# TOWN AND COUNTRY.

WE NEED MONEY .- Will our friends who are indebted to us

D. W. HARLET & Co, have just recelved a large stock of Winter Clothing and are selling them off rapidly at reduced trices. Don't fail to stop and look

Warches, Jeweiry and Silverware, of sue by Henry Harper, 520 Arch street, last acknowledgments: Philadelphia. Reader! give him a call,

THE Lewistown Gagette says: Mr. Black and some other officers of the Peonsylvania Railroad, last week made an examination of the roadied from Reeds. ville to Milroy, with a view, it is hoped; of finishing that portion.

SUDDEN DEATH -A man named McElwee, a resident of the lower end of Huntingdon county, was thrown from his horse a few days ago, near Rough and Ready Furnace, and died almost instantly from the injuries received.

Jos. S. DELL, Clothing Merchant, Philadelphia, keeps constantly on hand a superior stock of Mens' and Boys' Ciothing for wholesale dealers Juniata merchants should call at Mr. Dell's, No. 43 North 3d street. He warrants all Lis

New Goods,-J.B M Todd, has just received filom the Eastern cities a large and well selected stock of Dry Goods, Groceries, &c., which he is selling at his store in Patterson, at very low figures -Persons wishing good goods and cheap goods, should go to Todd's. See his new elvertisement in another column.

Base Balt. - We received a circular from the committee appointed at the Base Ball Convention held at Harrisburg, on the 27th of September, urging upon all Clubs the propriety of electing two delegates to the Annual Meeting of National Association of Base Ball Players, which meets in New York City, on Wednesday, December 12th 1866, at 3 o'clock P. M. Any Clubs wishing to join the State As | Ho sociation can do so by making application to Mr. W. D. Cramet, at Patterson.

WRITTEN NOTICES .- We notice occasionly a written 'Notis' stuck up in some obscure corner, as if the author was ashamed to post it in a more conspicuous place. Any man who writes his notices for a public sale, or things of that kind, and gives economy as a reason, shows a sad deficiency of knowledge. He is 'penny wise and pound foolish,' as nobody but old fogies will stop to read written handbills now a days. If a man has anything to sell and expects to get is value, he must let it be known, and Printer's Ink is the only proper medium.

UNCLAIMED FRACTIONAL CURRENCY. -Treasurer Spinner desires persons who . Thomas Dobbs have forwarded packages of mutilated feartional currency to the Treasury Department, but have not received a reply. announcing the receipt of the package and inclosing the amount of the sum forwarded, to address a letter as before, stating distinctly the amount forwarded, the date of transmittal, and the name and post office oddress of the writer. The officers of the Treasury may thus be enabled to identify a large number of packages now in their possession, the forwarders of which neglected to state their names or post offices.

HIGH PRICES .- Since the close of the war every one has been hoping and looking for a reduction in the prices of the necessaries of life. From present indications, however, the cost of living is likely to be higher than ever during the coming winter. One article only, coal, is cheaper than it has been, while meat, flour, groceries and dry goods have all an upward tendency. The grain crops have been far above the average, and it was thought that breadstuffs would be cheaper, but the poor crops everywhere in Europe, and the waste and destruction of the German war, have created a foreign demand for American grain and run up the prices. The people, then, must meet these high prices with proportionate economy, and the rich should not neglect the poor, for whom there is a hard winter in store.

GRAPE VINES IN WINTER -A correst VENTILATION -It is a common but pondent of one of our agricultural ex- mistaken idea that warm air is impure, change papers says :

those vines that have been laid down freezes because such a degree of cold when compared with those that have not enuses the negatively poisonous carbonic been laid down during the winter, and I acid gas of a sleeping room to settle near for subscription, advertising have found it an invariable rule that the floor, where it is breathed and reand job work, call and settle .- those vines, no matter what was the va- breathed by the sleeper, and is capable of Paper and material for printing riety of grape, which had been detached producing typhoid fever in a few hours. is exceedingly high, and we are from their supporters in late aurumn, and Hence there is no advantage, and always laid down and covered with a few inches danger, especially to weaker persons, in compelled to require prompt depth of soil, or with leaves until the sleeping in an atmosphere colder than settlement of the small bills cold weather had passed in the spring, the freezing point. yielded good crops of grapes, while those that had not been laid down during winalso of an inferior quality.
