GROVER & BAKER'S
SEWING MACHINES

Were awarded the highest premiums at the State Fairs of
New York, Kentucky,
Vermont, Tennessee,
New Jersey, Missouri,
Pennsylvania, Alabama,
Ohio, Mississippi,
Indiana, Virginia,
Michigan, North Carolina,
Wisconsin, California,
Iowa, Oregon.

At the Fairs of the American Institute, Franklin Institute, Mass. Mechanics' Association, Penn. Mechanics' Institute, St. Louis Agricultural and Mechanics' Association, and at numerous Institutes and County Fairs, including all the Fairs at which they were exhibited the past three years. First prizes have also been awarded these Machines at the exhibitions of London, Paris, Dublin, Lin. Linz, Besancon, Bayonne, St. Diar, Chalons, and they have been furnished, by special command, to the Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.

The GROVER & BAKER Elastic-Stitch Sewing Machines are superior to all others for the following reasons:
1. They sew with two threads direct from the spool, and require no rethreading.
2. They are more easily understood and used, and less liable to derangement than other machines.
3. They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.
4. The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.
5. This stitch, owing to the manner in which the under thread is wrought, is much the most pliant and beautiful in use, and retains this pliancy and beauty even upon articles frequently washed and ironed until they are worn out.
6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.
7. Unlike other machines, these form both ends of the seam by their own operation.
8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.
9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practised, execute the most beautiful and permanent embroidery and ornamental work.

DOTY'S CLOTHES WASHER AND Universal Clothes Wringer.

The best and most popular Machine ever invented. All Washers warranted to give satisfaction. If not as represented, the washer will be taken back and the money refunded.

In offering the Washer we present you the following alternatives:
1. Either to make a woman work all day at the hardest drudgery, dangerous to health and life, fifty-two days in a year—or buy a Machine for her, with which she can do the same work in two hours and at the third *Cent's Health*.

2. Either buy goods to be rubbed to fragments on the wash-board, or buy a Machine that will cleanse without injuring garments, and so pay for itself three times a year.—*Consistent Economy.* Sold by J. B. M. TODD, Patterson, Pa.

Read what our neighbors have to say: PENNSYLVANIA HOSIERY, PATTERSON, JAN. 28, '67. J. B. M. TODD, Esq.—This is to certify that the Doty's Clothes Washer of which I purchased from you will do all that is recommended if the direction for washing is strictly observed, especially for heavy clothing, one person can wash as much in an hour with ease as they would do in six hours by hand or common rubber. It is a great savor of clothes and time. There is neither friction in washing or strain in wringing. Boys or Girls of 12 to 14 years old can do the washing. F. M. MICKELLY.

Mr. J. B. M. TODD—Sir: Since I have purchased Doty's Clothes Washer and Wringer from you, wash-day is no more dreaded by my wife as my little girl 14 years of age can do my washing of 9 persons, in from two to three hours, which used to take my wife all day. I can cheerfully recommend every person to go to J. B. M. Todd's, and get a Washer and Wringer as I am confident that you can save the price of the Machine in less than one year in the saving of the wearing of clothes as they are washed without rubbing. Yours &c. Jan. 30 1/2. JOHN VALENTINE.

NEW FAMILY SEWING MACHINE.

The superior merits of the "Winger" Machines over all others, for either family use or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINES, which has been over two years in preparation, and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as incomparably the best Sewing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. Its attachments for hemming, braiding, curding, tacking, quilting, felling, trimming, binding, &c. are novel and practical, and have been invented and adjusted especially for this Machine.
