The Long Looked For—Come at Last THE CELEBRATED Florence Sewing Machine.

This machine is the most perfect instrument to execute any kind of sewing now done by machinery in the world. It is simple and perfect in its mechanical construction. The feed may be reversed at any point desired without stopping, which is a great advantage in fastening the end of seams. It makes FOUR DIFFERENT STITCHES, Lock, Knot, Double Lock, Double Knot, each stitch perfect and alike on both sides of the fabric. Operators can select any stitch they want and change from one stitch to another without stopping the machine. Its stitches cannot be excelled for firmness, elasticity, durability and beauty of finish. No difficulty experienced in sewing across thick seams. Sewing light and heavy fabrics with equal facility. It will Sew, Quilt, Cord, Hem, Fell, Band, Gather, and sew all kind of stitching required by families and manufacturers. The work will feed either to the right or left without stopping the machine. Most inexperienced find no difficulty in unobscuring it. Terribly practical and unduly in stool. It has no springs to get out of order, and will last a lifetime. It runs easily, and is almost noiseless. It is the most rapid sewer in the world; making five stitches to each revolution. It uses the same size thread on both sides of the fabric. Boils no dresses, all its mackineries being on top of the table. Every machine is warranted to give entire satisfaction, and to do all that is claimed for it.
