The annual decoration of the soldiers' graves will take place at Church Hill Cemetery, in Turbett township, on next Tuesday, the 30th inst., with appropriate ceremony. Throughout the entire length and breadth of the North the day will be observed, and the graves of our soldiers decorated.

C. S. SPRAGUE, agent for J. C. Ayer, the great medicine man of Lowell, Mass. had a pair of horses to run away with him last week, at a point on the Bellefonte pike, near Man's Axe Factory. Mr. Sprague was not hurt. He lost his pocket-book containing \$150, which, strange enough to relate, was found by an honest man, who not knowing to whom it belonged, left it at the National Hotel at Lewistown, whence it was procured by Mr. Sprague.

THERE is a story going the rounds of the press that a few Sabbaths ago a certain minister of a church in Danville, Kentucky, was so confused by a distinguished member of his church repeatedly blowing his nose so profusely that he forgot entirely that portion of his sermon undelivered, also the text. Thinking to relieve himself of the dilemma, he asked a brother for the text. The brother couldn't tell, and he became confused. Another brother was asked, and he stated a chapter and verse, but when the Book of books was opened, that wasn't the place. This mistake confused matters generally. The minister in despair asked that whoever knew the text should answer it, but the congregation had forgotten it and was abashed that their intention had become known to their pastor. A prayer ended this remarkable meeting and the congregation did not learn till the next week, that their preacher was in dead earnest in his inquiry for the text. They thought he was only trying them to find out how much they knew of the sermon.

TOO LATE.—We dropped into Mr. J. M. Wimer's Photograph Gallery the other day just as a party left who came too late to have their shadows taken. We of course asked why it was that pictures could not be taken then as well as at any other time in the day, and were fully convinced by Mr. Wimer's explanation of the working end of the camera, that to secure a good picture the setting must be done at the proper time. The time, as given by Mr. Wimer, is from 9 1/2 A. M. to 2 1/2 P. M., for grown persons, and for children, from 10 A. M. to 2 P. M., and for taking the pictures of children successfully, clear days must be selected. We publish the above hints, hoping to benefit those of our patrons who wish to have pictures taken, and at the same time have a good job made. We would here take occasion to state that Mr. Wimer is by far the best photographer that has ever been in Mifflin. The pictures taken by him are not surpassed by any artists outside of the larger cities, and but very few city galleries turn out better work. His prices are as low as those of any gallery throughout the country, and lower than those of most city galleries. Call and see him. Gallery on Bridge Street, Mifflintown, two doors east of the SENTINEL office.

DESPERATE ENCOUNTER WITH A ROBBER.—The Mechanicsburg Journal says: On Thursday night last, at about twelve o'clock, Mr. and Mrs. Weaver, residing a short distance north of this place, were awakened by the efforts of a man to gain admission to their house. Hearing the noise, Mr. Weaver, an old but when put to the test, a determined man, descended to the cellar and there encountered an individual, who, upon "Daddy's" appearance, took to flight, followed closely by Mr. Weaver. After an exciting chase "Daddy" came upon the robber, and brought him to the ground near his neighbor, Mr. Shreiner's. Here ensued a little contest in which Daddy came out best. Assistance arriving, the prisoner was placed in their charge, and brought to this place for confinement, but the Chief of Police being absent, and Justice Leas not having the keys of the lock-up, he was returned to Mr. Weaver, where he was kept until morning and then allowed to depart, up on the promise of not disturbing this community again. While confined an examination was had which showed that the individual was well supplied with necessary implements to break into a man's house, whether made of flesh or wood. While we congratulate "Daddy" upon his escape, at least from robbery perhaps murder, and appreciate his bravery and success in capturing the robber, we don't think he did right by allowing the villain to go, notwithstanding he was compelled to keep watch over him through the night. He should have sent him here the next morning. A villain like the one captured by him should not have the liberty of going where he pleases, and we shouldn't be surprised to hear of him and his deprecations in the upper end of the county—whither he wended his way when released.

Mr. Weaver had sold a quantity of wheat to Messrs. Becher & Nisely, of this place on that day, and had taken the money therefor home with him. It is thought the robber was aware of this fact.
