"JUNIATA ENCAMPMENT," No. 19, L. O. O. F. meets on the first and third Tuesdays of each month, in the Odd Fellows' Hall, Thompsonville, Juniata Co., Pa. WM. J. DENNIS, C. P. W. C. LOGAN, Sec'ry.

TOWN AND COUNTRY.

Blank Venue Notes for sale at this office. Persons making sales are invited to give us a call.

101.—One hundred and one persons joined Mr. Blackwelder's church during the late communion season.

New Spring Wagon, made after the latest style, for sale by N. E. Littlefield, Mifflintown. Any person calling soon may secure a bargain.

THE Juniata County Teachers Institute is holding its session here this week last evening Prof. Henry Carver, of the Bloomsburg State Normal School, addressed the Institute. The Court House was crowded to hear the Professor.

FOOT HURT.—Last Monday a bar of railroad iron slipped from the hands of the men who were carrying it and fell on Perry Culbertson's right foot, injuring it so much that it was deemed necessary to call Dr. Banks to give it the proper treatment.

ACADEMY.—There will be a public entertainment of the Pireno Literary Society, on Friday evening, Dec. 16th, 1870, after which there will be an Oyster Supper in the dining hall of the Academy, for the benefit of the Academia Sabbath School. The public are invited to attend.

OYSTERS, ICE CREAM, &c.—Go to Mrs. Wellers during the holidays, for your Oysters, Ice Cream, and other luxuries. She gives tip-top classes for 25 cents, supplies families with good fresh Oysters at \$1. per hundred, Oyster Crackers at 12 cents per pound, and everything good and as low as possible in price. Give her a call.

REAL ESTATE.—Daniel Richenbaugh advertises a very valuable farm, situated in Walker township, to be sold at public sale on Saturday, Dec. 24th. See advertisement in another column.

Michael Cadden, agent, offers at private sale, four and one fourth acres of land, with house and stable thereon erected, situated in Walker township. See advertisement.

PHOTOGRAPH GALLERY FOR RENT.—The Gallery now occupied by John M. Wimer, situated on Bridge street, Mifflintown, will be for rent on the first of January next. Possession given on the first of April. This gallery has one of the finest locations and is one of the most convenient in the central part of the State. For further particulars inquire of Mrs. J. M. BELFORD, or AMOS H. MARTIN, Mifflintown, Pa. Jan 7 4t

ACCIDENT.—Mr. William Noid, a citizen of this place, met with a serious accident at Duncannon, Perry county, last Friday. He was preparing a pump stock for a well and by some means he lost his balance and fell to the bottom of the well a distance of 29 feet. Fortunately the water in the well was not deep, or he would have been drowned before assistance could have been rendered. He is at home confined to his room by the injuries received.

FIRE.—The citizens who live about the corner of Bridge and Water streets last Wednesday evening were startled and thrown into a tremor by the cry of fire. A coal oil lamp was accidentally thrown from a sewing machine in Mr. Wilson's store room, now occupied by the Howe Agency. Fortunately the fire was put out before any damage was done. The neighborhood received a severe nervous shock. Years ago—before our time—two young ladies lost their lives in a house that burned to the ground on the site now occupied by Mr. Wilson's house.

The Pennsylvania railroad company have recently introduced water troughs at one or two places on the line of their road west of Altoona similar to those in use on several of the principal railroads in England. These troughs are eighteen inches wide, six inches deep, sixteen hundred feet long and are kept full of water. When the locomotive reaches the trough, the fireman quickly lowers a spout communicating with the water tank of the tender, the water is forced through by the speed of the train and ere the trough is passed there is enough of water shipped for the use of the boiler to last several hours. It is calculated that 2,300 gallons of water can be drawn up at each trough. The object is to save time, the intention being to run the fastest trains from Harrisburg to Pittsburg with but one stop at Altoona, and so on the return.—Harrisburg Telegraph.

In the stomach of a cow, killed at Kennet Square, last week, a gold dollar and a leaden bullet were found.—West Chester Republican.

NOSE BITTEN OFF BY A DOG.—We learn that Philip Stuver's nose was bitten off by a dog of John Swartz's last Wednesday morning. The parties reside in Saville township. Stuver had gone early in the morning to Swartz's to borrow a stone sledge, and the dog seized and tore off the old man's nose, which was found sometime afterwards and put on; but too long a time had elapsed to permit it to unite again.—Perry county Freeman.

RIDICULOUS BLUNDER.—Josh Billings lately delivered a lecture at Lewisburg. As he proceeded up the aisle of the hall he was loudly applauded by the audience. A very prominent member of the Legislature, who did not know Billings was at the same time proceeding up the aisle just ahead of Billings. He at once conceived that the applause was intended for him in honor of his election, and he accordingly assumed the pressure and made a number of tremendous bows and gyrations. The blunder was at once observed by the audience, and the applause was renewed in the most uproarious manner, which so transported the feelings of the unfortunate wight that he almost ascended to the ceiling.—It is said to have been one of the most ridiculous blunders of the season.—Saville Times

A SPLENDID CHANCE.—To every person who will send us one dollar and a half and become a subscriber to the SENTINEL, between the date of this paper and the first of January next, we will give a premium. We will give to every such person a monthly journal, called the People's Journal; and to the patrons of the SENTINEL who are in arrears, but will pay up to the first of January and from that date pay one year in advance, we extend the same offer. We will send them both the Sentinel and the People's Journal for one dollar and a half. Such an opportunity has never before been offered to the people of Juniata county. We trust they will appreciate it. See our offer of premium of People's Journal in another column. Specimen copy of People's Journal can be seen at this office.

THE NEW YORK OBSERVER YEAR BOOK is said to be the most complete compendium of important information which has been compiled in this country. It will be a volume of over 220 pages, and, with an introduction containing an interesting History of Almanacs, will comprise several distinct Departments, as follows:

- 1. Explanations of the Cycles of time.
2. A Civil and Commercial Department.
3. An extensive Agricultural Department, giving Statistics of the various products of the country.
4. An Ecclesiastical Department.
5. A Department of Church Work, containing the Statistics of Benevolent Contributions for the country at large.
6. An Educational Department, with a complete List of Colleges throughout the country, and their Presidents.
7. A similar List of the Theological Seminaries of all denominations.
8. Medical Department, Medical Colleges, &c.
9. Legal Department, Law Schools &c. See advertisement in another column.

NO MORE HARD RUBBING.—Our fathers can recall the days when railroads and steamboats were novelties. They can recall the days when reapers, mowers, grain drills, washing machines, sewing machines, knitting machines, and many other machines now in use for the relief of manual labor, were unknown, and indeed, not dreamed of. This is an inventive age, and it is not safe to declare inventions with which we are unacquainted, humbugs. The latest invention that has appeared in Mifflin is a peculiarly constructed apparatus to be put into the common oblong shaped wash boiler with which housekeepers generally are acquainted. This wash boiler attachment, if all that is said of it be true, is about to revolutionize the whole process of "clothes washing." The rubbing, the long and laborious work that attended the washing of clothes in every family, is entirely done away with by this new boiler attachment, as much so as have the old methods of cutting grass and wheat with the scythe and cradle being superceded by the mower and reaper. Any family having the common oblong wash boiler, can get this late invention, which was patented last August, attached to it, and thus place in their house a labor-saving clothes washer, that does its work cleaner, it is said, than can be done by hand. We have not seen it wash, but we have the word for it of citizens who are truthful men, that it does its work satisfactorily. As we said above, no rubbing of the clothes is necessary; all that is required is to place the boiler on the stove put into it water, the patented apparatus, the clothes and soap—any common soap used in washing clothes will answer—and allow it to boil ten to fifteen minutes, take out, wring and rinse, and the work is done. The public should give this washer attention. Joseph Martin is the gentleman who is selling the patent "Steadman Washer" in this county, and N. E. Littlefield is the enterprising tinner who is making them. We truly trust that the long looked-for revolution in washing clothes has come, and that soon there will be no more hard rubbing.

COURT PROCEEDINGS.—Jesse vs. William Cox.—Action to recover school and bounty taxes of which plaintiff was collector. Deft introduced set-off for firewood furnished pliff, &c. In this case the point was made and affirmed by the Court that bounty taxes in excess of 20 mills on the dollar of assessed valuation in any one year were unlawful and could not be collected in law. Verdict for pliff for \$19.82. A. J. Ferguson vs. Noah Hertzler.—Assumpsit to recover the value of 3,300 straps or shaved hoop poles, valued at \$40.00 per thousand. Deft alleged that the straps were worthless, having been rotted by exposure to the weather before they were delivered to him, and further that he was only the agent of Ferguson, and selling these straps on his account. Verdict for pliff for \$33.59.

State Bank vs. Neal McCoy.—Assumpsit to recover upon a promissory note given by McCoy for a patent right, the article patented being designated by the high-sounding title of "Patent Spring Lock Horse Hay Fork." McCoy alleged that the agent for the patentee approached him when he was drunk, that he did not know anything about what he was doing, and that he had no knowledge, whatever, of the transaction. When he recovered from his intoxication he discovered himself the happy proprietor of a deed for territory in the Fork Patent, and he soon afterwards learned from the proper source that his promissory note for \$225, was in possession of the Harrisburg State Bank as a consideration therefor. The evidence showed that the State Bank had purchased this note with many others from these patentees, who had obtained them all for the same consideration, to wit, a worthless patent for law. Verdict for deft, subject to a point of law reserved by the Court.

J. Rhinestrom & Son vs. Jacob Will.—Action to recover the price of a keg of ginger brandy. Defence that the liquor was bad and not the article bought. Pliff took a non-suit.

Columbia Fire Insurance Company vs. John N. Vanormer.—Assumpsit to recover assessments made against deft, whose property was insured in this company. Case taken from the jury and referred to the Court upon legal questions. Decision reserved.

Columbia Fire Insurance Company vs. Joseph Gingrich.—Judgment by consuit for \$1.00.

Columbia Fire Insurance Company vs. T. M. McAlister.—Assumpsit to recover assessments on a premium note. Defence that deft had disposed of the property insured and surrendered his policy to the agent of the company. Case referred to the Court and decision reserved.

Commonwealth vs. Jacob King.—Indictment, larceny. The defendant was accused of taking a padlock with felonious intent. The defence showed King to have been insane when the offence was committed. Verdict not guilty.

Com. vs. J. H. Case.—Indictment, adultery and bastardy. Overseers of Greenwood township, prosecutors. Sarah Reed, mother of the child, was the parent of two illegitimate children, and had a very bad reputation. J. H. Case is a physician, 70 years of age, and had during his whole life borne an irreproachable character. The case was full of disgusting details utterly unfit for publication. Soon after it opened the innocence of Dr. Case became apparent, and the further it proceeded the more evident his innocence became. All were convinced it had been begun for the purpose of blackmailing the Doctor, and it was an utter failure. After being charged by the Court the jury found a verdict of not guilty, after a very brief consultation.

R. C. Graham and others petitioned for viewers to assess damages sustained by the passing of a public road through their lands. Abraham Reed, Harvey Neely, and James McCulloch were appointed viewers. Upon the petition of numerous citizens of Spruce Hill township viewers were appointed to report upon the propriety of constructing a bridge over Tuscarora Creek, near Spruce Hill School House, on the road leading to Academia and Johnstown. George W. Jacobs, H. L. McMeen, and John McLaughlin were appointed viewers.

The viewers appointed to assess damages upon the petition of Samuel Kepner, appointed at September term, reported damages sustained by Kepner at one hundred dollars. James B. Okeson, Juno Thompson and John Bennett, viewers.

J. B. Wilson, Adam Sponhour, and William Banks were appointed to view a site for a bridge over the creek or basin at Mifflintown, and report upon the propriety of erecting this bridge. They reported in favor of its construction.

John M. Leech, of Delaware township, petitioned for viewers to assess damages sustained by the opening of a public road through his premises. Luke Davis, Augustus Baum, and Robert Sartain were appointed viewers.

The viewers appointed to report upon the propriety of building a bridge over Cocalamus Creek, below Mr. Brown's mills, at the expense of the county, reported in favor of the construction of the bridge. Report approved by the Grand Jury and the Court. John Sellers, Benneville Ritz, and John Watts, viewers.

The viewers appointed by the Court to lay out a public road leading from the Peru Mills road to the Shade Valley road in Lack township, reported against the proposed road. Jacob Driesbach, Geo.

M'ulloch, and Francis Milliken, viewers. James North, George Jacobs and D. M. Jamison were appointed to view a proposed road in Walker township, on lands of John McMeen and J. W. Wimer. Report unfavorable to the opening of the new road.

W. P. Gruver, A. J. Howell and Henderson Gilson were appointed to report upon the propriety of vacating a public road in Tuscarora township, running from the Peru Mill road to the East Waterford road, near James Milliken. Report in favor of vacating the road.

Viewers were appointed to lay out and report upon a public road in Turbett township, to be laid out from Solomon Koons to the road leading from Port Royal to Pomeroy's mill. John Wise Haupt, J. Thomas Stewart, and Joshua P. Evans were appointed viewers.

STRANGE.—It is strange how close the people read the papers. We never say anything that anybody don't like but what we soon hear of it, and everybody tells us about it. But, if once in a while we happen to say a good thing, we never hear that anybody seems to notice that. We may pay some man a hundred compliments and give him a dozen puffs, and he takes it as a tribute to his greatness and never thinks anything about it—never thinks it does him any good. But if we happen to say something that this very man don't like, or something that he imagines reflects on him or his character, see how quick he flies up and gets mad about it. All our evil is duly charged to us, but we never apparently, get any credit for what we do.—Montour American

Commercial.

A CARD.

A Clergyman, while residing in the South America as a mission, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this safe remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it. Free of charge. Address: JOSEPH T. SMAN, Station D. Bible House, New York City.

NATURE'S HAIR RESTORATIVE

Contains no LAC-SULPHUR—No SUGAR OF LEAD—No LITHARGE—No NITRATE OF SILVER, and is entirely free from the Poisonous and Health-destroying Drugs used in other Hair Preparations.

Transparent and clear as crystal, it will not soil the finest fabric—perfectly SAFE. "CLEAN and EFFICIENT" is the motto of the SOUGHT FOR AND FOUND AT LAST!

It restores and prevents the Hair from becoming Gray, imparts a soft, glossy appearance, removes Dandruff, is cool and refreshing to the head, checks the Hair from falling off, and restores it to a great extent when prematurely lost, prevents Headaches, cures all Humors, cutaneous eruptions, and unnatural heat. AS A DRESSING FOR THE HAIR IT IS THE BEST ARTICLE IN THE MARKET.

DR. G. SMITH, Patentee, Grafton Junction, Mass. Prepared only by PROCTOR BROTHERS, Gloucester, Mass. The Genuine is put up in a panel bottle, made expressly for it, with the name of the article blown in the glass. Ask your Druggist for Nature's Hair Restorative, and take no other.

For sale at B. F. Kepner's Drug Store, Mifflintown, Pa.

A LECTURE TO YOUNG MEN. Just Published, in a Sealed Envelope. Price six cents.

A Lecture on the Nature, Treatment and Radical Cure of Spermatorrhoea, or Seminal Discharge, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Pits; Mental and Physical Injuries, resulting from Self Abuse, &c.—By ROBERT J. FULFORD, M. D., Author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self Abuse may be entirely removed without medicine, and without dangerous surgical operations, blisters, instruments, rings, or cordials, pointing out a mode of cure certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This LECTURE WILL PROVE A BOON TO THOUSANDS AND THOUSANDS.

Send under seal, to any address, in a plain sealed envelope, on the receipt of six cents, or two postage stamps. Also Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers, CHAS. J. C. KLINE & CO., 127 Bowery, New York, P. O. Box 4386.

THE DOUBLE-OVEN Sunnyside Cook of 1870. Is constructed on ENTIRELY NEW AND SCIENTIFIC PRINCIPLES, with SIPHON FLUE, guaranteed to thoroughly heat two large ovens, and six small holes, with two-thirds the fuel used in the single oven Cook Stoves.

We are still manufacturing our long and favorably known BARLEY-SHEAF COOKING STOVES, so highly esteemed by the public for several years past.

THE JUNIATA. Our great double-heating PARLOR STOVE, has been much improved and beautified this year. Where known the merits of this Stove need no comment.

Our celebrated SUNNYSIDE FIRE PLACE HEATERS, among its many premiums also carried off the first premium at the Maryland State Fair at Baltimore, in 1869, although subjected to the most severe tests at the home of the Baltimore Heater. This is the only true hot-air fire-place Heater in the market, and like the regular built heater loses no heat.

Send for Circulars and testimonials. STUART, PETERSON & CO., Philadelphia, Pa. For sale by N. E. LITTLEFIELD Mifflintown, Pa. Sep. 7 1870 3m.

MALISTERSVILLE TIN SHOP.—The undersigned has established himself in McAllisterstown in the Tinning business. Persons wanting anything in his line should call before purchasing elsewhere, as he is prepared to manufacture all kinds of Tin and Sheet Iron Ware, and to sell as low as they can be purchased elsewhere. His old customers and the public generally are respectfully invited to call, as he is hoping by strict attention to business to deserve a share of patronage. ang 18 '69 4t JACOB G. WINEY

Medical.

The Great Medical Discovery! Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, Hundreds of Thousands Resurrection to their "Faded" and "Faded" Faces. WHAT ARE THEY?

FOR FEMALE COMPLAINTS, such as Pain in the Head, Stomach, and Bowels, and all the various ailments of the Female System, this Bitter is a most valuable remedy. It is a pure and healthful preparation, and is sold in all the principal cities of the United States.

THEY ARE NOT A VILE FANCY DRINK, Made of Pure Rye, Whiskey, Proof Spirits and Refine Lignors distilled, and sweetened to please the taste, with "Fruit," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Root and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE of a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Resistant and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
