CRAWFORD H. BROWN, FORMERLY

of this city, was arrested in Sunbury, a few days ago, on a charge of bigamy.—It seems, Mr. Brown forgetful of the fact that he had a wife and one child living here, wooed, won and married a Miss Anna Bennix, of Cokesbury, Northumberland county, which fact having come to the knowledge of the friends of his wife, led to his arrest and incarceration in the Hollidaysburg jail.—Blair County Radical.

BY THE COURSE THAT McFARLAND & CO.

are pursuing, the Democratic party is the only party that will receive any benefit. Let the Republicans stand to their colors, and do not be diverted by the efforts of these men to inveigle them into the support of their State ticket. They should not, however, be molested by violence, as is suggested in this week's Republican.—Tar and feathers are hinted at, in case certain parties come into Juniata county to further their schemes. Let no Republican so far forget himself as to countenance such a course. Such a spirit is akin to Kukuism, and only needs the proper society to develop it into all the violence that characterizes the Klan in the South.

INFORMING THE NAILS.—THE TROUBLE

and pain from this cause can be immediately and permanently relieved, without pain, in the following simple manner:—Take a file some four inches in length, bastard cut, flat on one side and round on the other, new and sharp. File down all the exposed part until it is soft and pliable. This will relieve the part pressing into the flesh, which need not be cut or extracted. The filing is not in the least painful as the file will not take hold of the skin or flesh. In the course of several months the nail will grow out thick again, when the filing should be repeated. The edge of the nail will never grow into the flesh so long as the top of the nail is soft and pliable; and there is nothing so simple, convenient, safe, and painless for keeping it so as a file.

THE CORRY BLADE HAS THE FOLLOWING:

"A conductor on the Oil Creek Road, one of those gentlemanly fellows, you know, who are so bashful (we don't give his name), was collecting fares of his passengers. An old lady sitting near the door seemed to be busy searching for something she had dropped on the floor. As the conductor approached her, she raised her head and said: 'I alas, when I travel, carry my money in my stocking, so nobody can get it, and I'd think you, young man, to reach it for me. I'm so jamm'd I can't get it at.' The blushing conductor glanced over the passenger, now roaring, when meeting the eyes of a party of ladies, he beat a hasty retreat, muttering something about not charging old ladies any fare. His cash was short so much that trip. We don't think that was Ed. Stevens, but it might have been."

EXCITED.—THE JOHNNON HYBRID

over our appal last week to the Republicans of Juniata to watch false leaders, who in times gone by, sold out our party to the Democracy. Conscience must have smote the man had to have induced him to publish a paragraph like the one this week's Republican, under the head of "Personal." There is nothing said in that paragraph that cannot be heard on any day by stopping a moment to listen to the conversation and jeers of the malicious of any community. It would be more becoming and less suspicious in the Republican to defend the Republican candidates from the aspersions that the Democrat and Register made last week, than to assail us for advising the party against false leaders who sell and debauch the party. See to it that you stick to the ticket, and don't sell out this fall. As to the rod in pickle, we have only to say that we will try and attend to it when you draw it out, and perhaps you will wish you had left it to soak."

A STRANGER TAKEN IN.—LAST EVENING

about seven o'clock, when Mr. Jno. Gilligham, of Carbonade, Luzerne county, was visiting the capital grounds and inspecting the soldiers' monument, a man approached him and commenced a conversation with him, and while it was progressing another individual approached and addressed the stranger No. 1, stating that he sent his trunk to the depot, and wanted his money. The party addressed acknowledged his indebtedness, but stated he had no small change, and at the time proffered two \$20 gold pieces. Stranger No. 2 refused to take the pieces, and Mr. Gilligham was requested by stranger or sharper No. 1 to give him forty-five dollars in notes for the coin.—The two strangers then departed, and Mr. Gilligham saw them no more, and subsequently ascertained that the twenty dollar pieces were bogus. He made information at the Mayor's office, but up to the present writing no arrests were made. The sharpers have made forty-five dollars clear, have no doubt "gone where the woodbine twine." A STOLEN HORSE RECOVERED BY A JOKE.—THE LAST MONAGUEHA REPUBLICAN

gives the following account of the somewhat singular and unexpected recovery of a stolen horse:

Some two weeks ago, a trio of Carroll township boys being on their place attending court, Messrs. Nelson, Henry and Wylie, started home about midnight, going up the pike on horseback. At the Valley Inn School house, they halted to have a moment's talk before separating. While there a man rode hastily down the pike. The boys thinking that he, like themselves, was out 'parking,' determined to find out who he was, and where he had been. So they called out in sport, "Stop, Thief! Halt!" The rider instead of stopping spurred on his horse, and arriving at Hamilton's Store took up the Brownville road. That being Mr. Nelson's road home, he followed, still crying out halt stop! The stranger finding himself in danger of being overtaken, edged his horse into a fence corner, and took the woods. Somewhat dismayed at the serious train his joke was taking, Nelson called out that it was only, fun and that he did not want his horse. No attention was paid to this, however, but the mysterious Stranger fled into and through the woods, and out of sight. Nelson took the horse back to the pike, and meeting Mr. Newell, it was put in his stable, at Valley Inn.

Now comes the queer part of the story.

The next morning, Mr. James Williams came down the pike with the word that a horse had been stolen from Mr. Isaac Stueher the night before, and that he was on the way to our town to telegraph the news to different points. He was told about the strange horse in Newell's stable, and going there found the lost animal. So the intended joke turned out to be the real capture of an actual horse thief—and no wonder the rascal was scared when the young man called out "Stop Thief!" He had been quite cool about it too, for having first caught the animal in the field at Stueher's, he took him into the stable where he fed him horse feed, saddled, bridled and rode him off. This is the coolest piece of roguery we have recently met, and about the best result of a joke.
