A union of lakes, and a union of lands,
A union no power shall sever;
A union of hearts, and a union of hands,
And the American Union forever!

WEDNESDAY MORNING, MARCH 27, 1867.

H. H. WILSON, Editor and Publisher.

THE JUNIATA SENTINEL has the largest circulation of any paper published in this County. It is therefore the best advertising medium. It is a paper, truly loyal, ably conducted, a first class localist, and well worthy of the patronage of every loyal citizen in the County.

THE INDIANS.

The Government is making active preparations for an Indian campaign this Spring, and there is a prospect that in some quarters, at all events, the war will be sharp and bloody. A force of 2,000 men, under Gen. Gibbon, is ready to move into the country about the head waters of the Powder and Yellowstone Rivers, where the Sioux have long been in a chronic state of hostility. A party of peace commissioners are now visiting these bands, and the troops only await their return to decide whether to open the campaign or not; there seems to be little hope that the commissioners will succeed in their errand. In the Department of the Mississippi Gen. Hancock is about to proceed in person with 1,500 men to the country of the Cheyennes and Kiowas, south of the Arkansas. His course there will depend upon the result of a conference which he proposes first to hold with the tribes. If the result be war, the language of Gen. Sherman in speaking of these two expeditions will enable us to prophesy its character. We cannot act upon the defensive with Indians, he says; we must get among them, kill enough to inspire fear, and remove the rest to places where Indian agents can reside among them and be responsible for their conduct. Death or Indian agents; what an alternative!

NEW YORK CUSTOM-HOUSE.

A Committee appointed by the last Congress to investigate the affairs of the New York Custom-House, as will be remembered, made startling disclosures of corruption, in which Collector Smythe, Senator Doolittle, Senator Patterson, (the President's son-in-law,) and a Mr. Perry, a friend of the President, was mixed up. After the Committee made its report the two Senators, in their places, ventured upon denials, taking care not to cover the points actually charged upon them. Mr. Smythe at last appeared before the public in a card, protesting his innocence, and aspersing the Committee. Mr. Hulbard rejoined, damaging the Collector beyond the possibility of recovery. It is now reported from Washington that the feeling in Congress runs very strong against Mr. Smythe, and that if the President does not remove him, he will be impeached.—As we read the accounts, the President is as much at fault as the Collector. What better right had the President to ask to have his daughters and his female favorites provided for corruptly, through the Custom-House, than the Collector had to conclude the infamous arrangement?

MEXICO.

GALVESTON, March 29.—A special Vera Cruz despatch to the Bulletin, dated March 15, says Bazaine and the last of the French left Vera Cruz on the 12th. The French iron-clads, Magenta, Magnanime, and the Flinders, and a fleet of gunboats are still at Vera Cruz, to sail on the 16th. The Liberals are investing the city, having possession of the railroad and water works. An attack is daily expected. A number of the Imperialists have chartered a vessel to be ready at any moment, to take them out of the country. No person is allowed to leave the city by the gates, and it is difficult to obtain news from the interior. It is expected that in a few days Vera Cruz will be in possession of the Liberals. Tampico is still occupied by the Imperialists. Every thing is quiet there.

NASHVILLE, Tenn., March 21.—The Supreme Court rendered a decision today sustaining the franchise law of the last session of the Legislature. The decision is contrary to the expectation of the Conservatives. The Radicals are elated and the Conservatives despondent.

In consequence of rains the repairs to the Nashville and Chattanooga Railroad have not progressed as rapidly as expected. Trains will, however, be running through by Saturday.

GENERAL BANKRUPT LAW.

One of the acts of Congress which closed on the Fourth of March, was the passage of a general bankrupt law. This measure has been agitated for several years past, but has always failed to secure sufficient support until this winter. It became a law during the closing hours of Congress.

The new law is intended for the relief of honest debtors. Under its provisions any person whose debts exceed the sum of three hundred dollars, may become a voluntarily bankrupt, and be relieved from the claims of creditors by the delivery for distribution of all his assets.

The proceedings for the discharge of bankrupts by this law are placed under the supervision of the United States Circuit Courts, with a subordinate supervisory officers to be appointed in each Congressional District to be appointed by the Chief Justice of the Supreme Court to be called a Register. To the Register the party desiring to avail himself of the relief of the bankrupt law makes application, and by the creditors an assignee is appointed into whose hands the bankrupt turns all his property for distribution.

The bankrupt can reserve to himself household and kitchen furniture and such other articles as he may choose not exceeding in value five hundred dollars, also the wearing apparel of himself and family, and military equipments, if he had any, and such other property as may be exempted from attachment and seizure under the laws of his State.

Distribution of the assets of the bankrupt is made in the following order: all costs of the proceedings in bankruptcy; all debts due the United States; all debts due the State; wages due to any employee of the bankrupt for a period not exceeding six months immediately preceding the commencement of proceedings of bankruptcy, and to an amount not exceeding \$50,000. The balance to other creditors according to the amount of their claims, and without preference on account of date or any other cause.

The bankrupt then receives from the Court, a certificate of discharge and can commence the world anew in business relations without fear of old and unsatisfied judgments. No bankrupt can avail himself a second time of the provisions of the law, unless his assets will reach seventy per cent. of his debts. All debtors whose claims have been credited by failure in a fiduciary capacity are precluded from relief under this act.

The law is only intended for the relief of honest debtors. Hence, in order to avail himself of its benefits, the party must make a fair, full and bona fide delivery to the assignee for the benefit of his creditors, of all his effects, otherwise he is debarred from the benefit of the law, and made liable to heavy penalties beside. All fraudulent proceedings designed to defraud creditors, and all acts intended to prefer or secure one creditor at the expense of any other, will not entitle debtors to the relief extended by the law, but are positively forbidden.

The law is of course very lengthy, and embraces many details, but the above are its leading provisions. It will be well for the public to become familiar with and remember them, for they closely concern every business man.

AGRICULTURE.

The Monthly Report of the Agricultural Department for February contains tables showing the average yield per acre of cereals in the respective States last year. In wheat the highest average was in Nebraska, at 26 bushels. In Pennsylvania the average was only 11 bushels.—Of all the Middle and Eastern States Vermont was highest, going up to 29 bushels. Kansas was highest in Rye, yielding 26 bushels. Pennsylvania stood at 15 bushels. Vermont led the Eastern and Middle States, standing at 18 bushels. In Barley Nebraska was ahead, yielding 35 bushels. Pennsylvania stood at 20. Vermont went to 29; ahead of all the Eastern and Middle States. In Oats, Nebraska was foremost, standing at 47. Vermont stood next, at 39. Pennsylvania, 33. In corn, New Jersey was highest, at 43. Pennsylvania stood at 34 Illinois at 21. Indiana at 36. Ohio at 33. Those 100 bushels to the acre, that used to be bragged about, did not appear. In buckwheat, Vermont was highest, at 30. Pennsylvania was at 21. In Potatoes, Florida led, showing an average of 187 bushels. Maine averaged 156, Vermont 148, Pennsylvania 90, while Colorado went to 175, and Utah to 163.

In cereals, the average yield in this country is one hundred per cent. less than in England, and fifty per cent. less than in France.

—There is some talk that Ex-Senator Foster, of Connecticut, will receive the nomination of Minister to Austria, in place of Mr. Motley, resigned.

A NEW LICENSE LAW.

Below we publish three sections of the new license law. Hotel and Restaurant Keepers should be governed by their provisions in their applications for license at the April session of court:

A FURTHER SUPPLEMENT to an act further to regulate the granting of licenses to hotels and eating houses, approved March thirty-first, one thousand eight hundred and fifty-six.

SECTION I. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That when an application is made to any court of quarter sessions of this Commonwealth, for license to sell intoxicating drinks, it shall be lawful for said court to hear petitions, in addition to that of the applicant, in favor of, and remonstrances against, the application for such license, and in all cases to refuse the same whenever, in the opinion of said court, having due regard to the number and character of the petitioners for and against such application, such license is not necessary for the accommodation of the public and entertainment of strangers and travelers, and upon sufficient cause being shown, the said courts shall have power to revoke any license granted by them, and all laws inconsistent with this section are hereby repealed: Provided, That the sureties in the bond, required of the applicant for license, shall be signed to his petition.

SEC. 2. That applications for license to keep an eating house, beer house or restaurant, authorizing the sale of domestic wines, malt and brewed liquors shall hereafter be made in the same manner and to the same authority as application for licenses to keep a hotel. That the regulations in relation to bed rooms and beds shall not apply to applicants for an eating-house, beer-house and restaurant license, and the tenth section of the act of twentieth of April, one thousand eight hundred and fifty-eight, authorizing county treasurers to grant an eating-house or retail brewery license, is hereby repealed.

SEC. 3. No license to keep an eating house, beer house or restaurant, under the provisions of the second section of this act, shall be granted in any incorporated city for a less sum than fifty dollars, nor elsewhere for a less sum than twenty dollars.

NEWS ITEMS.

—Mr. Wade is the forty-second President pro tempore of the Senate.

—It is reported that a negro named Adam Page died in King George county, Va., on the 11th inst., aged 122.

—A correspondent of the Troy Times states that there is still a revolutionary soldier living—Frederick Bakeman who is 111 years old.

—Ex-Governor Curtin sailed from New York for Havre on Saturday, intending to be absent, for the benefit of his health, four months. His family, in his absence, will reside in Philadelphia.

—The Legislature of Illinois, at its late session, having passed a law making eight hours a legal day's work, the master mechanics and builders of Chicago held a meeting on Saturday and determined to employ by the hour.

—The French have at last left Mexico; not as they entered it with loud vauntings and gay visions of the imperial throne they were to plant, but with trailed banners and confessed defeat.

—The pay and allowance of the gentlemen who wear stars and shoulder-strap in our army on its peace footing are reported to be as follows:

General Grant, \$18,120; Lieut Gen. Sherman, \$14,814; Major Gen. Halleck, \$7,717; Major Gen. Mead, \$7,717; Maj. Gen. Sheridan, \$7,717; Major-General Thomas, \$7,717; Brigadier-Gen. McDowell, \$5,517; Brigadier Gen. Rosecrans, \$5,517; Colonels, \$4,500; Lieutenant Colonels, \$3,994; Majors, \$3,765; Captains, \$3,049; First Lieutenants, \$2,713; and Second Lieutenants, \$2,658.

—The Bankrupt bill is now a law, but no applications for the benefit of it can be made before the 1st of June. It is stringent in its provisions to prevent fraud against creditors, but liberal in its exemption of property for debtors.

—The age of miracles has returned. Negroes have held a political meeting in South Carolina—in Charleston, the very citadel thereof. This meeting was lovingly addressed by representative men of the chivalry; and the blacks responded with enthusiasm. The democratic "courting" of the negroes has publicly commenced. We shall see what off-spring will ultimately come of it.

—The Senate has passed the House supplemental Reconstruction bill, with some modifications. The Senate bill provides that when the people of any of the rebellious States vote for delegates to a Convention, they shall also vote for or against a convention, and if a majority vote against it, then no convention can be held and the State shall remain under military government. The amended bill has passed both Houses. Under this amended bill each State will be compelled to determine its own status by a vote of the qualified people.

THE RETIRING SENATORS.

The present State Senate is composed of 21 Republicans and 12 Democrats, giving the Republicans a majority of 9. With the close of the present session, eleven Senators will retire by expiration of their terms, as follows:

- 3. C. M. Donovan, D.
- 5. Horace Royer, R.
- 6. Oliver P. James, D.
- 7. Geo. B. Schall, D.
- 8. J. De Pay Davis, D.
- 9. Wm. M. Randall, D.
- 14. John Walls, D.
- 21. Louis W. Hall, R.
- " Kirk Haines, R.
- 25. T. J. Ewingham, R.
- 29. M. B. Lowry, R.

Of the retiring Senators, six are Democrats and five Republicans, and any ordinary election would return men of like political faith in all the districts but the 14th, (Lycoming, Union and Snyder,) where a Republican should be chosen and thus add two to the Republican majority in the next Senate.

THE Board of Commissioners now offer for sale 526,000 acres of Agricultural College Land Scrip, being the balance of the Scrip granted to the Commonwealth of Pennsylvania for the endowment of Agricultural Colleges in this State.

Proposals for the purchase of this Land Scrip, addressed to "The Board of Commissioners of Agricultural Land Scrip," will be received by the Surveyor General's office, at Harrisburg, until 12 o'clock, M., on Wednesday, April 10, 1867.

This land may be located in any State or Territory, by the holders of the scrip, upon any of the unappropriated lands of the several States of the United States, which may be subject to sale at private entry. Each piece of scrip represents a quarter section of one hundred and sixty acres, is issued in blank, and will be transferable, without endorsement or formal assignment. Bids must be made as per acre, and no bids will be received for less than one quarter section.

The Scrip will be issued immediately on the payment of the money to the Surveyor General. On all bids for a less quantity than 40,000 acres, one-third of the purchase money must be paid within ten days, and the remaining two-thirds within thirty days after notification of the acceptance of the bids by the Board of Commissioners. JACOB M. CAMPBELL, Surveyor General.
