TALL TIMOTHY .- Mr. George Ubil, of Spruce Hill township, brought into our office one day last week, a stalk of Timothy measuring five feet one and a half inches. Who can beat it?

ATTENTION is directed to the following new advertisements in to-day's paper :

THE Lutheran Sunday School of this place held a celebration on Thursday last. The attendance of scholars, teachers and vicitors was large. The Juniata Cornet Band accompanied them to the grove, and enlivened the occasion with some excellent music

Accident -On Senday afternoon last as a son of Mrs. Contad was riding a horse to water, the lad became frightened and letting himself fall off, broke one of his legs He was taken to Richardson's burber shop, where the fractured limb was attended by Dr. Crawford.

FIRE.-On Thursday night of last week the large Tannery, in Tuscarora township. known as "Bechtel's" and owned by our young friend Harry Bechtel, caught fire and was burned to the ground. It is not known how the fire originated; by some, it was thought to be the work of an iucendiary. The loss is heavy but we believe it is nearly covered by insurance. | wippilytowy & partypsoy Mapyers

SHORTS-Under this head an exchange says:

"Our receipts from the 1st of April to the 1st of July were insufficient to pay the bands and paper bills,"

REMARKABLE COW .- Mr. George Stra ley, of Paradise township, owns a cow of the ordinary species which is most re markably prolific. She is now about elev en years old. At her third year she had her first calf, and since that time she has had nineteen, making in all twenty calves in about eight years. This seems almos incredible, but it is vouched for by relia ble persons .- York Gazette.

REVOLUTION ! REVOLUTION !

Con. E. FREY, of West Virginia, Pres't. L S. FARNSWORTH, Secretary. GEO. STABTMILLER, Indiana county, Gencral Agent.

A splendid opportunity for a secure and moderate investment of capital is now offered by this Company to Tanners and Capitalists of large as well as moderate means, as the Company is now prepared, after a successful test of Hickel's improved system of tan] ning in several counties in this State and ad-joining States, to offer for sale some terri-tary within this State, Tennessee, Texas, Or-Lagics' Gaiters and Shops.

Hickel, Esq., legally transferred to this Company for this and the other State and Territories mentioned.

The successful workings of this great discovery has been demonstrated in every in-stance, wherever fully and thoroughly tested, and has given and now gives general and universal satisfaction, both as to quality of leather and the saving in part of the former expen-sive material—bark, as can be seen by the attached certificates. This is the only tem ever introduced which is warranted as to its virtue by the proprietors.

We warrant to manufacture Sole Leather in Ninety days, Harness Leather in Fifty days Bridle Leather in Forty days. Upper Leather in Thirty-Five days, Kipp Leather in Thirty days, Calfskin in Twenty to Themty-Five days, Sheepskin in Two to Three days.

We warrant to save one third in heavy, and one-half of the back farmerig used in light stock, making heavier leather than can be manufactured with back alone. A superior quality of leather is also warranted to be made under this system. No alterations are necessary or required in

the yard or in the manner of manufacture, but a great saving of labor is attained by not being required to "lay away." and this
