

WEDNESDAY MORNING, MAY 17, 1871.

PENNSYLVANIA RAILROAD—ON AND AFTER SUNDAY, MAY 14, 1871, Passenger Trains will leave Millin Station as follows:

Table with 2 columns: Destination and Time. Includes Philadelphia Express, Harrisburg Accommodations, Mail Train, Cincinnati Express, etc.

JUNIATA ENCAMPMENT No. 19, I. O. O. F. meets on the first and third Tuesdays of each month...

TOWN AND COUNTRY.

Strawberries sell in Harrisburg at 20 to 25 cents per quart.

SOME one has said that gray veils keep off freckles.

A THICK fog hung over the river on Saturday morning.

THE cool nights of the past ten days held in check the growth of grass, corn and oats.

TUESDAY, the 30th inst., will be the day set apart for the decoration of soldiers' graves.

A FELLOW was lodged in jail last Friday for dishonestly dealing with a McAlisterville merchant.

D. C. WRIGHT will deliver a temperance lecture in the Court House, on next Monday evening, the 22nd inst.

THE Stambaugh property will be sold on Saturday next, the 20th inst., at one o'clock P. M.

IT is said that two boys recently at Lewistown became insane from the effects of too much study. Don't believe it.

THE people of Lewistown are growing strong in morality. Recently a young man was fined eleven dollars for swearing in that town.

NEW SCHEDULE—A new schedule went into operation on the Pennsylvania Railroad on Monday last. See time table.

THEY haven't got a "John Chinaman" up in the Register office, but they have the next thing to it—a Chinese spittoon, the first ever introduced into these parts.

WE have been authorized to state that the Committee for the distribution of the \$20,000 appropriation by the State for the relief of the sufferers by the great fire in Millin, Dec. 31, 1870, will soon publish a report of the distribution.

MR. A. J. HERTZLER is about to canvass this and neighboring counties for purchasers for cloths, cassimeres, tweeds, and jeans, flannels, plain and barred, and many other kinds of goods, which he will carry in a fine wagon. He will also exchange goods for well washed wool.

AN exchange writes the following concerning the greenback itch. It is a good hint to pay up: "The greenback itch is the latest complaint among bank tellers out west. We will stand all risks of the disease if our subscribers send us a thousand or more greenbacks."

A law has been passed by the Legislature for the protection of fish in the Delaware and Susquehanna rivers and their tributaries. The law prevents the putting of fish dams and baskets in any of these streams. It is the duty of the sheriffs of the several counties through which the streams course to "abate these dams."

SIMON ALBRIGHT's old friends and the public generally should bear in mind when they come to town that he now conducts the "Juniata Hotel," where he spreads a good table, and keeps clean and comfortable beds for his guests, and a large stable, with mow and garner well filled. The boarding and traveling public should patronize him.

ATTENTION, FARMERS.—Look to your interests and buy the Valley Chief Reaper and Mower combined, with self-rake, the best and speediest cutting machine in the market. The rake throws the gravel entirely out of the way of the team. The Valley Chief is manufactured by Marsh, Gier, & Co., Mount Joy, Lancaster Co., Pa., and is for sale in Juniata county by Daniel Auker, of Walker township, near Cedar Spring, and by J. F. G. Long, near Centre School House, in Spruce Hill township. [May 17-4t]

COURT HOUSE.—Nellie Love's New York Gaitie Comique, as will be seen by the advertisement in another column, will perform in the Court House in this place, on Monday and Tuesday evenings, May 22nd and 23rd. We are assured by our exchanges this troupe is first class in every respect, and their entertainments are such as the most fastidious may attend without fear of hearing anything not allowed in their own parlors. Miss Love is highly spoken of as an artist and lady. She in conjunction with Mr. Love was brought from England to this country by Messrs. Jarrett and Palmer of the Great Tammany Theatre in New York, where they played for 100 consecutive nights. This troupe is accompanied by a brass and string band, and judging from their programmes we may expect a rich treat on the above named dates. They give an entire change of programme on Tuesday evening.

ONIONS AND LETTUCE.—Many persons will use onions that have just begun to grow and throw away the tops, and perhaps at the same meal use lettuce.—This season of the year, tops of onions are more tender than lettuce if dressed in the same way.—Ez.

THOMAS WATSON has recovered three hundred dollars and cost from the city of Chester, having been damaged to that amount by an error in a survey, which caused him to build a blacksmith shop twenty inches below the grade of the street on which it was erected.—Ez.

THE Juniata Sabbath School Convention is in session in the Lutheran church in this place. The Convention opened yesterday at 11 o'clock, A. M., and will probably hold its last session this evening. A goodly number of delegates from different parts of the county are in attendance.

THE Supreme Court is in session at Harrisburg this week. The following Juniata county cases are on the list for argument:

Doty, Parker & Co. vs. Sulouff. Parker vs. Sulouff. West vs. Buckingham. State Bank vs. Neal McCoy. Borough of Millintown vs. Geo. Jacobs. Myers & Co's appeal.

AN exchange says: Some music teacher once wrote "that the art of playing the violin requires the nicest perception, and most delicate sense of any art in the world." Upon which an editor comments in the following manner: "The art of publishing a newspaper, and making it pay, and, at the same time, making it to please everybody, beats fiddling higher than a kite."

USE NATURE'S HAIR RESTORATIVE.—It is the best. —Contains nothing injurious. —Clear as crystal. —No sediment or filth. —Does not stain the skin. —Elegantly perfumed. —Restores gray hair. —Prevents the hair from falling off. —See advertisement.

GET OUT BED BUGS.—A lady contributor to the Western Rural writes: "Having purchased a house some three years ago where bed bugs had apparently had their own way for years, and hearing that kerosene would destroy them, I tried it, and with perfect satisfaction. It being a log house, I took a feather and applied the oil to every part where there were any bugs, and then to the bedstead. This I repeated twice during the summer, and I have seen but two bed bugs since."

MR. GEO. GOSHEN has just received at his cheap Store, in Patterson, another lot of Dry Goods, Groceries, prime Mackerel and Herring, Queensware, &c. He respectfully invites the public to give him a call, as he guarantees satisfaction. He is buying in bulk, and will pay the highest cash price for it. Railroad Ties will be taken at his Coal Yard at the Lock above Millin, and at Patterson, in exchange for goods of all kinds, and the highest prices allowed for them.

VALUABLE TOWN PROPERTY AT PUBLIC SALE.—The undersigned will offer at public sale, on the premises, at one o'clock, P. M., on SATURDAY, MAY 20th, 1871, that valuable building lot situated on the Southwest corner of Main street, in the borough of Millintown, on which there is a large barn with stabling for 10 head of stock, and room for the storage of 20 tons of hay. There is also on the lot a good selection of fruit, grapes, berries, &c., also a good cistern and pump, also, the remains of 100,000 bricks.

HOW TO BUILD UP A TOWN.—The Mercer Dispatch gives the following excellent recipe for building up a town: "We commend it to our merchants and business men. 'The best way to build up a town, is for every business man in the place to advertise his business in the columns of the local paper, and thus present an array of business houses equal to the number of houses on the street. It draws trade to the town, draws emigrants to the town, draws produce to the town, draws money to the town. If a man wants to buy anything, he goes where he sees the most men trying to sell that article. If he wants to sell anything, he goes where the most men are buying.— If a man wants to buy groceries or to sell produce, he goes to the business man that advertises, for he knows where to find him, and what he has to sell.—Ez."

DEATH FROM LOCK JAW.—Indecorably Sufferings.—The Carlisle Herald says: It becomes our painful duty to record the death of a bright and interesting little girl named Alice C. Leat, residing on Liberty alley, from one of the most formidable diseases of the nervous system—lock jaw. About two weeks since, the weather being pleasant, the little girl, like many other little folks, was running barefooted. While so doing she ran a splinter in the sole of her left foot. It pained her some at first, but nothing more was said about it until six or seven days subsequently, when she again complained of her foot paining her very much. Dr. Stewart was called in, but from the persistent, intense and painful contractions to which she was subjected it soon became apparent that lock jaw would ultimately take place. For 48 hours previous to her death the parents would fail to portray the terrible agony which she was compelled to endure.— Finally on Tuesday, the 2d instant, death put an end to her sufferings.

WM. P. MOFF, of Allentown, was trout fishing in Cedar creek a few days since. A man named Lewis German went on gassing for him and fired at him five times. Fortunately without injuring him. German was held in \$500 bail to answer for an assault with intent to kill.—West Chester Republican.

A MOUSE SETS A HOUSE ON FIRE.—At an early hour on Tuesday morning last, all West Chester was awakened by the cry of "Fire!" and the furious ringing of the Court House and fire bells.—The people seemed to be slumbering very soundly, and some time elapsed before many persons appeared on the streets. The alarm was caused by the discovery of fire in the house belonging to Mr. John Lent, on East Miner Street, occupied by Mr. Joseph Mitton. Mr. Mitton discovered the odor of fire in his house, and on getting out of bed and proceeding to the kitchen, found a fire raging in the cupboard. He at once shouted fire, which was taken up by one of the night policemen on duty. The firemen then assembled, but as the fire had not gained much headway it was extinguished before they reached the ground. The fire was kindled by a mouse gnawing a box of matches, thereby igniting them. The damage to the house was slight.—West Chester Republican.

SERIOUS FUN.—The Mechanicsburg Journal says: On Tuesday morning last Samuel Hertzler, residing near Shepherdsburg, unloosed the cattle from the stable in which they were confined, for the purpose of watering them, and as was his custom allowed the chains to remain on them. After they had emerged from the stable and were on their way to the water, a large and valuable bull and one of his largest and finest steers commenced playing, during which they became entangled by the chains fastening around their heads, and they fell. Seeing the dilemma, Mr. Hertzler made an effort to separate them, but found to his astonishment it could not be done, except by severing either the head of the bull or steer. Concluding that less loss would accrue from the loss of the bull, with assistance he severed the bull's head from his body, and, of course, they were separated. We are not aware of a similar instance.

PAPER IN THE HOUSEHOLD.—A writer in Heart and Home says: I do not propose to speak of the many useful and wonderful articles that are manufactured from paper, but merely of the valuable use to which it can be put by the housekeeper. Few housekeepers have time to black their stoves every day, or even every week. Many wash them in either clear water or dish water. This keeps them clean, but they look very brown. After a stove has been once thoroughly blacked, it can be kept looking perfectly well for a long time by rubbing it with paper every morning. If I occasionally find a spot of gravy or fruit-juice that the cloth will not take off, I rub it with a wet cloth, but do not put on water enough to take off the blacking. I find that rubbing with paper is a much nicer way of keeping the outside of my tea-kettle, coffee-pot, and tea pot bright and clean, than the old way of washing them in suds (The inside of the coffee and tea-pots should be rinsed in clear water, and never in dish water). Rubbing with dry paper is also the best way of polishing knives, spoons and tinware, after scouring. This saves wetting the knife handles. If a little flour be held on the paper in rubbing tinware and spoons, they shine like new silver.— For polishing windows, mirrors, lamp chimneys, etc., I always use paper in preference to a dry cloth.

PILES—Internal, External, Bleeding or itching. This distressing and harrowing disease is almost on the increase. More so, perhaps, from the fact that those who are afflicted with it are, from a false notion of delicacy, afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Unrivaled Pile Remedy, and, using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects.

HEADACHE, Neuralgia, and Nervous Diseases.—The wonderful effects of Dr. Briggs' Alligator, for the speedy cure of the above very prevalent and painful afflictions, known to many thousands who have used it with the most successful success. In every case of the complaint above enumerated it has never failed to give immediate relief. Its effect is magical beyond precedent. One trial will convince the most skeptical. Each bottle making two quart when diluted for use.

CONSUMPTION.—This fatal and dreaded disease can, and has been cured. Dr. J. Briggs' Throat and Lung Healer is a pleasant, agreeable and sure remedy for Coughs, Whooping Cough, Croup, Hoarseness, Bronchitis, Larjynitis, Sore Throat, Asthma, Consumption, and all diseases of the Throat, Lungs and Chest.

THE above medicines are sold by BANKS & HAMLIN, Millintown, and by druggists generally.

DIED.—HALLER.—On the 9th inst., in Fernmeadow township, of consumption, Peter Haller, aged 34 years.

New Advertisements. Ayer's Hair Vigor, For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness cured, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations so dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists generally.

It gives the hair that splendid appearance so much admired by all. By its tonic and stimulating properties it prevents the hair from falling out, and none need be without Nature's ornament, a good head of hair. It is the first real perfect remedy ever discovered for curing diseases of the hair, and it has never been equalled, and we assure the thousands who have used it, it is kept up to its original high standard.
