A DUN.—Persons indebted to us for subscription, job work or advertising would confer a favor by settling up on court week. We have a large amount of money in small sums, scattered all over the county and we hope our friends will endeavor to pay up as we are sadly in need of money. Don't forget it on court week.

ARRESTED—A man by the name of John Raymond was arrested at McAlisterville one day last week by the Chief of Police of Harrisburg. The charge against him was for desertion and failure to support his family. He was taken to Harrisburg, where he entered bail in the sum of four hundred dollars for the maintenance of his family and was discharged.

ACCIDENT.—On Tuesday of last week, while Miss Alice Dewees, of Patterson, was in the act of reaching some goods from a high shelf, for one of her customers, the stool on which she was standing came apart, throwing her to the floor and onto one of the rounds with great force. The round entered her side making a dangerous and painful incision some three or four inches deep. The young lady is recovering slowly.

ONE day last week a son of Mr. Samuel Strayer, of Patterson borough, aged about three years, in company with several other boys, while playing along the river shore where the water is deep, fell in, and had it not been for the timely assistance of one of the older boys, would have drowned. Parents cannot be too careful to keep their children away from the constant dangers in that borough—the river and the railroad.

BASE BALL.—The Pennsylvania Base Ball Convention meets at Harrisburg on Wednesday, the 16th of October. Delegates on the Pennsylvania Railroad will pay full fare going, and be returned free. Each Club is entitled to two Delegates. Clubs are particularly requested to notify the Secretary, D. D. Domer at Harrisburg, as early as possible of their intention to send Delegates, so that a sufficient number of "return tickets" may be procured.

BASE BALL.—A match game of Base Ball for the Champion Bat of Juniata and Millin counties was played on Saturday last between the Mechanic B. B. C. of Patterson, and the Social B. B. C. of Millintown, on the grounds of the latter, which resulted in a victory for the Mechanics, though very ably contested by the Socials. Owing to the weather having been so bad for the past week, the Socials did not have a chance to get the ground in good playing condition, there being several places that needed filling up, and the grass should have been cut by all means, it being so high the players could scarcely run through it without falling. We hope to see the ground in much better condition when the next match game is played. The following is the score made by each Club:

COMING BACK FROM THE WEST.—The Hanover Spectator of yesterday says:—Last week we witnessed the return of a number more of those misguided individuals who left this section a short time since for the West—that wonderful El Dorado of the emigrant. They state that they are the advance guard of a numerous party who will shortly return here from that far distant section. If things continue at this rate, the "Western fever" will shortly be played out in this latitude.

PATENT SPRING MOP.—Every house-keeper in the county should have one.—It is the lightest, most convenient and durable scrubber we have ever seen. It is constructed of a single handle with a spring at the end which holds a strip of gum or elastic belting. When rubbed over the floor it takes off all the dirt, grease, etc., and at the same time dries up the water. The Mop cost one dollar and will last for years. Messrs. Seyon and Meloy, of Patterson, have purchased the right of several counties. We have used one of these Mops and can recommend it to the public. [aug. 14-3t.]

All Collectors of County Taxes prior to 1867, are required to settle their respective Duplicates on or before Tuesday, of the September Court—suits will be brought immediately after the above date against all delinquents. A Young Lady returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft, ruddy complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any lady's toilet. By its use any lady or gentleman can improve their personal appearance a hundred fold.—It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Price \$1, sent by mail or express, on receipt of an order by W. L. CLARK & CO., Chemists, No. 3 West Fayette St., Syracuse, N. Y. The only American Agents for the sale of the same. A GREAT DISCOVERY.—One of the greatest and most useful discoveries in medical science was made by the celebrated Dr. J. Dupuis, of Paris, Chief Physician to the Imperial Infirmary of France, in 1861. Those who have been afflicted with the painful disease known as the Pills, and effectually cured by the use of Dr. J. DUPUIS' FEMALE PILLS, cannot speak too highly of the benefits conferred upon them by the use of the certain remedy. It has never been known to fail in effecting a permanent cure in a single case. In this respect it surpasses all other medicines of the kind. It will do just what it is recommended for; if not the money will be refunded. One or two boxes is sufficient to effect a permanent cure in four or six days, if the directions on the boxes are followed.—Price one and two dollars per box, according to case. Sent by Mail or Express to any part of the United States or Canada. Sold by Druggists generally. A liberal discount made in the trade. Address D. S. DUNHAM & Co.
