

THANKSGIVING.—This day was generally observed by the merchants and mechanics of our town, every place of business being closed.

GOV. GEARY will be inaugurated on the 15th of January next. On the same day a United States Senator will be chosen to succeed the renegade Cowan.

DEER SHOT.—Our young friends Wash and Charley Linthurst and D. P. Minchen of Perryville, went on a hunt one day last week, in Black Log Valley, and succeeded in capturing a fine buck weighing two hundred pounds.

NEW GOODS.—Joseph M. Belford has just added to his stock a splendid assortment of new goods. For quality, variety, and cheapness we believe Mr. Belford's establishment offers inducements superior to any other store in the county.

SENTENCED.—Mack Yeiden, the thief who stole Mr. John McKinley's overcoat from Mr. Will's Hotel in this place, was caught at Harrisburg and after receiving a trial there was convicted and sentenced to pay a fine of one dollar and costs, and go to prison for six months.

TOWN PROPERTY FOR SALE.—The undersigned offers at private sale, his property located on Main street, Millintown, Pa. The improvements are a Dwelling House with Store room attached, &c. Persons wishing to purchase should call on H. D. WELLS, Millintown, Pa.

ACCIDENT.—On Saturday evening last two young men of our town went to McAlister'sville for the purpose of bringing Mrs. Warner to this place to see her sister who was then at the point of death. When returning, the young men say, the horse started and becoming unmanageable ran off, upsetting the buggy, severely injuring Mrs. Warner, and breaking the buggy. Mrs. Warner, though seriously injured, is rapidly recovering.

ECLIPSES NEXT YEAR.—There will be four Eclipses in 1887—two of the Sun and two of the Moon, occurring as follows: Annular eclipse of the Sun, March 6th. Visible here, but visible in Europe, Asia and Africa. Partial eclipse of the Moon, March 20th. Visible here; at 3 o'clock and 42 minutes in the morning. Total eclipse of the Sun, August 29th. Invisible here, but visible in South America and South Africa. Partial eclipse of the Moon, September 12th. Visible here; at 7 o'clock and 20 minutes in the evening.

COUNTERFEIT NOTES.—Counterfeit \$10 notes on the Highland Bank, Newburgh, N. Y., are in circulation. They are poorly done and can be detected.

Counterfeit \$100 notes, on the First National Bank of Boston, Mass., and \$100 notes on Central National Bank, New York City, are in circulation. They are well done, and calculated to deceive good judges.

Counterfeit \$12 greenbacks are in circulation. The engraving is poor and the paper coarse.

Spurious \$5 greenbacks are being flooded over the country, especially in the South. The words "United States," when compared with the genuine, have a scratchy appearance. In general appearance they are well calculated to deceive.

\$20 greenbacks, a good imitation of the genuine, are also being circulated.—The rest of the female in the centre is distinctly seen, and counts four toes, while in the genuine the foot is not visible.

ADVERTISING.—Few persons appreciate the value of liberal and extensive advertising. Yet it is one of the most powerful aids to the business man that can be conceived. For the benefit of those who can't see it, when the use of advertising is discussed, we give the following instance of its value: "The man who invented 'Drake's Plantation Bitters,' and invented the eublastic sign—'S. T.—1860—X'—for them, and daubed it all over the world, has made an independent fortune. Lately he sold out his right in the invention (after having made as much money as he needed), for \$70,000. After the sale, he was to communicate the significance of the wonderful and world renowned hieroglyphics: 'S. T.—1860—X'—Started Trade—1860—X dollars capital. And this is the fact. He started in business in 1860, with a capital of only ten dollars; and by dint of constant and persistent, and unobtrusive advertising, he has amassed a princely fortune inside of a half a dozen years."

JOHN M. THOMPSON has just received at his News Agency, in Perryville, a splendid assortment of Toy Books for children, handsomely illustrated in colors, suitable for Christmas presents. Also, The Old Franklin Almanac for 1867.—This Almanac contains a great variety of statistics, chronological tables and useful matter never before introduced into a work of this kind, and will be a valuable acquisition to every household, store and place of business.—Price 20 cents; mailed free on receipt of price. DAIENED MAY 29, 1866.—This is an article for washing without rubbing, except in very dirty places, which will require a very slight rub, and unlike other preparations offered for a like purpose, will not hurt the clothes, but will leave them much whiter than ordinary methods, without the usual wear and tear.

It removes grease spots as if by magic, and softens the dirt by soaking, so that rinsing will in ordinary cases entirely remove it. This powder is prepared in accordance with chemical science, and upon a process peculiar to itself, which is secured by Letters Patent. It has been in use for more than a year, and has proved itself an universal favorite wherever it has been used.

It saves most of the labor of rubbing, and wear and tear. Also, for cleaning windows it is unsurpassed with one quarter the time and labor usually required. It imparts a beautiful gloss to brass, much superior to any other mode. No water required except to moisten the powder.

Directions with each package. And can be readily appreciated by a single trial. The cost of washing for a family of five or six persons will not exceed THREE CENTS.

Also, Manufacturers of Family Dye Colors. For sale by Grocers and Dealers everywhere. Oct. 17, 1886.
