**THE KIDNEYS.**  
The Kidneys are two in number, situated  
at the upper part of the loins, surrounded by  
fat, and consisting of three parts, viz: the  
Anterior, the Interior, and the Exterior.  
The anterior absorbs. Interior consists  
of tissues or veins, which serve as a deposit  
for the urine and convey it to the exterior.  
The exterior is a conductor also, terminating  
in a single tub, and called the Ureter. The  
ureters are connected with the bladder.  
The bladder is composed of various cover-  
ings or tissues, divided into parts, viz: the  
Upper, the Lower, the Nervous, and the Mu-  
scular. The upper parts, the lower retains.  
Many have a desire to urinate without the  
ability; others urinate without the ability  
to retain. This frequently occurs in child-  
ren.  
To cure these affections, we must bring  
into action the muscles, which are engaged  
in their various functions. If they are ne-  
glected, Gravel or Dropsy may ensue.  
The reader must also be made aware, that  
however slight may be the attack, it is sure  
to affect the bodily health and mental pow-  
ers, as our flesh and blood are supported  
from these sources.

**GOUT, OR RHEUMATISM.**  
Pain occurring in the joints is indicative  
of the above diseases. They occur to per-  
sons disposed to acid stomach and chafy  
concretions.

**THE GRAVEL.**  
The gravel ensues from neglect of impro-  
per treatment of the kidneys. These organs  
being weak, the water is not expelled from  
the bladder but allowed to remain, it be-  
comes feverish, and sediment forms. It is  
from this deposit that the stone is formed,  
and gravel ensues.

**DROPSY.**  
Dropsy is a collection of water in some  
parts of the body, and bears different names,  
according to the parts affected, viz: when  
generally diffused over the body, it is called  
Anasarca, when of the abdomen, Ascites;  
when of the chest, Hydrothorax.

**TREATMENT.**  
Helmholz's highly concentrated compound  
Extract Buchu is decidedly one of the best  
remedies for diseases of the bladder, kidney,  
gravel, dropsical swellings, rheumatism, and  
gouty affections. Under this head we have  
arranged Dysuria, or difficulty and pain in  
passing water; Scanty Secretion, or small  
and frequent discharge of water; Strangury,  
or stopping of water; Hematuria, or bloody  
urine; Gout and Rheumatism of the kid-  
neys, without any change in quantity, but in-  
crease in color, or dark water. It was al-  
ways highly recommended by the late Dr.  
Physic, in these affections.

This medicine increases the power of dig-  
estion, and excites the absorbents into  
healthy exercise by which the watery or  
calcareous depositions, and all unatural  
enlargements, as well as pain and inflamma-  
tion, are removed and it is taken by men and  
children. Directions for use and  
diet accompany.

PHILADELPHIA, Pa., Feb. 23, 1867.  
H. T. HELMHOLTZ, Druggist:

DEAR Sir—I have been suffering for up-  
ward of twenty years, with gravel, bladder,  
and kidney affection, during which time I  
have used various medical preparations, and  
been under the treatment of the most eminent  
Physicians, experiencing but little relief.  
Having seen your preparations extensively  
advertised, I consulted with my family  
physician in regard to using your Extract  
Buchu.

I did this because I had used all kinds of  
medicines, and had found them  
worthless, and some quite injurious. In fact  
I despaired of ever getting well, and deter-  
mined to use no remedies hereafter unless I  
knew of the ingredients. It was this that  
prompted me to use your remedy. As you  
advertised that it was composed of Buchu,  
cubeb, and juniper berries, it occurred to me  
and my physician as an excellent com-  
bination, and, with advice, after an exam-  
ination of the article, and consulting again  
with the druggist, I concluded to try it. I  
commenced its use about eight months ago,  
at which time I was confined to my room.  
From the first bottle I was astonished and  
gratified at the beneficial effect, and after  
using it three weeks, was able to walk out.  
I felt much like writing you a full statement  
of my case at the time, but thought my im-  
provement might only be temporary, and  
therefore concluded to defer and see if it  
would effect a perfect cure. Now, when I  
feel of greater value to you, and more  
satisfactory to me.

I am now able to report that a cure is ef-  
fected after using the remedy for five  
months.

I have not used any now for three months,  
and feel as well in all respects as I ever did.  
Your Buchu being a nice tonic and un-  
pleasant taste and odor, a good tonic and in-  
vigorator of the system. I do not mean to  
be without it whenever occasion may require  
its use in such affections.

**Hair Vigor,**  
For restoring Gray Hair to  
its natural Vitality and Color.

A dressing which  
is at once agreeable,  
healthy, and effectual  
for preserving the  
hair. Faded or gray  
hair is soon restored  
to its original color  
with the gloss and  
freshness of youth.  
This hair is thick-  
ened, falling hair checked, and bald-  
ness often, though not always, cured  
by its use. Nothing can restore the  
hair where the follicles are destroyed,  
or the glands atrophied and decayed.  
But such as remain can be saved,  
and usefulness by its application. In-  
stead of fouling the hair with a paste,  
it will keep it clean and vigorous.  
Its occasional use will prevent the hair  
from turning gray or falling off, and  
consequently prevent those deleterious  
substances which make some prepara-  
tions dangerous and injurious to the  
hair, the Vigor can only benefit but not  
harm it. If wanted
