String Machines. THE CELEBRATED SINGER SEWING MACHINE. The superior merits of the "Singer" Machines over all others, for either family or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINE, which has been years in preparation and which has been brought to perfection regarding time, labor or expense, and is now confidently presented to the public as comparably the best Sewing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. It is quiet, high running, and capable of performing a range and variety of work never before attempted upon a single Machine—using either Silk-Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for hemming, braiding, cording, tucking, quilting, felling, trimming, binding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

Following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference for the GROVER & BAKER Machines over all others.

"I like the Grover & Baker Machine, in the first place, because, if I had any other, I should still want a Grover & Baker, and having a Grover & Baker, it answers the purpose of all the rest. It does a greater variety of work and it is easier to run than any other."—Mrs. J. C. Crilly (Young June)

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker, decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years, and from that time I know of its worth, and the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. General Grant.

"I believe it to be the best, all things considered, of any that I have known. It is very simple and easily learned; the sewing from the ordinary spool is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order."—Mrs. J. M. Spenser, 30 Bond Street, Brooklyn.

"I am acquainted with the work of the principal makers; and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have work now in the house which was done one year ago, which is still good."—Mrs. Dr. McCook, No. 43 East Twenty-third Street, New York.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which frolicsome boys will make in whole cloth. It is in my opinion by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

The Grover & Baker Sewing Machine Company manufacture both the Elastic Stitch and Lock Stitch Machines, and offer the public a choice of the best machines of both kinds, at their establishments in all the large cities, and through agents in nearly all towns throughout the country. Price Lists and samples of sewing in both stitches furnished on application to Grover & Baker S. M. Co., 115 Market Street, Harrisburg. April 27, 1870.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
