

The Juniata Sentinel.

WEDNESDAY MORNING, January 2, 1867.

TOWN AND COUNTRY.

CLOSED UP.—The Juniata river at this place, is frozen over, in consequence of which it is confidently expected that bridge stock will come down.

STRANGE.—The fast line on the Penn'a Railroad ran off the track half a mile below Patterson on Thursday evening, and on Friday evening the same train ran off at the same place, causing several hours detention of the trains, but fortunately no injury to any of the passengers.

RECOVERED.—R. C. Callahan, Esq., while at Philadelphia last week lost Government Bonds to the amount of eight thousand dollars but recovered them again on Saturday morning through a little German boy, who found them on the street and was honest enough to restore them to Mr. Callahan.

TEACHERS ASSOCIATION.—The Juniata county Teachers Association will meet in Mexico, on Thursday, January 24th, 1867, at 10 o'clock A. M., and continue in session three days; able lecturers are expected. Let all teachers in the county attend.

EX. COMMITTEE

COL. T. A. STORZ, Vice President of the Pennsylvania Railroad Company, announces that excursion tickets will be issued on the road and on the Philadelphia and Erie Road, to all persons desirous of visiting Harrisburg on the occasion of the inauguration of General Geary, Governor elect.

AN AMUSING TRICK IN LEDGERHOLE MAIN, entitled 'The Printer's Delight.'—Take a sheet of note paper, fold it carefully, and enclose a bank note sufficiently large to pay up arrears. Keep your eyes on the printer, and if you can detect a smile, the trick is a success. We hope some of our delinquents will try this trick.

THE HOLIDAYS.—No annual demonstration indicated the observance of these festive days in either of our boroughs.—The only thing worthy of note was the exhibition of a Panorama of the scenes and incidents connected with the Assassination of President Lincoln and the attempted Assassination of Secretary Seward. These paintings were on exhibition in the Court House, during three nights of last week and drew together very respectable audiences. The paintings are executed in the highest style of art, and received the commendations of everybody who witnessed them.

A DANGEROUS COUNTERFEIT.—A new and dangerous imitation of the five dollar National Bank note has recently been put about. The engraving is said to be finely executed, and the bill, in the main, well calculated to deceive. Still it may readily be detected. In the genuine the group of Columbus and his companions is composed of five persons; in the counterfeit there are but four—the one in the background at the extreme end, and most extreme figure in the group is missing.—In the counterfeit, also, the extended arm of Columbus is without a hand. Bills of this description of five different banks have already appeared, and others will doubtless soon follow.

CONFINED IN JAIL.—Peter Eby was arraigned before Justice Peters, on last Sabbath, to answer the charge of larceny, a warrant having been issued charging him with the theft of various articles belonging to Philip Amig and others. Quite a number of the alleged missing articles were found in his possession, among which was a bag of wheat, buckwheat, potatoes, one saddle, log chain, pins, pencils a patent broom head, etc. Eby attempted to escape, but was retaken. He was unable to procure the bail required, in default of which he was furnished lodgings at the expense of the county. This is the third time he has been confined in jail, once for violating his liquor license; once to await his trial on the charge of murder, and now for larceny.—Eagle County Tribune.

DEATH OF THE LARGEST MAN.—Mr. Jacob Loucks, a respected citizen of Manchester township, York county, and supposed to be the largest man in the country, died on the 5th ult., of apoplexy, at the age of fifty-seven years. He was exceedingly corpulent, and was supposed to weigh about five hundred pounds at the time of his death. His coffin measured thirty-five inches in breadth by twenty-three inches in depth. His weight was not far from that of Daniel Lambert, of Leicestershire, England, which is given at 528 pounds, and who is said to have been the largest man in the world.

A GREAT DISCOVERY.

One of the greatest and most useful discoveries in medical science was made by the celebrated Dr. J. DUBOIS, of Paris, Chief Physician to the Imperial Infirmary of France, in 1831. Those who have been afflicted with the painful disease known as the Pills, and effectually cured by the use of Dr. J. DUBOIS' FEMALE PILLS, cannot speak too highly of the benefits conferred upon them by the use of the certain remedy. It has never been known to fail in effecting a permanent cure in a single case. In this respect it surpasses all other medicines of the kind. It will do just what is recommended for; if not the money will be refunded. One or two boxes is sufficient to effect a permanent cure in four or six days, if the directions on the boxes are followed. Price one and two dollars per box, according to case. Sent by Mail or Express to any part of the United States or Canada. Sold by Druggists generally. A liberal discount made to the trade. Address D. S. DUNHAM & Co. Williamsport, Pa., sole Proprietors and Manufacturers for the United States and Canada. Dec. 5-66.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and all Throat and Lung Affections. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, taken, by return mail, will please address Rev EDWARD A. WILSON, Williamsburg, Kings Co. New York feb. 25-ly.]

Jan. 2-6m.

PATENTED MAY 29, 1866.—This is an article for washing without rubbing, except in very dirty places, which will require a very slight rub, and unlike other preparations offered for a like purpose, will not soil nor red clothes, but will leave them much whiter than ordinary methods, without the usual wear and tear.

It removes grease spots as if by magic, and softens the dirt by soaking, so that rinsing will in ordinary cases entirely remove it.

This powder is prepared in accordance with chemical science, and upon a process peculiar to itself, which is secured by Letters Patent. It has been in use for more than a year, and has proved itself an universal favorite wherever it has been used. Among the advantages claimed for the following, viz:

It saves all the expense of soap usually used on cotton and linen goods.

It saves most of the labor of rubbing, and wear and tear.

Also, for cleaning window-panes it is unsurpassed. With one quarter the time and labor usually required it imparts a beautiful gloss and lustre, much superior to any other mode.—No water required except to moisten the powder.

Directions with each package.

And can be readily appreciated by a single trial. The cost of washing for a family of five or six persons will not exceed three cents.

The manufacturers of this powder are aware that many useless compounds have been introduced to the public which have not only failed in removing the dirt, but knowing the intrinsic excellence of this article, they confidently proclaim it as being adapted to meet a demand which has long existed, and which has heretofore remained unsupplied. Manufactured by:

HOWE & STEVENS, 250 Broadway, Boston.

Also, Manufacturers of Family Dye Colors. For sale by Grocers and Dealers everywhere. Oct. 17-5m.
