WEDNESDAY MORNING, OCT. 5, 1870.

PENNSYLVANIA RAILROAD—ON AND AFTER MONDAY, JUNE 15, 1870, Passenger Trains will leave Millin Station as follows:

Table with 2 columns: Train Name and Time. Includes Philadelphia Express, Fast Line, Harrisburg Accommodation, etc.

WESTWARD. Cincinnati Express, 1:50 A. M. Pacific Express, 3:34 A. M. Mail Train, 6:52 P. M. Cincinnati Express, 8:50 P. M.

TOWN AND COUNTRY. JUST OPENED—A full line of Ladies' Dress Goods, at Laird & Bell's.

SPOILED.—The late rain has spoiled the fine roads that the dry weather made.

NEW STOVE.—A new stove, the Morning Light, for sale at Creswell's Foundry.

The place to buy your Boots, Shoes, Hats, Caps &c., is at Laird & Bell's.

IMPROVED.—The wheat sown this fall has been greatly improved by the recent rains.

A LARGE HAUL.—On last Friday night 450 eels were caught in Horning's fish basket.

THE WAY TO MAKE MONEY is to save it, and the way to save it is to buy all your Goods at Laird & Bell's.

SEE advertisement of John T. Metlin in another column, for the sale of House and Lot of ground in Millford township.

A MAN who loves his family will always take a newspaper, and a man who respects his family will always pay for it.

MR. EZRA DOLEN, of this place, whom we mentioned last week as having been seriously injured, died on Monday morning last from the effects of his injuries. His remains were interred in the Presbyterian graveyard yesterday afternoon.

NOTHING LIKE IT.—We refer to NATURE'S HAIR RESTORATIVE advertised in another column. It is in one bottle, and as clear as ice. No gum, no filth, no poison. Examine it. See advertisement. For sale at B. F. Kepner's Drug Store, Main street, Millintown.

"FIVE MINUTES FOR REFRESHMENTS." Everybody who has traveled by railroad has heard the above announcement and has probably suffered from eating too hastily, thereby sowing the seed of Dyspepsia. It is a comfort to know that the Peruvian Syrup will cure the worst cases of Dyspepsia, as thousands are ready to testify.

CHAIRS.—Don't forget the sign of the "Big Empty Chair," on the corner of Main and Cherry streets, when you want to buy chairs of superior make and finish. Mr. Snyder manufactures Cane Seat and Windsor Chairs, Settees, Rocking Chairs, &c., and sells cheaper than can be purchased anywhere else in the country. All work warranted.

LOOK OUT FOR THEM.—An exchange says this is the last trick of a pedler. He goes to the house of a lady to sell perfume. He allows her to "sample" all the goods, and finally gets her to smelling chloroform, puts her to sleep and ransacks the house. Beware of all essence pedlers. In fact, it is safe to beware of all pedlers. Buy of your regular dealers. You will make by it in the end.

CHURCH DEDICATION.—The new "Apostles' Union Church," near the residence of Solomon G. Dressler, Esq., in Susquehanna township, will be dedicated to the service of Almighty God, on Sunday, October 16, 1870, at 10 o'clock A. M. The dedicatory sermon will be preached by Rev. C. G. Erlenmeyer, of Freeburg, who will be assisted by other able ministers.

TOOTHLESS.—The Tyrone Herald says that a little while ago a dentist opened an office at Phillipsburg, and announced to the people of that town that he would extract teeth for two dollars, and prepare the mouth for a new set. The two dollars he required in advance of an operation. The new set he promised to furnish and put in for ten dollars, on six months' time. About two hundred persons called on him and had their old teeth drawn out, and engaged new ones. One day he left for, no one knows where. Two hundred men and women without teeth in one little town!

THE Original Celebrated Howe Sewing Machine, unequalled by any other now extant for all kinds of family sewing, will be on exhibition at the Agricultural Fair, at Perryville, on the 5th, 6th and 7th days of October. We would urge all to call and see its operations, and especially those desiring to purchase machines. There will be a supply of machines on hand, and the agent will instruct any desiring to learn to operate. Come and satisfy yourselves as to its merits. Manufacturing and Tailoring Machines also supplied. Prices low and terms easy.

S. M. SHELLEY, Agent, McAlisterville, Pa. Sept. 28, 1870-21

If you have a discharge from the nose offensive or otherwise, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull and stupid or debilitated, pain or pressure in the head, take cold easily, you may be sure you have the Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in consumption and end in the grave. No disease is so common, more deceptive, or less understood by physicians. Dr. R. V. Pierce, of Buffalo, N. Y., is the proprietor of Dr. Sage's Catarrh Remedy—a perfect specific for Catarrh, "Cold in the Head," and Catarrhal Headache, which he sends to any address on receipt of sixty cents. Sold by most druggists every.

TAKE YOUR OWN PAPER.—A contemporary very justly remarks that every Republican ought to take his own country paper. If he loves Republican principles he surely can afford three cents a week to spread them. The cost of paper is no excuse for not taking one. There is not a week passes but that five times three cents are spent foolishly, which might have been much better invested in a newspaper. One dollar and a half a year invested in a newspaper, buys more reading matter than twenty dollars will purchase in the shape of books. A man may read books all his life, but if he fails to read the papers, he may be called ignorant. Without a newspaper a man is virtually out of the world.

TERRIBLE ACCIDENT.—A terrible accident occurred in Fairview township, York county, yesterday afternoon. The particulars of the sad affair, as we learn them from Dr. J. W. Roop, attending physician, are as follows: Theodore Oris was seated at a table engaged in withdrawing some cartridges from his revolver, when from some cause the weapon was discharged, the ball entering the throat of his brother Henry obliquely, lodging somewhere about the cervical vertebra. The wound is a ghastly one, and the unfortunate young man is in a very critical condition. Unless the ball can be extracted he cannot recover, and it has effected a lodgement where it is impossible to get at it without increased danger. Another warning to those who carelessly handle dangerous weapons.—Harrisburg Telegraph.

AN EEL IN AN OYSTER SHELL.—Yesterday morning as a bag of oysters was being emptied out at the Union Pacific Oyster Depot, Centre street, this borough, one of the shells flew open and an eel about eleven inches long and half an inch in diameter at the largest part came forth from the house once occupied by an oyster. It is supposed that the oyster took the eel in out of the wet when quite small, and in return for its kindness Mr. Eel turned around and devoured the oyster and took charge of the oyster house. To say the least, this is an ungrateful fellow, but this makes him none the less a handsome specimen of an oyster-fed eel. His celebrity has been transferred to a vessel of water, is alive and doing well, and Mr. Timothy C. Boyle, his new lord and master, will not change his diet for the present, it being his intention to try the experiment of raising a genuine oyster-fed eel, which if successful, will be one of the grandest achievements of the Nineteenth Century, for which Pottsville will be entitled to the honor, credit and distinction such an undertaking justly creates her heir to—Pottsville Journal.

AN ENTERPRISING FIRM.—Messrs Peterson & Carpenter's saleroom for the sale of Wheeler & Wilson's Sewing Machines, is one of the most attractive stores on Chestnut street, and presents to the passer-by the appearance of cheerfulness and activity seldom met with. This enterprising firm enlarged their store to its present dimensions in order that they might have the proper facilities for conducting their greatly increased business. The number of salesmen, clerks, etc., employed by this firm is over three hundred, and they have one hundred and fifty wagons in daily use delivering machines throughout their territory. Messrs. Peterson & Carpenter were the first to introduce in Philadelphia the new popular plan of selling sewing machines on instalment, thus enabling many, who could not otherwise possess themselves of these now indispensable articles of household furniture, to do so. Besides their Philadelphia office they have branches offices in Baltimore, Wilmington, Harrisburg, Lancaster, Reading, Williamsport, Scranton, Trenton, Camden, and many other less important places. We understand that nearly 500,000 Wheeler & Wilson machines have been sold, a strong argument, we take it, of their popularity.

Mr. JACOB WILLS is re-laying the pavement in front of his hotel.

MARRIED ON THE ROAD.—In a recent issue of the Cincinnati Gazette the appended marriage notices appeared: GRILEY—SWEET—By the Rev. W. R. Marquis, on the evening of the 28th ult., seven miles southwest of Union City, Ind., on the State road, near a large beech tree, in the presence of several friends, Mr. H. T. Gallet, of Randolph county, Ind., to Miss Frances Sweet, of Dark county, Ohio.

LOER—SHROYER—On the 1st day of August, 1870, standing by the roadside on the Brown road, about a half mile east of town, by the Rev. Dr. Ross, of the Lutheran church, Mr. Thomas B. Loer and Miss Julia Shroyer, both of Newcastle, Indiana.

The editor of the Altoona Tribune became excited on reading these marriage notices, and wondered how it came that the fond hearts were thus united, and asks:

"Why this particularity in stating the exact spot? Why out of doors? Was it the 'old man's' fault or the 'old woman's' or did the contracting parties have the hay fever to such an extent that they couldn't breathe freely in doors under such trying circumstances? Is there a romance covered up here, or is it simply ineffable silliness breaking out in the natural way? Who knows?"

Of course we don't know, but we know how a couple, not far from this town, not long ago, one evening impatiently awaited the coming of a "Squire," he not appearing at the appointed hour, they started afoot for his house. They met the Justice on the road, and there where they met they were married.

DIED. At his residence in Millford township, on the 27th ult., Mr. JOHN METLIN, aged 75 years, 6 months and 15 days. Near East Salem, Sept. 21, 1870, DAVID B. D., son of John and Caroline Spiece, aged 2 years, 8 months and 16 days.

When the lovely babe of summer Wood the breezes wandering by Then our little angel David Folded his soft wings to die.

Then with care the shining ringlets Twined they from his marble brow. Clasp'd the dimpled hand and whispered David is an angel now.

Heaven retaineth now our treasure, Earth the lonely casket keeps, And the sunbeams love to linger Where our little David sleeps.

A. E. V. At her residence, in Liverpool, Perry Co., Pa., Oct. 1, 1870, of apoplexy, MARY L. VANDELING, wife of A. D. Vandeling, aged 38 years, 9 months and 6 days. The subject of this notice was at her death, a member of the Lutheran Church. She died in the faith she had long publicly professed, giving comfortable evidence of having an interest in the blood of the Lamb of God, who taketh away the sin of the world. Her death was sudden. She has left a husband and six children to mourn their loss. As a companion she was loving, faithful, kind and skillful in her domestic affairs. Such dispensations, however afflictive to those who remain, are not without salutary effect, when sanctioned by the grace of God, reiterate, in a providential way, the injunction of the Saviour, "Be ye also ready, for in such an hour as ye think not, the Son of Man cometh—what I say unto you, I say unto all watch." May the warning be heeded—the lamps trimmed—and lights burning, and preparation made to meet the bridegroom when he cometh.

THE CELEBRATED SINGER SEWING MACHINE

THE superior merits of the "Singer" Machines over all others, for either family use or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINE, which has been years in preparation and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as comparably the best Sewing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. It is quiet, light running, and capable of performing a range and variety of work never before attempted upon a single Machine—using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for hemming, braiding, cording, tucking, quilting, felling, trimming, binding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

Machines always kept on hand at our Clothing Store on Bridge street, Millintown, Pa., for the inspection of the public, and for sale at the most reasonable prices.

GROVER & BAKER'S SEWING MACHINE.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference over all others.

"I like the Grover & Baker Machine, the first place, because, if I had any other, I should still want a Grover & Baker, and having a Grover & Baker, it answers the purpose of all the rest. It does a greater variety of work and it is easier to learn than any other."

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker, decidedly." Mrs. Dr. Watts, New York.

"I have had one in my family for some two years, and from what I know of its workings, and from the fact that many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction." Mrs. General Grant.

"I believe it to be the best, all things considered, of any that I have known. It is very simple and easily learned; the sewing from the ordinary spool is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order." Mrs. A. M. Spooner, 36 Bond Street, Brooklyn.

"I am acquainted with the work of the principal machines; and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have worked now in the house which was done in a Sewing Machine, and it is still good." Mrs. Dr. McCready, No. 43 East Twenty third Street, New York.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which frolicsome boys will make in whole cloth. It is in my opinion by far the most valuable of any I have tried." Mrs. Henry Ward Beecher.

The Grover & Baker Sewing Machine Company manufacture both the Elastic Stitch and Lock Stitch Machines, and offer the public a choice of the best machines in all the large cities, and through agencies in nearly all towns throughout the country. Price Lists and samples of sewing in both stitches furnished on application to Grover & Baker S. M. Co., 115 Market Street, Harrisburg.
