The Long Looked For—Come at Last

THE CELEBRATED

Florence Sewing Machine.

This machine is the most perfect instrument to execute any kind of sewing now done by machinery in the world. It is simple and perfect in its mechanical construction. The feed may be reversed at any point desired without stopping, which is a great advantage in fastening the end of seams.

It makes FOUR DIFFERENT STITCHES, *Lock, Knit, Double Lock, Double Knit*, each stitch perfect and alike on both sides of the fabric.

Operators can select any stitch they want and change from one stitch to another without stopping the machine.

Its stitches cannot be excelled for firmness, elasticity durability and beauty of finish.

No difficulty experienced in sewing across thick seams.

Sews light and heavy fabrics with equal facility.

It will *Braid, Tuck, Quilt, Cord, Hem, Fell, Bind, Gather*, and sew all kind of *Stocking* required by families and manufacturer.

The work will feed either to the right or left without stopping the machine.

Most inexperienced find no difficulty in embracing it.

Will do every practical and undesirable in sewing.

It has no *springs to get out of order*, and will last a lifetime.

It runs easily, and is almost noiseless.

It is the most rapid sewer in the world; *making five stitches to each revolution.*

It uses the same size thread on both sides of the fabric.

It fills no drawers, all its machinery being on top of the table.

Every machine is *warranted to give entire satisfaction*, and to do all that is claimed for it.

Miss CARRIE E. STEPHATSON is the agent for this county. By calling at her residence on Main Street, Mifflintown, one of these machines can be seen in operation.
