THE JUNIATA SENTINEL TO Is the Largest Circulation of any paper pub lished in this County. It is therefore the best advertising medoms. It is a Paper, truly loyal, ably conducted, a first class Localist, and well worthy of the patronage of every lovalcitizen in the County.

THE COUNTY PRINTING LAW.

The law enacted by the last Legislature in reference to the public printing of Juniata county, is one that meets the approbation of all liberal-minded and just men of both parties. In years past when there was only two newspapers-the JUNIATA SENTINEL and the Juniata Register published in the county, the public advertise ments were published in both papers, and both parties were thus afforded an opportunity of reading them, but after the Juniata True Democrat was established these advertisements were given almost entirely to the two Democratic organs, only a few appearing occasionally in the SENTINEL. Although the Republican citizens of the county paid fully one-half of the taxes they were debarred the privilege of reading the advertisements unles they subscribed for one of the Democratic papers. Notwithstanding it is evidently the true intent and meaning of the old law that the legal advertisements shall be published in one each of the papers of the two leading political parties, yet the law does not say so, consequently the county officers shielded their action behind its broad and indefinite construction.

The Republicans paid their taxes-a part of which was appropriated for payment of county advertisements which they seldom if ever seen, and from which they derived no benefit, but the County Commissioners could see no necessity for States. inserting the public advertisements in more than two papers. This was all right and the public were satisfied. But a new move was made about a year ago. Another paper was started—the Janiata 1st, 1867, at 9 o'clock, after due consulthe work that can be done on any high prices Republican-in the interest of this same tation it was unanimously agreed, that we machine, and is fully patented, licensed and Democratic party. And now we ask, have not the tax payers a right to demand that the advertisements for which they are taxed to pay shall appear in the three newspapers having the largest circulation in the county?
