TOWN AND COUNTRY. JOHN B. GOUGH will lecture at Tyrone on January 30th.

TYRONE boasts of a man that can eat 150 oysters at one sitting.

A RAILROAD connecting Lewistown and Bellefonte, across the Seven Mountains, is talked of.

This is the "week of prayer" Services in all the churches of this borough every evening.

A DISPATCH from London says that 5,000 persons died of small pox, in that city, during the past year.

A SMART fellow says: The most pleasant kind of husbandry is—the removing of a widow's weeds.

An old bachelor, who ought to be ducked in the river, says: Some girls are like old muskets; they use a good deal of powder but won't go off.

There have been eighteen hundred and seventy nine deaths by small pox in Philadelphia, within the past six months.

Who is Eureka? Answer—Eureka is an educated, intelligent, unmarried young lady, well known to the people of Millport and vicinity.

"COMPULSORY education" is a topic for talk just now. Read Professor Wickensham's views, as given on our editorial page.

Mr. John Hostetter, of Perry county, was killed near Newport, on the 2nd inst. while attempting to cross the railroad in front of an approaching train of cars.

On the night before Christmas some fellow stole a sick turkey from the Bedford farm, at Bedford. It is believed that the thief had a heavy roast.

For chapped hands; rub the hands well with goose grease at night; wear gloves while in bed, in the morning wash the grease off, rub on a little glycerine.—Ez

MR. DAVID WATTS retired from the County Treasury, at the close of last week, leaving the county out of debt.—Mr. Laird assumed control of the County finances.

Mrs Jane A. McCrum, wife of E. B. McCrum, Esq., of the Altoona Tribune, died on the 30th ult., of consumption.—Mr. McCrum has our sympathy in his sad bereavement.

WANTED.—Lewis R. Rhoads, of Phoenixville, has arrived at John A. Gallaher's, in Walker township, and desires to purchase two car loads of cattle. Farmers having cattle to sell would do well to let him know.

THE young ladies in a town in Indiana have organized an anti tobacco chewing society. They are pledged to not kiss a young man who chews tobacco. Tobacco chewing has gone out of fashion in that town.

Samuel Reifensberger, of Perry county, was charged with rape. He was so effected by the charge that when the constable sought him at his blacksmith shop he stepped behind the shop and cut his throat with a razor.

SOME days ago a New Jersey sheriff went to serve an attachment on Charles R. Burroughs, who lived alone. He was found sitting in a chair frozen stiff. It is believed that he took poison before sitting down.

SOME days ago Henry McFerrin, of Bedford, met with a singular death. He went out rabbit hunting. Before doing so, he placed a loaded revolver in a side pocket of his coat. A rabbit was holed in a stone pile. While in the act of digging it out, the revolver fell from the pocket on to the stones and was discharged. A ball entered Mr. McFerrin's abdomen and passed upwards, causing instant death.

WORTHY OF NOTE.—An exchange says there is scarcely a day passes that we do not hear, either from persons coming into our office or in some other way, of the success of Johnson's Anodyne Liniment in the cure of coughs and colds, so prevalent about town just now.

AN exchange gives the following as a cure for small-pox: Sulphate of zinc, one grain; fox glove (digitalis) one grain; half a teaspoonful of sugar; mix with two tablespoonfuls of water. Take a teaspoonful every hour. This remedy, it is positively asserted, will cause small pox or scarlet fever to disappear in twelve hours.

ASSIGNOR'S SALE.—H. M. Grouinger and C. B. Horning, Assignees of George Goshen, will sell at public sale, at the residence of Mr. Goshen in Patterson, on Wednesday, January 17th, one horse, 4 head of fat cattle, 3 head of hogs, farming implements, locust posts, doors, sash, coffee, spices, &c.

Also, on Thursday, Jan. 15th, at the coal-yard and grocery above Millfin, 200 tons of coal, lot of shingles, siding, oak lumber, groceries, boots, shoes, buckets, &c. Sale to commence at 10 o'clock each day. A credit of 3 months will be given on all sums over five dollars. See hand-bills.

MR. GEO. K. ANDERSON, born in Tuscarora Valley, Juniata county, now a resident of Titusville, has given to the Ladies Home Relief Association of that city the use of a commodious two-story house and twenty acres of ground free of expense for one year, for hospital purposes, and offers in addition, if more room should be required, to put up a temporary building or addition to the house, without charge. Besides this, he promises the Association that if, during the year, they find themselves prepared to erect a permanent hospital, he will furnish the ground or donate \$2,500 for that object, as the society may choose.—This liberal offer was accepted, and "a voice of hearty thanks passed."

CHARLES CUTLER, a boy aged about 12 years, lost his life on Tuesday last week, at Freedom, in nobly attempting to rescue another boy from drowning.—They had been on the dam skating, and subsequently they commenced running and sliding, during which a boy named Parker broke in and sank, but in rising caught hold of the ice. While in this position young Cutler went to his rescue, and either slipped or lost his balance, plunging into the water, and before aid came was lifeless. He is said to have been a remarkably quiet and well behaved boy, well thought of by everybody, and the entire community there sympathize with the bereaved family in the sad misfortune which has overtaken them.—Lewistown Gazette.

ACCIDENTAL SHOOTING.—On Saturday, the 23d ult., a number of boys of Canoe Valley, were out rabbit hunting. Having chased one into a stone pile, one of the boys, a youth of sixteen, named John Bowman, in the employ of Mr. P. K. Harnish, commenced digging it out. Another boy, named Focht, laid his gun on the ground behind Bowman, who told him to take it away. Focht took up the gun, but in doing so, accidentally discharged the load, which struck Bowman, entering his hips and lodging in his abdomen. The gun was heavily charged with buck shot. The boy managed to walk to his father's house, a mile distant, but at once went to bed, suffering terribly from internal hemorrhage. The services of physicians were of no avail, and on the following Tuesday death relieved the unfortunate young man of his sufferings.—Huntingdon Journal.

BOY-OD.—Boys, when they are boys—are queer enough. How many ridiculous notions they have, and what singular desires, which in after life change and shape themselves into characteristics. Who remembers when he would have sold his birth-right for a rocking horse and his new suit of clothes for a monkey? Who forgets the sweet faced girl, older than himself, against whose golden hair he leaned and wept his grieves away? Who recalls when the thoughts of being a circus rider appeared greater than to be the President; and how jealously he watched the little fellows that wore spangled jackets and turned somersets, and prayed to become like them? If memory preserve not these caprices, or something similar, the boy is lost in the man. Happy visions! they come but once and go quickly, leaving us ever to sigh for a return of what can never be.—Ez.

ACCOUNTS of speedy and effectual cures of cancer by the use of clover tea continue to reach us from all directions. From Brooks county, Ga., a responsible gentleman writes to the Knoxville (Ten) Whig, giving the case of a lady who had been afflicted for eighteen years with a cancer which had resisted the efforts of the best medical aid to effect a cure or even alleviation of the disease. The cancer had attacked her on the right cheek, just below the eye, and had eaten pretty much all that side of her face, together with the eye and the greatest portion of her nose. This lady has been completely cured in a few months by the use of clover tea. The red clover is used; the tops are boiled in water, and the tea is used externally and internally. About a quart a day should be drunk, and the tea used as a wash twice every day. This remedy should have the widest publicity. It is inexpensive, and if it should fail to effect a cure in any case it certainly can do no harm.—Ez.
