Take a common teacup half full of Gentleman's Farmisning Store. good strong vinegar, put in a tablespoonful each of fine salt and black pepper, ground fine, and let it soak. In the morning put a tablespoonful in each ear of the animal affected; the next morn- est possible living prices.

Laures Guiters and Shoes. ing repeat the dose. If the case is not a bad one, two applications will generally to effect a cure. As soon as the natural which he will sell at prices defying competiwarmth returns to the horns, then the cure is effected.

I would recommend not to bare the horns nor cut them off till the above remedy has been tried. 's

In applying the medicine, it will be recessary for one to hold the head and another to apply the medicine. Be sure will run into the head. I have not form the largest and best assortment in the knewn a creature to die with the horn county stil that has been treated with this, for er than any other store in the United States.

If you don't believe it, just give him a call thirty years:

THE TEETH OF A HOUSE,-At five years of age a horse has forty teethincisors appear. At a year old the mcisors are all visible on the first or milk set. Before three years the permanent pippers have come through. At four years old the permanent dividers next to the uppers are but. At five the mouth This way for Baris perfect, the second set of teeth having been completed. At six the hollow un der the nippers, called the mack, has disappeared from the nippers, and diminished HAVING removed our GOODS to Wilson's in the dividers. At seven the mark has in the dividers. At seven the mark has disappeared from the dividers, and the ceived a next teeth, or corners, are level, though showing no mark. At eight the mark has gone from the corners, and the horse Over Coats Dress Coats. Business Coats is said to be agod. After this time-in deed good authorities say after five years -the age of a horse can only be conjectured. But the teeth gradually change BOYS' READY MADE CLOTEING their form, the incisors becoming round. oval, and then triangular. Dealers sometimes bishop the teeth of old horses; that is, scoop them out to imitate the mark ; but this can be known by the Also, the latest styles of Ladies' Cloaks, Cirabsence of the white edge of enamel culars and Fors. which always surrounds the real mark, save money by giving us a call before puras well as by the shape of the teeth, and sell cheap for case. other marks of age about the animal
