

The communication from "East End" will appear next week.

OLD SNAP.—The weather has been exceedingly cold for the past few days.—The "Blue Juniata" is frozen over at this point and the prospect of getting our ice hows filled is no longer a matter of doubt.

The following persons were elected officers of the Millfin Bridge Company, for the ensuing year:

President.—George Jacobs. Treasurer.—R. E. Parker. Directors.—E. S. Doty, John A. Gallagher, J. J. Patterson, John Wright, Jacob Sulouff, Wm. Cunningham.

Our Lutheran friends are holding a series of meetings in their church in this borough. We learn that quite an interest is being manifested, and already a number of persons have been, and are still inquiring what they must do to be saved. We hope that great success may crown their efforts, to reform the morals of the community.

RETIREMENT OF THE OLD TREASURER.—Mr. J. B. M. Todd, who for two years occupied the responsible position of County Treasurer, retired from that position on the 1st of January. Mr. Todd, during the term for which he was elected, performed the duties of Treasurer in a manner that is a credit to his talents and to the people. The office of Treasurer is now filled by Major R. E. Parker, who was duly installed on the 1st inst. We hope the Major will discharge his responsible duties as faithfully as his predecessor.

DROWNED.—A melancholy accident occurred a few days since, on M'Atco's mill-dam, near Lewistown. A number of boys were skating, when the ice giving way, Robert W. Shaw was plunged into deep water, from which he could not extricate himself, and was drowned. His body was not recovered until the following day. Deceased was about thirty-two years of age. This sad occurrence should prove a warning to boys against the too prevalent practice of skating when the ice is not in proper order.

MIFFLINTOWN AND PATTERSON MARKETS.

Table with columns for FLOUR, GRAIN, MARKETING, and other market items with prices.

PHILADELPHIA MARKETS.

The market for Breadstuffs continues extremely quiet, but prices have undergone no essential change. FLOUR AND MEAL.—There is but little shipping demand for Flour, and only 1000@1200 bbls. were disposed of at \$9 for Northwestern extra family, and \$10 @10 50 for Pennsylvania and Ohio do. Sales to the retailers and bakers at \$7 25 @7 75 for superfine, \$8 @9 for extras; \$9 @11 for extra family, and at higher figures for fancy lots, according to quality. The receipts are extremely light, and the stock is steadily becoming reduced.—There is very little doing in Rye Flour, but we continue to quote at \$5 74 @5 75 Sales of Corn Meal are entirely nominal. GRAIN.—There is rather more inquiry for Wheat, and prices are steadily maintained. Sales of \$500 bush fair and prime new red at \$2 25 @2 35 @ bush, including some amber at the latter quotation. White may be quoted at \$2 55 @2 75. Rye ranges from 95cts. to \$1.05. The market is very poorly supplied with Corn, and it is in good request at yesterday's figures. Sales of 2000 bush, yellow at 85c., in the cars and from store. Oats are in steady demand at 50 @52c. In Barley and Malt there is nothing doing. Gold closed at 135.

THE NEW YORK TRIBUNE. 1866.

Our most momentous, arduous struggle having resulted in the triumph of American Nationality, the utter discomfiture and overthrow of Secession and Slavery The Tribune, profoundly rejoicing in this result, will labor to conserve the legitimate fruits of this grand, benignant victory by rendering Liberty and Opportunity the common heritage of the whole American People now and evermore.

Discountenancing all unmanly exultation over or needless infliction of pain or privation on the upholders of the lost cause, it will insist on the earliest possible restoration of the Southern States to their former power and influence in our Union on the basis of All Rights for All their People.

It will labor in hope to prove that the substitution of Free for Slave Labor must inevitably and universally conduce to the increase of Industry, Thrift, Prosperity and Wealth, so that the South, within the next ten years, must look back amazed on her long persistence in a practice so baleful as the chattelizing of Man.

It will labor for the diffusion of Common School Education, Manufactures, the Useful Arts, &c., &c., throughout every portion of our country, but especially throughout the sections hitherto devoid of them, believing that every good end will thereby be subserved and the interest of every useful and worthy class promoted.

It will urge the Protection of Home Industry by discriminating duties on Foreign Products imported, with a view to drawing hither the most capable and skillful artificers of our soil, and the naturalizing of all but constant emigrants of production, while it would strengthen and extend those which have already a foothold among us.

It will give careful attention to progress and improvement in Agriculture, doing its best at once to bring markets to the doors of our farmers and teach them how to make the most of the opportunities thus afforded them. It will devote constant attention to Markets especially for Agricultural Products, with intent to save both producer and consumer from being victimized by the speculator and forestaller.

And, giving fair scope to Current Literature to the proceedings of Congress, and to the general News of the Day, it hopes to retain its old patrons and attract many new to bear them company.

We rarely employ travelling agents, as so many employers are habitually prowling in the assumed capacity of solicitors for journals. We prefer that our subscribers shall pay their money to persons they know and of whose integrity they are assured. Any friend who believes he will do good by increasing the circulation of The Tribune is authorized to solicit and receive subscriptions. Specimen copies will be promptly sent without charge to those requiring them, and we trust many friends will be moved to ask their neighbors and acquaintances to join in making up their clubs.
