GROVER & BAKER'S

SEWING MACHINES

Were awarded the highest premiums at the State Fairs of New York, Kentucky, Vermont, New Jersey, Pennsylvania, Ohio, Indiana, Michigan, Wisconsin, Iowa, and Oregon.

At the Fairs of the American Institute, Franklin Institute, Mass. Mechanics' Association, Penn'a Mechanics' Institute, St. Louis Agricultural and Mechanics' Association.

And at numerous Institutes and County Fairs, including all the Fairs at which they were exhibited the most three years.

First prizes awarded these Machines at the exhibitions of London, Paris, Dublin, Linz, Besancon, Bayonne, St. Dizier, Chalons, and they have been furnished, by special command, to the Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.

The GROVER & BAKER Elastic-Stitch Sewing Machines are superior to all others for the following reasons:

1. They sew with two threads direct from the spool, and require no rethreading.

2. They are more easily understood and used, and less liable to derangement than other machines.

3. They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

4. The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

5. This stitch, owing to the manner in which the under thread is wrought, is much the most plump and beautiful in use, and retains this plumpness and beauty even upon articles frequently washed and ironed until they are worn out.

6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the seam by their own operation.

8. With these machines, whose work is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practiced, execute the most beautiful and permanent embroidery and ornamental work.

GROVER & BAKER'S, M. CO., 750 Chestnut Street, Philadelphia.

Machines delivered at the residence of any one purchasing in either of the Boroughs.

Threads, Oils, Needles, and every other article appertaining to the working of the machine on hand and for sale by J. B. M. Todd.

The above Sewing Machines are for sale by J. B. M. TODD, Patterson, Pa., S. B. LOUDON, Millintown, Pa. May 15, 1867-4f.

DR. LEONS' ELECTRIC HAIR RENEWER, is pronounced by all who have used it the very best preparation for the Hair. It is a positive cure for Baldness, eradicates Dandruff and Humors, stops the Hair from falling out, and speedily restores Gray Locks to their original hue and luxuriance.

It operates on the secretions and fills the glands with new life and coloring matter—Thin, dead, faded or gray hair will always be brought back by a few applications, to its youthful abundance, vitality and color.

It makes the hair soft, glossy, fragrant, pleasant to the touch and easy to arrange—Dry, wiry and intractable locks become moist and disposed to remain in any desired position. As a Hair Dressing it has no equal. The sales are enormous and it is a universal favorite with old and young of both sexes.
