leaves the system to decay. The scrofulous contamination is va-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs at attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and bacome ulcerous sores; in the stomach and bowels, derangements which produce indiboweis, derangements which produce indi-gestion, dyspepsia, and liver complaints; or the skin, eruptive and cutaneous affections, These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrotulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multiput, of publicly known and remarkable cures to has made of the following diseases: King ; Evil, or Glandular Swellings, Tumois Eruptions, Pimples, Blotches and Sore Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberenlous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia Dyspepsia or Indigestion, Syphilis and Sphilitic Infections, Mercurial Disease. Fernale Weaknesses, and, indeed, the who's series of complaints that srise from impurity of the blood. Minute reports of individual cases may be found in Aven's American Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be harned the directions for its use, and some of the remarkable cares which it has not a when all other removies had failed to affect relief. I Those cases are purposely taken from all sections of the country, in order from all sections of the country, in order that every reader may have access to solve one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victima for more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. the average duration of human life. vest importance of these considerations has led us to spend years in perfecting a remove which is adequate to its cure. This we new offer to the public under the name of Arra \* Sarsaranula, although it is composed of ingredients, some of which exceed the best of Saraparilla in alterative power. By its aid you may protect yourself from the suffer ing and danger of these disorders. Purgout the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its pecuhar virtues this remedy stimulates the vitafunctions, and thus expels the distemper-which bork within the system or borst out on any part of it.

We know the public have been deceived by many compounds of Sureperille, that promised much and did nothing; but the will neither be decrived nor disappointed in dant trial, and there remains no onestion of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever boot. evailable to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for

Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients tn advanced stages of the discaso. This has been so long used and so universally known, that we need do no more than assure the rabbe that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
