Medical.
THE KIDNEYS.
The Kidneys are two in number, situated
at the upper part of the loins, surrounded by
fat, and consisting of three parts, viz: the
Anterior, the Interior, and the Exterior.
The anterior absorbs. Interior consists
of tissues or veins, which serve as a deposit
for the urine and convey it to the exterior.
The exterior is a conductor also, terminating
in a single tub, and called the Ureter. The
ureters are connected with the bladder.
The bladder is composed of various cover-
ings or tissues, divided into parts, viz: the
Upper, the Lower, the Nervous, and the Mu-
cosal. The upper expels, the lower retains.
Many have a desire to urinate without the
ability; others urinate without the ability
to retain. This frequently occurs in child-
ren.
To cure these affections, we must bring
into action the muscles, which are engaged
in their various functions. If they are ne-
glected, Gravel or Dropsy may ensue.
The reader must also be made aware, that
however slight may be the attack, it is sure
to affect the bodily health and mental pow-
ers, as our flesh and blood are supported
from these sources.

GOUT, OR RHEUMATISM.
Pain occurring in the loins is indicative
of the above diseases. They occur to per-
sons disposed to acid stomach and chunky
concretions.

THE GRAVEL.
The gravel ensues from neglect of im-
proper treatment of the kidneys. These organs
being weak, the water is not expelled from
the bladder but allowed to remain, it be-
comes feverish, and sediment forms. It is
from this deposit that the stone is formed,
and gravel ensues.

DROPSY.
Dropsy is a collection of water in some
parts of the body, and bears different names,
according to the parts affected, viz: when
generally diffused over the body, it is called
Anasarca, when of the abdomen, Ascites;
when of the chest, Hydrothorax.

TREATMENT.
Helmholtz's highly concentrated compound
Extract Buchu is decidedly one of the best
remedies for diseases of the bladder, kidneys,
gravel, dropsical swellings, rheumatism, and
gouty affections. Under this head we have
prepared Lysuria, or difficulty and pain in
passing water. Scanty Secretion, or small
and frequent discharge of water; Strangury,
or stopping of water; Hematuria, or bloody
urine; Gout and Rheumatism of the kid-
neys, without any change in quantity, but in-
crease in color, or dark water. It was al-
ways highly recommended by the late Dr.
Physick, in these affections.

This medicine increases the power of dig-
estion, and excites the absorbents into
healthy exercise by which the watery or
calcareous depositions, and all unnatural
enlargements, as well as pain and inflamma-
tion, are reduced and it is taken by men, wo-
men and children. Directions for use and
diet accompany.

PHILADELPHIA, Pa., Sep. 1897.
H. T. HELMHOLTZ, Druggist:
DEAR SIR—I have been suffering, for up-
wards of twenty years, with gravel, bladder
and kidney affection, during which time I
have used various medical preparations, and
been under the treatment of the most eminent
Physicians, experiencing but little relief.
Having seen your preparation extensively
advertised, I consulted with my family
physician in regard to using your Extract
Buchu.

I did this because I had used all kinds of
advised remedies, and had found them
worthless, and some quite injurious. In fact
I despaired of ever getting well, and deter-
mined to use no remedies hereafter unless I
knew of the ingredients. It was this that
prompted me to use your remedy. As you
advised that it was composed of buchu,
cubeba, and juniper berries, it occurred to
me and my physician as an excellent com-
bination, and with his advice, after an exami-
nation of the article, and consulting again
with the druggist, I concluded to try it. I
commenced its use about eight months ago,
at which time I was confined to my room.
From the first bottle I was astonished and
gratified at the beneficial effect, and after
using it three weeks, was able to walk out.
I felt much like writing you a full statement
of my case at the time, but thought my im-
provement might only be temporary, and
therefore concluded to defer and see if it
would effect a perfect cure knowing then it
would be of greater value to you, and more
satisfactory to me.

I am now able to report that a cure is ef-
fected after using the remedy for five
months.
I have not used any now for three months,
and feel as well in all respects as I ever did.
Your Buchu being devoid of any un-
pleasant taste and odor, a nice tonic and in-
vigorant of the system, I do not mean to
be without it whenever occasion may require
its use in such affections.

Ayer's
Hair Vigor,
For restoring Gray Hair to
its natural Vitality and Color.

A dressing which
is at once agreeable,
healthy, and effectual
for preserving the
hair. Faded or gray
hair is soon restored
to its original color
with the gloss and
freshness of youth.
Thin hair is thick-
ened, falling hair checked, and bald-
ness often, though not always, cured
by its use. Nothing can restore the
hair where the follicles are destroyed,
or the glands atrophied and decayed.
But such as remain can be saved for
usefulness by this application. Instead
of fouling the hair with a pasty sedi-
ment, it will keep it clean and vigorous.
Its occasional use will prevent the hair
from turning gray or falling off, and
consequently prevent baldness. Free
from those deleterious substances which
make some preparations dangerous and
injurious to the hair, the Vigor can
only benefit but not harm it. If wanted
merely for a

HAIR DRESSING,
nothing else can be found so desirable.
Containing neither oil nor dye, it does
not soil white cambric, and yet lasts
long on the hair, giving it a rich glossy
lustre and a grateful perfume.
