JAMES NORTH, Ag't

TOWN AND COUNTRY.

Coming in regular time—winter.

Grand autumn days—Sunday and Monday.

"A paper that takes—A sheriff's warrant."

"A question of time—Asking a lady her age"

Appears and disappears every day—Jack Frost.

A man in Mifflin county raised a seven pound sweet potato.

A wit said that "the lady that took everybody's eye must have had quite a lot of them."

WANTED—A girl to do general house work. Apply to John Graybill, of this place.

SQUIRE JACOBS is putting up another office on his lot on Bridge street, east of Main street.

THE highest price in cash will be paid for chestnuts, at Kreider's Restaurant under Will's hotel.

AN exchange says that no Democrat has ever been murdered for his political opinions in this country. Comment is unnecessary.

AN aged and respectable citizen of Mifflin county named Wm. Kyser, died on the 4th inst, from the effect of an overdose of "Cure oil."

THE Harrisburg *Legal Opinion* has been purchased by John W. Brown, one of the proprietors of the *Patriot*. He will enlarge and otherwise improve it.

THE Agent for the sale of "Hitchcock's Analysis of the Bible" is now canvassing this county. Every Bible reader should have a copy of this valuable work.

WANTED IMMEDIATELY—A Pantaloon or Vest Maker, to whom steady work will be given. Apply to

S B LOUDON,
Mifflintown, Pa.

LOST—A pair of gold spectacles, on Sunday, somewhere between the corner of Main and Bridge streets and the Methodist church. The finder will be rewarded by leaving them at this office.

EMANUEL SHAFFNER, of Dauphin county, was arrested last week on the suspicion of having poisoned two wives from the effects of which she died. The case will be tried at Harrisburg.

FEVERS seldom make an attack without warning, and may often be thrown off by soaking the feet in warm water wrapping up warm in bed, and taking two or three of *Parson's Purgative Pills*

MUSK-RATS are building conically shaped winter quarters in the river. Those who profess an acquaintance with the habits of the animal say that it means that we are to have an early, hard and long winter.

A Missionary, just returned, says he regards *Johnson's Anodyne Liniment* as beyond all price, and efficacious beyond any other medicine. It is adapted to a great variety of special cases, and is the best pain killer in the world.

BEAR CAUGHT.—A bear was caught last Saturday night in a trap that John Tyson, of this place, had set on the top of Shade Mountain, directly north of town. The brute was brought down to Mr. Tyson's place, where it can be seen.

Attention.—The young men who contemplate organizing a Cavalry Company in this county, will meet at Perrysville, on Saturday, November 4th, at 1 o'clock P M. All who favor such an organization are cordially invited to attend. VOLUNTEER.

ONE of the institutions of Juniata county is G. L. Derr's Dental Office, established in Mifflintown, in 1860. And I now wish to state that on the 1st day of November next I shall take possession of my new office, on the old grounds, Bridge street, opposite the Court House, where I can be found at all times during business hours; and further that all work done that week (not previously contracted for) will be done at one-third less rates than regular prices. Full upper or lower sets from $5.00 to $20.00 per set. Five dollars will invariably be charged when temporary sets are ordered Any one having badly fitting sets of teeth can have them remodeled or exchanged at low prices, and made perfectly satisfactory. Teeth filled and repaired. I shall keep constantly on hand an Electric Battery, by the use of which the extraction of teeth is rendered almost a painless operation No extra charge made for its use. All work warranted to give entire satisfaction. A fact that is not generally known is, that it is not necessary to extract a tooth to stop permanently any toothache. I can in five minutes stop any nervous toothache without removing the tooth.

G. L. DERR,
Practical Dentist.

THE *Register* is provoked at our Jackson Democrat correspondent from Greenwood and stands off, making faces, and fairly yells "*curiosity!*" Boo hoo! boys how sour the grapes are.

LARGE fires have been raging in the mountains on the south side of the Narrows, between this place and Lewistown, and also on the Licking Creek side of the same mountains On Sunday and Sunday night the valley people worked hard to keep the fire from getting down to the fences about their farms.

YESTERDAY the County Commissioners awarded the contract for building an iron bridge across Cocalamus creek, near Browns's Mills, Fayette township, to C. W. Dean, agent for King's Iron Bridge and Manufacturing Co., for the sum of fifteen hundred dollars. The contract for building the mason work was let to John Watts, of Richfield, for two dollars and twenty-five cents per perch.

HIGHWAY ROBBERY.—A city paper says: At midnight, on the 18th inst., at Harrisburg, Mr. George Rice, ex chief engineer of the Reading railroad, was robbed of sixteen thousand dollars. Mr Rice, who is now the contractor of a new railroad from Driftwood, Elk county, to the Allegheny railroad, arrived at twelve o'clock on the Reading railroad from Philadelphia, with a satchel containing sixteen thousand dollars, to pay the hands employed by him. He jumped from the train before it reached the Reading depot, to proceed to the Pennsylvania Central depot, to meet his partner, Mr Thomas A. Reilly, who was to accompany him to Driftwood. The satchel was strapped to his arm. He was met in the dark by an unknown peason who threw cayenne pepper in his eyes, cut the strap and disappeared with the satchel and the money Mr. Rice reached the Lochiel Hotel, where he is under medical treatment.

ARMY OF WILD BEASTS COMING—400 men and horses, 300 wild animals, a pair of elephants, a herd of camels—Forepaugh's big show, en route for Philadelphia, to exhibit at Mifflintown, Tuesday, October 31st. Returning from a grand campaign through the West, Mr. Adam Forepaugh, in accordance with announcements made several months since, is to visit this town and county, Tuesday, Oct. 31, exhibiting at Mifflintown on the afternoon and evening of the day named.

This is the largest traveling show in the world. Two mammoth tents are used, for the menagerie and the other for the circus All who visit the menagerie are admitted to the circus *free*

In the menagerie are many animals never before seen by the rising generation in this county, and by few only of the oldest inhabitants. Prominent in the list of animals is the African Eland, the River Horse, the Gorilla, Tree-Topper, Cariboo, Ostriches, Camelopard, Gnu, White Camels, eight Wild Lions, and Leopards, Tigers, Bears, Panthers, Monkeys, elephants, and in fact a species of every animal worth looking at.

The circus unquestionably is the best now traveling, embracing more and better performers, horses and paraphernalia than ever were put upon the road.

Parties visiting the menagerie, unless desirous of so doing, will neither see nor hear anything pertaining to the circus, which is held in another tent. A grand Dress Parade will be made on the morning of the exhibition day. One hundred matched horses gayly plumed, will draw the long line of animal dens; ten camels will appeared harnessed to the cage containing the African eland; eight Shetland ponies will be harnessed to a beautiful bird bower, and sixteen thoroughbred Arabian horses will appear harnessed to the great Egyptian chariot, containing the military band, which travels with the company.

We expect to see the biggest crowd here next Tuesday that has assembled at Mifflintown for some time. Don't stand upon the order of your coming—but come and see

Hundreds are neglectful when they are slowly but surely drifting onward to certain destruction, who might with a little care, and by the use of proper remedies, check their downward tendency.—Dr. J. THE

AMERICAN WASHER.

PRICE $5.50.

The American Washer Saves Money, Time and Drudgery.

The Fatigue of Washing Day no longer dreaded, but Economy, Efficiency, and Clean Clothing, Sure.

In calling public attention to this little machine, a few of the invaluable qualities, (not possessed by any other washing machine yet invented,) are here enumerated:

It is the smallest, most compact, most portable, most simple in construction, most easily operated. A child, ten years old, with a few hours' practice, can thoroughly comprehend and effectually use it. There is no adjusting, no screws to annow, no delay in adapting! It is always ready for use! It is a perfect little wonder! It is a miniature giant, doing more work and of a better quality, than the most elaborate and costly. One-half of the labor is fully saved by its use, and the clothes will last one-half longer than by the old plan of the rub board. It will wash the largest blankets. Three shirts at a time, washed thoroughly! In a word, the ablation of any fabric, from a Quilt to a Lace Curtain or Cambric Handkerchief, are equally within the capacity of this LITTLE GEM! It can be fastened to any tub and taken off as will.

No matter how deep rooted a prejudice may exist against Washing Machines, the moment this little machine is seen to perform its wonders, all doubts of its cleansing efficacy and utility are banished, and the doubter and detractor at once become the fast friends of the machine.

We have testimonials without end, setting forth its numerous advantages over all others, and from hundreds who have thrown aside the unwieldy, useless machines, which have signally failed to accomplish the object promised in prominent and loud sounding advertisements.

It is as perfect for washing as a wringer is for wringing.

The price, another paramount inducement to purchasers, has been placed so low, that it is within the reach of every housekeeper, and there is no article of domestic economy that will repay the small investment so soon.

$5.50

All that is asked for this GREAT LABOR SAVER, is a *fair trial*. We guarantee each machine to do its work perfectly.
