FARMER'S COLUMN. REVIVAL OF PEACH TREES.

A discovery of no small moment in the interests of agriculture has been made by Dr. George B Wood, and communicated by him to the American Philosophical Society, of which he is president. Peach trees in this vicinity, after producing a few crops, not only cease bearing but perish themselves in a short time, whereas their natural life is fifty or sb ty years, or more The cause of this . def et ve power of growth is believed by gant assortment of Ready-Made Clothing. Dr. Wood to be avoing to a definite of consisting in part of Dr. Wood to be owing to a deficiency of Jotash in the soil, and he assures us that Overcoats. Frock Conts. if this alkali be supplied to the tree so that it shall reach the small roots and be absorbed the fruit-bearing power is restored, and the tree itself, if pretnaturely And everything usu dly found in a first class perishing, is revived. Believing with most persons that the cause of the decay lay in worms at the root of the peach tree, he put in operation a plan which he had seen his father perform more than ment of Fancy Goods, of all classes, kinds and further which will be sold at the lowfi ty years before, viz; of digging around the lase of the stem a hole four or five momes deep, scraping away all the He also insites the attention of the ladies worms that could be found burrowing at to his fine stock of GATTERS AND SHOES. the junction of the steam and root, and filling the hollow thus made with fresh wood ashes from the fine, which of course retained all their potash. This was done in the autumn of 1868, and with a result in the following spring at which he buyer. himself was astonished. The trees uppeared to have been restored to all their early freshness and vigor; they put forth bright green heaves, blossomed copionsly, and hore a crop of fruit such Gold Pensand Pencils, &c., which at this time as they had never borne before, many of form the largest and best assortment in the the branches breaking down under the load of peaches. Dr Wood, in reflect-ing on these results, and noticing that several of the peach trees treated had no worms, came to the conclusion that we must look for an explanation to some other cause, than the destruction of a his Store where he offers for sale at low few worms, and this cause he believes to prices a general assoriant of the prices a general assoriant of be the ashes, the potash of which being Mattresses, Trunks, Carpets, Stanks, Racks, dissolved by the rains, descended along the roots of the rootlets, and presented Patterson, May 1, 1871. to them the very food for the want of which they were dying. Decaying apple trees bearing stinted and inedible fruit have been revived by a similar prowood's orchards gave promise of an This way for Barabundant supply of fruit this season. THE WELVIL.

its green and tender state. If the wheat prepared to do business, and have just reis thrashed soon after harvest and thrown into a bulk, it undergoes a heat which destroys the egg, and it sustains no injury ; but if it remains long in the shock Over Coats Dress Coats, Business Coats, its way out of the grain, to its great in- style and quality, for male or female.

I have sometimes marked its absence if several years; but after a mild winter Alsa, Carpets White Shirts, Faney Over they generally appear. In the more Southern States I believe they are never absent The black weevil haunts our Also, the latest styles of Ladies' Cloaks, Cir granatics, where they are generated .- culars and Furs.
