The peculiar taste of infection which we call **Scrophulous**, lurks in the constitution of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their signa action, and allows the system to fall into disorder and decay. The scrophulous contamination is variously caused by mercurial disease, long lying, disordered digestion from indigestible food, impure air, filth and filthy habits, the depressing virus, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation; indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children." This disease, it originates takes various names, according to the organs it attacks. In the lungs, Scrophulous produces tubercles, and finally consumption; in the glands, swellings which suppurate and become necrotic sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaint; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous disorders leave you. With fields, foul, or corrupted blood, you cannot have health; with that "Life of the flesh" healthy, you cannot have scrophulous disease.
Ayer's Sarsaparilla
 Is compounded from the most effective medicines that medical science has discovered for this afflicting disorder, and for the cure of the disorders it entails. That it is superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in its effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tetter, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tubercular deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Scrophulous and Syphilitic Injections, Mercurial Disease, Fungus of the Neck, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in **AYER'S AMERICAN ALMANAC**, which is furnished to the druggists for the gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made with all other remedies, and failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrophulous depresses the vital energies, and thus leaves its victims in more squalid of disease, and its fatal results than any other constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of **AYER'S SARSAPARILLA**, although the compound of herbs, some of which exceed the value of **Sarsaparilla** in alternative power. By its use you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its use, for various other ailments, it invigorates the vital functions, and thus expels the disorders which lurk within the system or burst out on every part of it.
 We know the public have been deceived by many compounds of **Sarsaparilla**, that produced much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more of actual than any other which has ever been available to them.
