TOWN AND COUNTRY.

READ THE Election Proclamation.

HUNKYBOOY.—The expression "hunkybooy" is Scotch, and means half-witted.

Mrs. F. C. PATTERSON'S Select School at the Seminary, Academia, will reopen on Tuesday, September 13, 1870. Aug 31, 1870-2c

WORTH MINDING.—The smoke of the dried leaves of a pumpkin burnt on a bright fire will cause flies to quit an apartment instantly, or it will kill them.

DR. L. E. ATKINSON, of Thompsonstown, was admitted to the bar on Monday evening last. His examination was a very creditable one.

We call attention to the advertisement of the New York Observer in another column. It is sent free on trial to all applicants one month.

STATE FAIR.—The State Agricultural Society have fixed on the thriving city of Scranton, Luzerne county, as the place at which to hold the State Fair. It commences on Tuesday, the 27th day of September.

ISSUES.—The Chambersburg Repository states that the wife of Col. A. K. McClure, formerly of Chambersburg, now of Philadelphia, was taken to the Insane Asylum, in Philadelphia, on the 22d ult. For some months she has given evidence of mental derangement.

DEDICATION.—The Odd Fellows' Hall at McAlisterville was dedicated on last Saturday. Some four or five lodges participated in the dedicatory ceremony. Considering the unfavorable state of the weather the turnout was a large one. So we have been informed.

HALL DEDICATION.—The new Odd Fellows' Hall at Liverpool, Perry county, Pa., will be dedicated with appropriate ceremonies on Thursday, the 15th inst. Quite a turnout is expected as a number of lodges have signified their intention to participate.

ARM BROKEN.—Mrs. N. J. Kreider, of this place, who is now visiting her son at Altoona, the other evening met with a painful accident. She was walking in her son's yard shortly after a shower, and stepping on a board that had been made slippery by the rain, fell and broke her left arm just above the wrist joint.

We invite the reader's attention to the card of Messrs. Stuart, Peterson & Co., the well-known stone founders of Philadelphia in another column. The manufactures of this firm are attaining a world-wide celebrity, their merits being of the very highest order. Send for Circulars, etc.

COAL! COAL!—Buy your coal immediately; by so doing you will save money. I am still selling coal at the following prices:

Table with 2 columns: Coal Type and Price. Includes Sunbury Nut, Millersburg, Sunbury Stone, etc.

DESIRABLE PROPERTY FOR SALE.—Dr. J. P. Applebaugh of Mexico offers at private sale his residence in said town. This property is in a splendid condition. Choice fruit on the lot. If not sold before the 11th of October, it will on that day be offered at public sale, at 1 o'clock P. M., on the premises.

THOSE diseases which are peculiar to females, as Female Weakness, Leucorrhoea, Weak Back, Irregularities, and Nervous or General Debility are permanently cured by the use of Dr. Pierce's Atterative Extract or Golden Medical Discovery. Sold by druggists; or send three and a quarter dollars to R. V. Pierce, M. D., Buffalo, N. Y., and get three bottles free of Express Charges.

THE great cause of so many young people being gray headed is 'on account of their having used the vile compounds which have flooded the market so long. NATURE'S HAIR RESTORATIVE is a sure remedy for this. Clear as crystal; no poison; perfectly sweet, clean and reliable. For sale at B. F. Kepner's drug store, Millintown, Pa. See advertisement.

EMINENT men of science have discovered that electricity and magnetism are developed in the system from the iron in the blood. This accounts for the debility, low spirits, and lack of energy a person feels when this vital element becomes reduced. The Peruvian Syrup a protozoic iron, supplies the blood with its iron element and is the only form in which it is possible for it to enter the circulation.

THE great Democratic bugaboo is, that four millions of colored people are about to become the supreme power in this land over thirty millions of white people.

RAN INTO.—Last Saturday evening a freight train going East ran into an Eastward bound train that was standing on the siding below Millerstown, waiting for the East Line west to pass. A number of cars were broken up, and the engineer, Lemuel Kennedy, formerly of Paterson, had one of his ankles considerably hurt. The accident would not have happened if the flagman had attended to his duty.

SALE.—Mr. D. A. Yoder, of Spruce Hill township, offers at private sale 60 acres of Woodland, well set with chestnut and rock oak timber, situate in said township. If not sold before the 24th day of September, it will on that day be offered at public sale, at the residence of Mr. Yoder, at 10 o'clock A. M., at which time and place Mr. Yoder will also offer at public sale a wagon, hay ladders, cultivator, plow, harrow and other farming implements.

Now is the Time.—To persons who are not subscribers of the SENTINEL but who will send us one dollar and fifty cents, we will mail to them the SENTINEL and a receipt in full for subscription to the SENTINEL to the 11th day of October, 1871. Will the friends of the paper work a little for it and the party friends, mention the fact to your neighbors that if they subscribe now, or within one week, one dollar and fifty cents will secure to them the SENTINEL to the eleventh day of October, eighteen hundred and seventy-one.

READ.—We all remember that some months ago complaints were entered to the New York city authorities against certain so-called hair restoratives, and that upon a chemical examination of many of the different hair restoratives in common use the injurious and poisonous properties of "Lac Sulphur," "Sugar of Lead," "Litharge," "Nitrate of Silver," &c., were found. Proctor Brothers' Nature's Hair Restorative contains none of the above enumerated poisons. It is free from health-destroying drugs, and is transparent and clear as crystal. It will not stain the finest fabric, and is safe and clean. For sale at B. F. Kepner's Drug Store, Millintown. See advertisement.

SPONS OF THE ZODIAC.—A philosopher in the West, grown into admiration of the Cherry Pastrol, writes Dr. Ayer for instructions under which sign he shall be bled, which blisters, and which vomited, and under which he shall take Ayer's Pills for an affection of the liver; also under which sign his wife should commence to take the Sarsaparilla for her ailment. He adds that he already knows to wear his calves under Taurus, change his pigs in Scorpio cut his hair in Aries, and soak his feet in Pisces or Aquarius as their condition requires.

Schoolmasters, start for Wisconsin and visit Mr. Ham when you get there.—Louis Daily News.

TAKEN IN.—The Movers' Journal tells of a certain young clerk in an office in Pottsville, whose shrewdness seldom allowed deception to get the better of him. He received a letter from New York, informing him, in a strictly confidential way, of course, that if he would send on five dollars—barely enough to pay the expenses of looking into the matter a little—he would tell him of parties who owned him considerable sums of money, which could be had by asking for it. The five dollars was forwarded as requested, more out of curiosity than otherwise. A few days ago he received a receipt for his "V" from the ingenious swindler, of which the following is the substance: "Every person who defrauds you out of five dollars owes you that amount. Tally me. Yours, truly." Very likely the tally has been made, and the young clerk acknowledges the five dollars' worth of wisdom, bought with so little trouble. Young men, beware of New York swindlers. They will take your money out of your pockets before your eyes if they get a chance, and do it in such a way that you cannot take offense at it.

LOYD'S GREAT WAR MAP OF EUROPE.—Lloyd is the greatest living map projector. His American maps were used by Grant, Sherman, Sheridan, and military commanders generally, during the rebellion. His late War Map of Europe should be in the possession of every intelligent man. It represents Europe, its countries, cities, towns, seas, rivers, mountains, valleys and railroads correctly. It is the map for the student—it is the map for every person. The country from England to Egypt, and from the Mediterranean to the Baltic Sea, can all be seen and comprehended at a glance. The ruins of Ninevah, Jerusalem, the River Jordan, the Pyramids of Egypt, the Red Sea where Pharo and his hosts were drowned when pursuing the Israelites, Mount Ararat where the Ark rested after the flood, the river Jordan in which our Savior was baptised, in short everything of note is distinctly presented.

This map is considered the most satisfactory that has ever been published. We recommend it to the public as a work of great importance. County rights will be given. Double maps of Europe and the United States will also be supplied. Prices—Europe 50cts. sheet, or mounted and varnished, \$1.25. Double map, \$1.75 a copy retail, \$1. wholesale. Agents are wanted. Address, E. Lloyd, American Map Publisher, 20 Courtland Street, New York.

FISH CULTURE IN PENNSYLVANIA.—The Harrisburg Patriot complains of the inefficiency of the law in reference to stocking the rivers of Pennsylvania with shad and other fish valuable for food. In 1866, the Legislature created the office of fish Commissioner, with salary of six dollars a day, and in the same act required the construction of sluices in the dams on the Susquehanna and its tributaries for the passage of shad to spawning grounds in the upper waters. After the lapse of four years, the Supreme Court has decided that the section of the law compelling the Pennsylvania Canal Company to build sluices in their dams is unconstitutional, and consequently the effect of the Legislature cannot be carried into effect. The law of March, 1865, limited the term of the Commissioner to the ensuing December, but the Legislature of 1867 continued the office for one year longer. In 1868 the office was again continued for another year, and a trifling change was made in regard to the enforcement of the penalties for obstructing streams with dams, and for fishing with seines near sluices. The Legislature of 1869 passed an act continuing the office of Fish Commissioner for three years longer. The law therefore now stands in this position, that while the State pays a Commissioner a salary of six dollars a day, there is no way of enforcing the provisions of the law. It is urged that, since the Pennsylvania Canal Company and other corporations cannot be compelled to undergo the expense of constructing sluices in their dams, the Legislature should be requested to make the requisite appropriations of money to erect ways for the passage of fish to the upper waters of the Susquehanna. It is also contended that appropriations should be made for the payment of water bailiffs, to arrest violators of the law, and that a small portion of the funds should be devoted to pisciculture. In the large rivers of other States, fish well adapted for food have been successfully introduced, and it is believed that the same attempt should be made in Pennsylvania.
