Tun peculiar thint of infection which we call Schort Ly lurks in the constitutions of multitudes o. men. It either produces or is produced by an en-fe-bled, vitiated state of the blood, wherein that fluid becomes in-

leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, her living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above the venercal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indred, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it statacks. In the lungs, Scrofula produces tubercies, and finally Consumption, in the glands, swellings which suppurate and be-come ulcerous sores; in the stomach and howels, derangements which produce indi-gration dyspensia, and liver complaints; on gestion, dyspepsia, and liver complaints: on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" leadthy, you cannot have scrofulous discuse.

Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for his afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complain is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases. King's Evil. or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia. Dyspepsia or Indigestion, Syphilis and Typhilitic Infections, Mercurial Diseases,

m le Weaknesses, and, indeed, the whole ries of complaints that arise from impurity of the blood. Minute reports of individual ries may be found in Aven's Amenican ALMANAC, which is furnished to the druggists or gratuitous distribution, wherein may be carned the directions for its use, and some of the remarkable cures which it has made when all other remedies had folled to afford relief. Those cases are jurposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its herefits from ety. personal experience. Scrofula deprecess the vital energies, and thus leaves its victims for more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shortenthe average duration of laman life. vest importance of these considerations has led us to spend years in perfecting a remedy which is advante to its cure. This we not offer to the public under the name of Aven-Sansar, milia, although it is compased of ingredients, some of which execut the besof Sarseparilla in alterative power. By its mid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, rurge out the causes of disease, and vigorous health will follow. By its peruhar virtues this remedy standards the vital functions, and thus expels the distancers on any part of it.

We know the public have been deceived out stopping the machine.

Its stitches cannot be excelled for firmness, classicity durability and beauty of finish.

We know the public have been deceived by many compounds of Securioral did nothing; but they promised much and did nothing; but they its surpussing exhibiting for the cure of the news and despatch he cannot be excellent it will Braid, Tuck, Quill, Card, Hem, Fell.
