

The Juniata Sentinel.

WEDNESDAY MORNING, April 11, 1866.
TOWN AND COUNTRY.

The bill to allow street cars to run on Sunday in Philadelphia has been voted down in the Senate.

A slight change was made in the time schedule of the Pennsylvania Railroad on Sunday, April 1st. See advertisement in another column.

B. F. Shellenberger, Esq., and brother Edward, well known manufacturers of Patterson took their departure on Monday morning for the State of Missouri—hope they may find the Eldorado.

The election for county Superintendent will take place at the Court House in Mifflintown, on the 1st Tuesday of May. Those having aspiration in that direction should be making them known.

Mr. SNYDER the obliging landlord of the Pennsylvania Hotel, Patterson, has thoroughly renovated his house and he now feels able to render comfortable all who may favor him with their patronage.

We received a letter from Theo. Runbaugh, Esq., of Walker township, authorizing us to say that his name was used by Wm. M. Atkinson & Co., without any authority from him.

We notice workmen busily engaged in taking up the water pipes in Patterson preparatory to the removal of what is known as the Patterson House—want of room for the growing business of the company is the reason.

J. W. STEVENS, Esq., has removed his store from Perryville to Bridge street, Patterson—room next door to Snyder's hotel. Mr. Stevens is a clever fellow and a good business man, and we bespeak for him success in his new location.

We take pleasure in referring our readers to the advertisement of Mickey & Pennell. They have just received a large stock of print, devines, groceries, &c., which they are selling lower than ever. Read their advertisement and see for yourselves.

"The bard of Avon" in speaking of love, compares it to an April day, which for a while shows all the beauties of the sun, but soon a cloud will come and take it away. How appropriate the comparison—Sunday we had snow, today the sun shines.

We hear it said that the Atlantic and Great Western Railings Company are about to purchase the road from the Pennsylvania Railroad Company with the view of converting it into a rail road. If such is the fact, Mifflin will become an important point. Truly, eternal progress is eternal change.

See advertisement of Drs. Greenwood and Wright relative to dissolution of partnership—advertisement of Union Business College, Philadelphia—advertisement of the secret of catching fish with hook and line—and advertisement of H. B. Zimmerman, in relation to the election of a county Superintendent, all to be found in another column.

The Pennsylvania legislature will adjourn finally on the 12th inst. Among the most important bills passed of interest to the citizens of this county, is the Fish and Poor House bills. The former relates to the free access of shad in the Susquehanna and its tributaries while the latter submits to a vote of the people of the whole county, whether they wish a poor house or not. The election will come off on the first of May.

CONTRACTS.—The contract for repairing the Court House and Yard was awarded by the Commissioners on Friday, 30th ult., to George Jacobs, Esq., of this town for \$4,307.

The contract for building a new bridge at Thompsonstown, was awarded to John Sherlock of Beale township, for \$10,000. The above were the lowest responsible proposals.

MR. GEORGE GOSHEN begs leave to inform the public generally that he still continues to carry on the lumbering business in the borough of Patterson. He keeps constantly on hand lumber of all descriptions used for building purposes, such as white pine and hemlock boards, shingles, plastering lath, scantling, strip plating, roofing lath, paling, &c. You would do well to give him a call before purchasing elsewhere.

LIFE OF ABRAHAM LINCOLN.—Dr. J. G. Holland, formerly known as "Timothy Titcomb," has written a history of the late President Lincoln comprising a full and complete narrative of his eventful life, with incidents of his early history, his career as a lawyer and politician, and his advancement to the Presidency, together with an account of the tragical and unusual scenes connected with the close of his useful life. This work will be published both in the English and German language and will be sold only by subscription. As the agent is now in the county, and as every family will desire to possess this truly valuable work we would advise all to subscribe at once as this will be the only opportunity they will have to secure it.

Mr. Forney, in the Washington *Chronicle*, says:

"It is surmised that if the dead ducks were resuscitated in Connecticut yesterday, the tailor's gross went clear to the bottom."

MIFFLINTOWN & PATTERSON MARKETS

	MARKETINGS.

1866

AN OLD SONG, SET TO A NEW TUNE.

1866.

"As spring approaches
Days and flowers
From their holes come out,
And mice and rats,
In spite of us,
Gotta skip about."

"IS years established in N. Y. city."
"Only reliable remedies known."
"Free from Poisons."
"Not dangerous to the Human Family."
"Rats come out of their holes to die."
