distress on account of the absence of their protector, and have the sympathies of the community in their deep affliction.

We are sorry that developments indicate that the charitable constructions placed upon his disappearance a week ago are now giving place to a settled conviction that he left with a view of defrauding his creditors. Though he had paid a note in bank, yet he had borrowed money wherever he could and had a great deal of money of soldiers. The last that is known of him is that he called at the bed room of Ho-ace Applebaugh at the City Hotel in Harrisburg and borrowed \$15 saying he was going to Baltimore. Although it might be otherwise, yet it seems now to be pretty well settled that he got all the money he could and decamped for parts unknown. It is true that this is utterly at variance with his former character yet facts are daily being developed which point to a settled purpose to carry out this very game. Among others we are out of pocket \$8.00 by the operation.—We feel deeply for his relatives and hence let the matter rest here for the present.

OUR CITIZEN VICTIMS.—We have received a copy of the prison record of Andersonville, Ga. kept by one of our men who was detailed as Hospital Steward, and to whom the country owes a debt of deep gratitude for the complete record. The numbers show that about 13000 gallant patriots died there through the effects of neglect, starvation and rebel barbarity. In this list of Pennsylvania Regiments comprising 1793 of the victims, we recognize the following as citizens of Juniata County:

David Bogar, Sergt. Co. C. 184th Pa. Vol. of Delaware township, died of diarrhoea, Nov. 18th 1865, and his grave is numbered 12,059.

James Leach, private, Co. C. 49th Regt. Pa. Vol., drafted man, of Milford township, died of Anasarca, August 23rd 1864, number of grave, 6,636.

J. M. Mehaffy, private Co. B 16th Pa. Cav. of Beale township, died, September 5th 1864, of Scurvy, grave numbered 8,134.

Elias S. Shively, private, Co. M. 19th Pa. Cav. of Fermanagh township, died of Dysentery, July 27th 1864, grave numbered 4,064.

There may be many others that we do not know, but here are at least four citizens of our county who have been cruelly murdered by inches in one of those slaughter pens of the South. Juniata has a sad interest at Andersonville. Who can tell its horrors? It is the blackest page of rebel history—a page which must forever brand and damn them as among the vilest fiends of the human race.

The "Cops," who are just now so sadly troubled about negro suffrage, were equally concerned a couple of years ago about "soldier suffrage," and even last Fall tried to throw out the votes of these brave men. With them soldiers and negroes were on the same footing at the ballot box.

A note from Jackson, Miss., contains the following expression recently used by Governor Sharkey of Mississippi, who, being asked if he had any objection to its publicity, said he had not, as it is truly stated his sentiments—"I have lost all the negroes I had, some seventy or eighty in number; but, so help me God, I would not cast a vote to restore the institution of slavery."

Governor Holden of North Carolina has addressed a telegraphic dispatch to Messrs. Bate and Hook, now in New York, in the furtherance of immigration to that State, in reply to inquiries made by them regarding the alleged disloyal feeling in North Carolina, in which he says he apprehends no disturbances except in the absence of an effective police, or the withdrawal of the troops. He invites all to come with confidence in the future, and they will be gladly received by the people.

A horrible murder was discovered on Tuesday morning in the village of Oakland, Connecticut. A woman and her daughter were found dead in their beds, which had been set on fire. Their skulls were fractured by blows of an axe, and several wounds made with a butcher knife were found on their bodies. The son of the murdered woman was arrested on suspicion of having committed the murder, and has since acknowledged that he did the awful crime.

Dyspepsia, Dyspepsia, Dyspepsia.

I, ELIZABETH BRANSON, of Bradyville, Del. formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrate with weakness and nervous debility. I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so coactive in my bowels that I would not have a passage in less than four or five days; under this immense suffering, my mind seemed entirely to give way. I had dreadful horrors and evil forebodings. I thought everybody hated me, and I hated everybody. I could not bear my husband nor my own children, everything appeared to be horridly stricken to me; I had no ambition to do anything; I lost all my love of family and home; I would impossibly wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind, from that awful complaint, Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's Hospital, West Philadelphia. I remained there nine weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wishart's Great American Dyspepsia Pills and his treatment for Dyspepsia, my husband called on Dr. Wishart and stated inquest to him. He said he had no doubt he could cure me. So in three days after I called and placed myself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was giving way, and continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely thank you for a medicinal God and Dr. Wishart, and to his Great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or to write, as I am willing to do all the good I can for suffering humanity. ELIZABETH BRANSON, Bradyville, Del., formerly of Old Chester, Delaware County, Pa. Dr. Wishart's Office, 10 North Second Street, Philadelphia.

Dyspepsia! Dyspepsia!

Dr. WISHART.—I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed would be a great relief to die. I had at all times an unpleasant feeling in my lead belly, my sufferings much increased the more I ate, and I became almost unable to do any kind of work, and was continually filled with gloom, thoughts and forebodings, and if I attempted to change their current by reading, at once a tension of my coldness in connection with lead weight, as it were, rested upon my brain; also, a feeling of sickness would come to the stomach, and great pain in my eyes accompanied this, which was the constant fear of losing my reason. I also experienced great lassitude, debility and nervousness which made it difficult to walk by day or sleep at night. I became averse to society and a disapproved only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my present age (45 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, which seem to have effectually removed almost the last trace of my long list of ailments and bad feelings, and in their place health, pleasure and contentment are my every day companions. JAMES M. SANDERS, No. 463 North Second street, Philadelphia, Formerly of Woodbury N. J.

r. W. I. S. H. A. T.'s Great American Dyspepsia Pills.

This is to certify that I have suffered for ten years that dreadful complaint called dyspepsia. I suffered much pain and distress, with gloom and depression of spirits; I was treated by eight different physicians for my complaints and at times was much better, but then the disease, dyspepsia, would return with all its dreadful results, and my whole system was fast wearing away. In this sick and debilitated state, I was handed a circular of Wishart's Great American Dyspepsia Pills, and Pine Tree Tar Cordial, which gave a correct description of my sufferings, and determined to place myself under the Doctor's care, and take his medicines. As soon as I commenced the use of the medicine, I began to get better, and so I continued three months, at which time I was perfectly restored to health. I am to-day a well man. Dr. Wishart, I give you this certificate with a grateful heart for the benefit I have received from the use of your truly wonderful medicines. May God bless you and preserve your truly useful life for many years. I would say to every sick person who is suffering as I was, that my residence is No. 139 Richmond street Philadelphia, where I will take great delight in giving testimony to the great power of Dr. Wishart's medicines to cure. F. H. ALLEN.

The above are a few among the thousands which this great remedy has saved from a premature grave.

We have thousands of letters from physicians and druggists, who have prescribed and sold these medicines, saying that they have never used or sold a medicine which gave such universal satisfaction. Prepared only by the proprietor, Dr. L. Q. C. Wishart, No. 10 North Second Street, Philadelphia, Pa. Sold by all druggists.
