

PENNSYLVANIA RAILROAD, ON AND AFTER MONDAY, JUN 27, 1870, PASSENGER TRAINS WILL LEAVE JUNIATA STATION AS FOLLOWS:

WESTWARD. Philadelphia Express, 12:10 A. M. Fast Line, 3:25 A. M. Harrisburg Accommoda'n, 10:36 A. M. Mail Train, 6:52 P. M. Cincinnati Express, 8:50 P. M.

"JUNIATA ENCAMPMENT," No. 19, I. O. O. F. meets on the first and third Tuesdays of each month, in the Odd Fellows' Hall, Thompsonstown, Juniata Co., Pa.

TOWN AND COUNTRY. PHILLIPSBURG has a three-legged duck.

FAREWELL—Dan Rice is taking his annual "farewell trip" through the country.

SUBSCRIBE for the Sentinel—only one dollar and fifty cents per annum in advance—three cents per week.

THE SOLDIERS' MONUMENT was put up on last Wednesday and Thursday. The time for the dedicatory ceremony has not yet been appointed.

NO FLOURISH—No flourish about the meeting of our Democratic brethren held in the Court House last Saturday. Fall in! Fall in! Boys! That's the word.

TAKE NOTICE—For every squirrel shot between the first day of January and the first day of August, the penalty is five dollars. Sportsmen should see that the law is fully carried out.

NO NEWS—A friend closes a letter as follows: "No locals. Dogs too lazy to fight, men too tired to quarrel; weather too hot to freeze any one to death, and money too scarce to induce any one to attempt burglary."

CONSOLIDATED—Plain words, here, before published at Bellefonte, and the Tyrone Herald, have been consolidated—containing the latter name, and published by Messrs. Brinard & Jones.

SENSATION—Last Sunday week Lewistown enjoyed the luxury of a sensation, occasioned by two fellows breaking jail and striking for the country. One was captured, and the other returned out of friendship for his fellow-prisoner.

SCALDED—This (Wednesday) morning Mr. James Buck, of Patterson, fireman on a freight engine, was severely scalded by the bursting of a steam pipe on his engine. The accident occurred a short distance this side of Altoona.

\$500.00 PRIZE STORY.—The Little Corporal Magazine offers this sum for a prize story. Those interested can send twelve cents to the publishers, Sewell & Miller, Chicago, Ill., for the August number of the Magazine which gives all particulars.

STOLEN—We learn that a horse and buggy were stolen from the stable of George Mans, in Millerstown, last week. \$75 reward is offered for the recovery of the property and arrest of the thief. Geo. Mans owns the horse, W. J. Kipp the buggy.

A NEW SERIAL STORY by a distinguished American writer, name is held in reserve, is to be begun in the August GALAXY. The tale is said to be full of incident, dramatic, novel in scene and character, and admirably adapted for serial publication.

FARM FOR SALE.—Mr. David Beshear offers at Public Sale, on the premises, at 1 o'clock P. M., on Saturday, October 29, 1870, a valuable farm, situated in Walker township, containing 112 acres, having a dwelling house, new bank barn and other outbuildings thereon erected. See advertisement in another column.

THE Cash System has become an established fact, if we are allowed to judge from the crowds thronging the Crystal Palace daily. Low prices will tell. The amount of goods they sell is really astonishing. If you feel like saving money, give Graybill & Shelly a call, and you will receive the best attention any store in the State can offer.

OFF THE TRACK.—On Friday night last, about 9 o'clock, ten cars belonging to one of the through freight trains west were thrown from the track when about a quarter of a mile west of Millerstown station, and all were more or less broken. Fortunately none of the employees on the train were injured, although one of the brakemen was inside of a car which had another car piled on top of it. The accident was caused by the breaking of an axle.

LEMONADE AND FEVERS.—A contemporary says that in most cases of fevers we have no doubt that the attack might have been prevented and the patient well in a few days without a particle of medicine, by rest, partial fasting and the free use of lemons and lemonade. The virtue of this article in bilious attacks and incipient fevers has been tested with the best results, and we recommend its use during the heated term as a preventive of these diseases.

CELEBRATION.—The Sunday School connected with the M. E. Church of this place will hold their annual celebration tomorrow (Thursday). The managers of the school have selected Macedonia as the place to hold the celebration. The school will be conveyed thither in a boat.

AN Eminent Divine says, "I have been using the Praxian Syrup. It gives me new vigor, buoyancy of spirits, elasticity of muscle." J. P. Dinmore, 36 Dev St., New York, will send, free, a pamphlet of 32 pages, containing a full account of this remarkable medicine, to any one sending him their address.

ONLY A FEW—Blancet papers announce the names of forty-five candidates for various offices, as follows: One for Senator, four for Assembly, eight for Associate Judge, two for Prothonotary, nine for Sheriff, twelve for Treasurer, three for Commissioner, five for Town House Director, and one for Jury Commissioner.

JUNIATA from the pieces at Graybill & Shelly's we are almost led to believe the war between France and Prussia is a failure. They are selling the best White Sugar at 14 cents per lb., the best Rio Coffee at 25 cents per lb., and other goods just as cheap. To save money buy your goods at the Crystal Palace.

BITTEN BY A SNAKE.—One night last week while one of Mr. Emanuel Meyer's horses was at pasture, it was bitten by a snake in the left front pastern. Mr. Meyer went to the woods, dug up some rattlesnake root and fixed it in land, which he applied to the bitten place. The horse is doing well.

DEAR PERFORMANCE.—On Saturday evening last two Frenchmen exhibited a huge brown bear on our streets to the great amusement of the children. The bear was trained to dance, stand and walk on his hind legs, and perform various other antics. One of the party passed his hat and gathered up bits of pennies.

FIRE.—On Wednesday of last week, about 2 o'clock in the afternoon, the house of our old friend S. G. Dressler, Esq., of Susquehanna township, was discovered to be on fire. The flames had spread over about one-third of the ceiling of the third floor before being discovered. Some neighbors, led by Mr. Dressler, tore up the garret floor and put out the fire. It was only by the best management and hard work that the fire was extinguished.

BADLY SMITTEN.—Miss Latta, during a recent Boston engagement, was singing Frank Howard's new song "Guess Who?" and when she repeated the lines: "Some one I'm wishing and longing to see, Guess who, if you can, guess who," an enthusiastic individual in the parquette sprang to his feet and exclaimed: "I can't guess; but I'd give a thousand dollars if I was the man!" Just imagine the applause that followed.

COPPER LIGHTNING RODS.—R. C. Swope and Capt. Householder, agents for the North American Lightning Rod Company, are now traveling the county. Citizens whose buildings are without protection should avail themselves of this opportunity of getting for their buildings what we believe one of the best rods ever introduced in our county, namely, an iron galvanized copper-sheathed rod. The agents make Mr. Albright's hotel, the "Union House," the headquarters. Letters addressed to Mr. Albright, or the agents, will receive prompt attention.

NEW AWNING.—Messrs. Graybill & Shelly, the proprietors of the Crystal Palace Store, on the corner of Bridge and Water streets, have recently put up a new board awning, the best and most substantial in town. At the east end are placed, in large letters, the words "Crystal Palace," and at the front the words "Cheap Dry Goods & Groceries." The proprietors are both men of enterprise, and possessed of superior business qualifications, as the immense amount of goods they are constantly selling fully attest.

DON'T PATRONIZE THE CIRCUS, but if you wish to obtain the worth and value of your money, call on Mr. N. E. Littlefield for Fruit Cans and Glass Jars. He has recently received a larger supply of this class of goods than has ever before been brought to Juniata county. We have one word that we wish to say in regard to the tin cans that he offers to the market, and that is, he manufactures them himself, out of the heaviest and best of tin, and warrants them secure; they are not made of light tin and by machinery. Glass Jars at from 50 cents to \$1.00 per dozen cheaper than can be purchased elsewhere in the county.

LIGHTNING.—The newspapers—particularly those of the New England States—record a most unusual and numerous series of accounts of recent disasters and damage by lightning. In New Hampshire, during a recent thunder shower, the fluid struck thirteen times on one farm. In Keen, midway between two rows of two chicken coops, five feet apart, in one coop there were 11 large chickens which had been weaned from the hen, and in the other was a brood of small chickens with their mother. The lightning first struck the coop containing the large chickens, killing nine of them, and then passed along the surface of the ground to the other coop, killing the hen, but not the least injuring her chickens, which were then under her wings. The bird passed thence to the ground, making two holes the size of a man's hand 14 inches deep. This season has been more prolific of accidents from lightning in Lancaster and Chester counties and vicinity than any we remember.—West Chester American.

Nearly Drowned.—One day last week Dr. Fisher, Josiah Leidy, J. D. North, Levi Caveny and Isaac McAlister, all citizens of Fayette township, went to fish in Cocalamus creek at an old saw mill dam. Mr. Leidy, for some reason unknown to us, concluded to cross the creek. He entered the water with his clothes all on, and swam till he thought he could touch bottom. He then lowered himself to reach the bottom, but unfortunately the water was deeper than he thought, and he stuck fast in the soft mud in the bottom of the creek. Dr. Fisher swam to his rescue, and was seized hold of by Mr. Leidy, only as a drowning man does lay hold on. Mr. North speedily went to help his struggling friends—a few seconds elapsed, and the three men were in a perilous situation. But fortunately the two friends yet on the shore succeeded in helping them out, without any very serious injury to any one, except a dreadful fright.

NEW USE OF THE TELEGRAPH.—One of the most effective guards against the depredations of burglars, that we have seen, came under our observation last week. Workmen were engaged picking it in the banking house of Messrs. Kirk, MacVeagh & Co., in this borough. It is simply a telegraph, connecting with every door and window, so that when set, on the opening of a door or raising or lowering a window, it will ring an alarm bell. If a burglar should, by possibility, gain access without alarming the watchman, he cannot move in any direction without starting this little monitor, and when once started the alarm continues until the master is called and quits it. No one else can stop its notes. It is a self operating telegraph, ever watchful, and can never fail to ring out its warning notes of alarm. It has been introduced into the Banks here as well as into some private houses. In these days of extensive burglaries, such an alarm apparatus is invaluable. No burglar would run the risk of entering any occupied building where he knew it to be employed.—West Chester American.

STRUCK BY LIGHTNING.—On Wednesday afternoon of last week, during the thunder-storm which passed over this vicinity, the mill belonging to Mr. Elias Berg, in Fernhugh township, known as the Jericho Mill, was struck by lightning. The electric current struck the coils of the roof at the west gable, where the hoisting-rope is attached, and followed the rope to the shaft on which it is fastened, near the centre of the garret; thence it passed down through the building to the basement, where it broke a reservoir which had been stored there. From there it passed into the water house, breaking a small pipe out of the water-wheel. Mr. Berg's son, who attends to the mill, was in the building at the time, and received a shock which rendered him insensible for a few moments. On recovering he proceeded upstairs, and when reaching the garret he discovered the hoisting-rope to be on fire within a short distance of the roof; this he quickly extinguished. The building was not much injured, the most being the breaking of a rafter and joist and the tearing of the roof. There were no lightning rods attached to the building.

REVEREND.—The reception on last Thursday morning, at the Presbyterian Church of this place, in honor of Rev. M. Allison, who has recently returned from a visit to his native land—Scotland—was indeed a high compliment to the Reverend gentleman. Numerous friends of the pastor and friends of the congregation as well as the two congregations that constitute Mr. Allison's charge, were present, as earnest attendants to the interesting reception ceremony—also the Presbyterian Sabbath School in a body. The assembly was organized by calling Jacob Christy, Esq., to the chair, and Dr. Elder to the secretary's desk. Mr. Christy, chairman, in a few finely chosen remarks stated the object of the meeting. After which the Reverend gentleman, Mr. Allison, was escorted to the platform by a committee chosen for that purpose, and there welcomed by the chairman. Rev. A. H. Parker, pastor of a Presbyterian charge in "Big Valley," Mifflin county, and Rev. D. M. Blackwelder, of the Lutheran church of this place, were voted seats on the platform. A voluntary by the choir followed. The exercises were then opened with prayer by Rev. Andrew H. Parker, and the singing of a hymn—"All hail the power of Jesus' name." A committee was then appointed to prepare a letter and send it to Mr. Allison's charge in Scotland at Kilbarchon, where he preached twenty-three years, just twenty-nine years ago. E. S. Doty, Esq., then, in an elegant speech, welcomed Mr. Allison. The Reverend gentleman replied in a speech worthy of himself, and replete in everything that tends to elevate and keep one steadfast in the virtues of the christian faith. It is highly spoken of by all who heard it. The committee to draft and send the congratulatory letter to the congregation at Kilbarchon now reported, followed by an exhibition of the "silver tea service" presented to Mr. Allison by the congregation which he preached to in Scotland. A hymn—"Oh! could I speak the matchless worth,"—prayer by Rev. Mr. Blackwelder, a long meter Cologny, and the benediction closed the exercises. The school, in procession, then proceeded to Schaefer's grove, where it held its annual celebration. The congregations followed. A bountiful dinner was then served to all. Most likely many days will elapse before another such reception and celebration will be witnessed and participated in by the same people.

BITTEN BY A SNAKE.—On Wednesday last, as Mahlon Crawford, a little son of Mr. J. G. S. Black, of Greenfield township, was putting hay together in the field, he was bitten by a copperhead snake, in the leg. The leg commenced swelling, the swelling extending to his thigh, and little hope was had for his recovery. He was given iodide of potassium, and a poultice of the plant known as the lion's heart. Also tea made from the same plant was given him to drink. He has been slowly recovering and is now able to walk.—Hollidaysburg Standard.

DR. SAGE'S Catarrh Remedy is no Patent Medicine, humbug gotten up to dupe the ignorant and credulous, nor is it represented as being "composed of rare and precious substances brought from the four corners of the earth carried seven times across the Great Desert of Sahara on the backs of fourteen camels, and brought across the Atlantic Ocean on two ships." It is a simple, mild, soothing, pleasant Remedy—a perfect specific for Chronic Nasal Catarrh, "Cold in the Head," and kindred diseases. The proprietor, R. V. Pierce, M. D., of Buffalo, N. Y., offers a reward of \$500 for a case of Catarrh that he cannot cure.

FOR SALE by most druggists everywhere. Sent by mail, post paid, for sixty cents. Address the proprietor as above.

A BOLD SCOUNDREL.—On Monday morning, about 3 o'clock, the wife of Judge Gardner, was awakened up, by some person feeling over her face. The person then presented what she supposed, in the dark, to be a pistol, and threatened to shoot her if she made any noise. He then inquired of her where her husband was. She replied that he was sleeping in the bank, but he would not believe her, stating that he had gone to New York. A son of hers returned home to that city a few days before, which might have caused him to think the Judge had left. He then wanted to know whether there was any money in the house. She told him there was only a small sum of her own down stairs in the cupboard, which he might go and get, and let her alone. He then rummaged the bureau drawers and finding nothing, he left. He had been all over the house, in the room of a young lady, in that of her son, Dr. Gardner and his wife, and helping himself to a hearty meal in the parlor. Nothing was taken, however, as he appeared to overlook all the valuables. He entered the transom over the kitchen door.—Hollidaysburg Register.

DIED.—On the 24th inst., in Patterson, WILLIAM F., son of William C. and Sarah R. Guss, aged 1 year, 7 months and 10 days.

On the 24th inst., in this place, FORNEY, son of B. F. and Evaline Schaefer, aged 8 months and 15 days.

Commercial. MIFFLINTOWN MARKETS.

Table with columns for FLOUR, COAL, GRAIN, and other commodities. Includes prices for Super, Extra, and Family flour, and various types of coal.

PATTERSON MARKETS. Reported weekly for the JUNIATA SENTINEL by the Board of Commerce of Mifflin and Patterson.

Table with columns for GRAIN, FLOUR, and other commodities. Lists prices for White Wheat, Rye, and Corn.

PHILADELPHIA MARKETS. PHILADELPHIA, July 26, 1870. There is scarcely any inquiry for shipment and the local consumers being unprepared to supply, purchases in a small way. The rates include 1,500 bids at the following prices:

Table listing various commodities and their prices, such as Spermaceti, Refined, and other goods.

IRON IN THE BLOOD. DISPESSIA PERUVIAN TONIC SYRUP. The PERUVIAN SYRUP makes the weak strong, and cures diseases by supplying the blood with NATURE'S OWN VITALIZING AGENT—IRON.

CONGRESS. Mr. Editor—Please announce the name of Hon. John B. Packer, of Northumberland county, as a suitable person to be voted for at our approaching primary election for Congress. He was nominated two years ago against his own wishes, and was elected by nearly 2,000 majority. He has served with great credit to himself and benefit to the District. There is scarcely a man in Congress, of his experience, who commands more influence in that body than Mr. Packer. As an evidence of the great satisfaction he has given, it is only necessary to say that he has already been unanimously re-nominated in Snyder, Union and Northumberland counties. Junata will do its utmost credit, and Mr. Packer justice, by giving him a unanimous vote. BEALE.

STATE SENATE. Mr. Editor—It affords me pleasure to ask you to announce Col. J. K. ROUSSEAU a candidate for the State Senate. His merits as a true American citizen and as a soldier rank high, and need not be enumerated.

ASSEMBLY. Mr. Editor—Please announce the name of Junata county who have successfully passed through the business storm and crisis of twenty-five years, stands Noah Hertler. By skillful management he has thrived through the past business troubles, unbroken financially, and his character without a stain. He ranks among the solid men of our county. He is most favorably known throughout the length and breadth of the county, not only by the business men, but by the people. Need I add that such a man is a suitable and will qualify to represent the people of the District in the Legislature. That fact is self-evident. I therefore, in the name of many citizens here and elsewhere, announce him a candidate for the Legislature. MIFFLIN.

ASSEMBLY. Mr. Editor—Louis E. Atkinson is known to most of the Republicans of Junata. He is a young man, honest, capable, and with a "good Republican," and if selected by the party for its standard bearer in the Legislature, will do only what will result in honor to himself and the constituency which he may represent. Therefore permit me to announce him a candidate for Assembly. DE LAWARE.

SHERIFF. Mr. Editor—Permit me to announce the name of Jacob Lemon Esq., of Mifflin township, as a suitable person to fill the office of Sheriff of Junata county. Mr. Lemon has always been a Republican, without having been identified with any faction, was a soldier in the late war, is popular wherever known, would make the full vote of the party, and would make an obliging and accommodating Sheriff. DE LAWARE.

REGISTRAR AND RECORDER. Mr. Editor—Please announce the name of C. D. Alter, of Perryville, as a suitable candidate for Registrar and Recorder. Mr. Alter is a young man of good qualifications, and if nominated and elected, will discharge the duties of the office faithfully. MIFFLIN.

COUNTY COMMISSIONER. Mr. Editor—A number of the friends of James J. Culbertson are desirous that he be announced a candidate for County Commissioner, feeling assured that if made the nominee of the party and subsequently elected, that he will give satisfaction. I therefore ask that he be announced. MIFFLIN.

JURY COMMISSIONER. Mr. Editor—Permit me to announce Mr. Joseph Brothrock, of Fernhugh township, as a most suitable candidate for Jury Commissioner. FERNHUGH.

COUNTY AUDITOR. Mr. Editor—In a line permit me to announce Mr. G. S. Metterling, of Monroe, a candidate for County Auditor. MIFFLIN.

ANNOUNCEMENTS. THE CELEBRATED SINGER SEWING MACHINE. The superior merits of the "Singer" Machines over all others, for either family use or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINE, which has been years in preparation and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as comparably the best Sewing Machine in existence.

SPECIE PRICES! EXTRAORDINARY REDUCTION IN THE PRICE OF GOODS.
