Bitten by a Mad Dog.—On Friday last, three members of the family of Wm. Fry, living about a quarter of a mile from Shippensburg, were bitten by a rabid dog. The family observed that something unusual was the matter with the dog, but did not suppose he was mad.—Two of the children went into the yard, when the dog attacked and bit them badly. Mrs. Fry went to their aid, when she also was bitten. The dog then fled from the yard, when an alarm was given. It was pursued and killed.

MURDER.—It becomes our painful duty to chronicle the death of Mr. David Switzer, formerly a resident of Millford township, Juniata county. Some few months since, in company with Mr. William Groninger, he moved to Missouri where they bought themselves a tract of land and were engaged at farming. The two families lived in the same building, and on Monday evening, the 25th ult., as they were gathered around their quiet hearthstone, two desperadoes entered, and with revolvers aimed at the defenseless men, demanded their money. Mr. Groninger immediately sprang out at the door, and before they could realize what object he had in view, was on his way to his neighbors for assistance. When he returned they found Mr. Switzer's corpse, having been shot through the head and body, the house ransacked, and the females almost frantic. The murderers obtained about one hundred and twenty-five dollars. Every effort was made to capture the offenders, and the following extract will show how far they have succeeded:

Saint Louis, March 1st, 1867.—A special to the *Democrat* this morning, from Warrengburg, Mo., states that Dick Sanders, the notorious desperado, "The Knight of Four Revolvers," was found hung by the neck from a tree, in the vicinity of the late murder, he being, as rumor says, captured in the house of his brother in law, by a posse of over sixty men, some of whom identified him as one of the murderers of Mr. Switzer on Monday last. Sanders made no confession, but enough was obtained from him to show that he belonged to a gang of thieves and desperados whose late exploits of mader and horse stealing have created so much terror in this adjoining country. His companions in crime succeeded in escaping across the Missouri river west of Lexington. Great excitement exists in the vicinity, and a large mass meeting was held in the court house yesterday afternoon, participated in by persons of all parties, and a determination was come to, to immediately form vigilance committees throughout the county and western part of the State.—Among those who are at the head of the committee are men who were prominent in the committee at San Francisco, California, in 1858.

The communication from Justice will appear in our next issue.

NEW COUNTERFEIT.—The detectives of the Treasury Department have discovered a new counterfeit on the \$10 notes of the national bank currency. The notes detected purport to be the issue of the Flour City National Bank of Rochester, New York, and are said to be exceedingly well executed, and are likely to deceive.

FATAL RAILROAD ACCIDENT.—We learn that Mr. John U. Hamilton, Division Foreman at Newton Hamilton was instantly killed on last Monday. It appeared that Mr. Hamilton was standing on the track while trains were coming from different directions, and it is supposed that he noticed only the one train and stepped from in front of it to be run over by the other. Mr. Hamilton formerly resided in Mifflin and was a highly respected citizen.

IMPORTANT.—As the season for removals will soon be at hand, the following clause of Section 69, of Act of July 13th, 1866, may be of interest to persons doing business requiring a Revenue license or special tax receipt, who contemplate a removal.

"And in case of the removal of any person or persons from the house or premises from which any trade, business or profession was taxed, it shall be lawful for the person or persons so removing to any other place, to carry on the trade, business or professions named in the tax receipt at the place provided such person or persons may invest without payment of any additional tax."

ARREST OF MATTHEWS.—Joseph Matthews was arrested in Indiana County, Pa., on Sunday last, by David Lutz and Col. Piper, of Altoona. The *Huntingdon Globe* says:

"Joseph Matthews, of Shirley Township, who on the 23d of October last, burst down the barn of Wm. P. Goshorn, in Tell Township, and shot and killed his two horses and one cow, was arrested and brought to jail on last Monday evening. He had been followed by a Mr. Luiz, of this county, with two others, to the residence of his uncle in Indiana County, where he was taken without any resistance, notwithstanding his bragadocio to the contrary. Matthews is a man of about forty-five years of age, and presents at present nothing but a bravo's countenance. When questioned last evening as to why he burned the barn, he boldly replied he did not know he was committing an offense; and when asked why he took revenge on the innocent animals, he said that having set the barn on fire he was wild with excitement and he did not know what he was doing. He will be tried at the April sessions, so we will forbear further comment, only adding that he has little or no sympathy in this community."

"A reward of \$300 had been offered for his capture by the County Commissioners, which sum we believe was augmented by rewards from the people of the lower end of the County."

The total reward offered for the arrest of Matthews, so far as we can learn, was \$600, as follows: \$300 by the Commissioners of Huntingdon County, \$100 by citizens of Tell township, and \$200 by the Commissioners of Juniata County—Mount Union, (Huntingdon County) Times.
