

WEDNESDAY MORNING, OCT. 4, 1871.

PENNSYLVANIA RAILROAD—ON AND

Trains will leave Mifflin Station as follows: EASTWARD. Philadelphia Express, 1.50 A. M. ...

TOWN AND COUNTRY.

Search—Local items. The time to catch fall fish—Now. Coming rapidly—Corn husking time.

All dead and gone to smash—The "White Man's Party."

An exchange says that young ladies prefer those newspapers which make the most bustle.

Pretty well gotten up, but a questionable political document—The Irish poem in last week's Democratic Sentinel.

Hard to beat—The 79 lb pumpkin brought to town by A. K. Kaufman, of Walker township and sold to Mr. Al. Wright, of the Juniata Hotel.

On the day of the election have horses and wagons ready to convey the aged and the feeble to the polls.

PUBLIC SALE—Wilson Saak, of Walker township, will sell at public sale on the 14th inst. one cow, one hog, lot of poultry, and household furniture.

A point who had his coat sewed where he should not have had it, writes: "Last night I drew from my sleeve a little golden hair."

Lucky for me that my dear wife did not find it there."

Two or three doses of Sheridan's Cough Condition Powder will cure a horse of any common cough or cold, and the very worst cases may be cured in a few weeks. We know this from experience.

BEAR PERFORMANCE—Yesterday afternoon two men with a well trained bear traveled our streets, followed by a large crowd of young America. His bearship went through all sorts of performances at the bidding of his keeper.

An editor says the business men of a western town have presented their editor with a fine horse and buggy as an evidence of their appreciation of his paper. We hope there will be no such trick played upon anybody here.

THERE is no disease flesh is heir to more troublesome to manage than rheumatism. It comes when you least expect it, and generally remains till it gets ready to go away. The most conspicuous remedy for this complaint is John's Anodyne Liniment.

DAVID P. KURTZ, of this place, and JOHN MOTZER, of Mexico, are about opening a Dry Goods, Grocery and Variety Store at the latter place. They have just received from Philadelphia a general assortment of dry goods, groceries, queensware, glassware, hardware, and everything usually kept in a country retail store. We bespeak for them a large share of public patronage.

NOTICE TO PAY UP—All persons indebted to me for shoe-making, on my own individual accounts, are hereby requested to call and settle the same, on or before the 29th day of November, 1871. All accounts remaining unsettled on that day will be placed in the hands of a Justice of the Peace for collection.

A. B. FASICK

AN ANT TRAP—Procure a large sponge, wash it well and press it dry, which will leave the cells quite open. Then sprinkle over it some fine white sugar, and place it near where the ants are most troublesome. They will soon collect upon the sponge and take up their abode in the cells. It is then only necessary to dip the sponge in scalding water, which will wash them out dead. Put on more sugar and set the trap for a new haul.

ALASKA—Where on this globe can we go beyond the omnipresent Yankee? Landing at Sitka, we had walked but a short distance into the town when we reached the northern depot of Dr. Ayer's medicines in full display among the hats, shanties and courts of these boreal tribes. There the familiar home-like names of his Cherry Pectoral, Pills, &c., salute us from the exterior and the interior of a store which shows more business than its neighbors, and proves that these simple but sure remedies are even more necessary to savage life than to ourselves when they visit every fire-side.—Correspondent Alaskan Journal.

A CURE FOR HOAG CHOLERA—R. H. Worthington, Esq., of the second district of Baltimore county, sends to the Townsontown Journal the following prescription, which he states is a sure cure for hog cholera: Take ten grains of calomel and ten grains of tartar emetic, and make them into a pill. As soon as it is known that the hog is sick give the pill. If there is no change for the better by next day, or within about twenty four hours, give another pill of the same ingredients. Mr. Worthington informs us that he has never known a second dose of medicine fail to effect a perfect cure and restore the hog to health. Mr. Worthington himself has cured more than 100 hogs, which have been afflicted with cholera, by this medicine.

HITCHCOCK'S ANALYSIS OF THE HOLY BIBLE.

This is a work of very peculiar interest, affording to every one that full and satisfactory knowledge of the Holy Bible which (practically) would not be found in any other work now before the religious world. Dr. Hitchcock has in this work so carefully selected all passages of Scripture treating upon any point of Holy Writ that no one need be at a loss to have that perfect knowledge of the truth as it is, the whole Bible, from Genesis to Revelation, being carefully analyzed and arranged in logical order, so that every text treating upon any subject is placed directly before you. Being thoroughly indexed, you can open at once to the desired subject. This work contains also Creuden's Concordance complete, Proouncing and Interpreting Dictionaries, a Dictionary of all Religious Denominations, History of the Bible, Maps, Engravings, &c., making it a work indispensable to those who would learn more perfectly the way of life. Good and reliable agents will shortly wait on the citizens of Juniata county, and give them an opportunity to examine and judge of the merits of the work.

We append the following testimonials: I have examined Hitchcock's Analysis of the Bible, and consider it a most valuable aid in the study of the Scriptures.

JOHN THURSH, Pastor M. E. Church, Lewistown, Pa. In the above I fully concur. O. O. McCLEAN, Pastor Presbyterian Church, Lewistown, Pa.

I have examined Hitchcock's Analysis of the Bible, and consider it a most valuable aid in the study of the Holy Scriptures. A copy of the work should be in every Christian family. J. H. BROWN, Pastor Lutheran Church, Lewistown, Pa.

Having examined Dr. Hitchcock's Analysis of the Bible, presented by E. W. Smith, I am free to pronounce it a real Christian gem, and do most heartily recommend it to all who would learn more perfectly the way of life. J. J. KERR, Pastor Lutheran Church, Huntingdon, Pa.

I should rejoice to see a copy of this very valuable work (Hitchcock's Analysis of the Bible) in every family of my congregation. JOHN McILLEN, Pastor Presbyterian Church, Mt. Pleasant, Pa.

So far as I have examined this Analysis I consider it very useful. MATTHEW ALLISON, Pastor Presbyterian Church, Mifflintown, Pa.

So far as I have examined this work I esteem it good, and recommend it. B. M. BLACKWELDER, Pastor Lutheran Church, Mifflintown, Pa.

Having purchased Hitchcock's Analysis of the Bible some two years since, and made constant use of it as a guide book, I can heartily commend the same as being in every particular a most thorough, comprehensive, and satisfactory work. To the religious and thoughtful public it appears as an extraordinary means for the more perfect study of God's revealed will. We could wish a large circulation in our community. H. C. PARDOE, Pastor M. E. Church, Mifflintown, Pa.

All persons who aspire to beauty of personal appearance should not neglect that natural accessory, the hair. By many it has been neglected until the hair has become thin, gray, or entirely fallen off. Messrs. Hall & Co., of Nashville, N. H. have produced an effectual remedy, called Sicilian Hair Renewer, which cures all diseases of the scalp. This wonderful preparation acts upon the glands, which support and nourish the hair, restores gray hair to its original color, makes the scalp white and clean, and removes and prevents the formation of dandruff and all cutaneous eruptions; and by its tonic and nutritive properties, restores the scalp to a healthy state, and creates a new growth. As a dressing, it is unsurpassed, giving the hair that brilliancy so much admired by all.—Boston Commercial.
