NEW FAMILY Sewing Machine.

The superior merits of the "Singer" Machine over all others, for either family use or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINES, which has been over two years in preparation, and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as incomparably the best Sewing Machine in existence. The Machine in question is simple, compact, durable and beautiful. It is quiet, light running, and capable of performing a range and variety of work never before attempted upon a single Machine,—using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for hemming, braiding, cording, felling, quilting, felling, trimming, binding, &c., are novel and practical, and have been invented and adjusted especially for this Machine.

Machines always kept on hand at my Tailoring Establishment, second story Sulouff, Frow & Parker's Store, Bridge Street, Millintown, Pa., for the inspection of the public, and for sale at the most reasonable prices. Machine Cotton, Needles, Thread, Oil, &c., and everything pertaining to this Machine constantly kept on hand for sale.
