COMMITTEE.

D. W. HARLEY & Co., in the Nevin Building, have a large assortment of Clothing of the best kind, and at prices so low that to understand them it is necessary to call and learn for yourselves Give them a call.

WE have been requested to state that an adjourned Teachers' Institute will be held at McAlisterville, on next Friday and Saturday, 19th and 20th inst. All the friends of education are invited to attend.

THE proceedings of the House of Representatives at Washington were opened on the morning of the 9th, with prayer by Abraham De Solo, a Jewish Rabbi. He is the first Hebrew that opened Congress with prayer.

THE importance of giving *Sheridan's Cavalry Condition Powders*, to horses that have been out in the cold rain, stood in cold wind, or drank too much cold water, cannot be over estimated; no man should be without them who owns a good horse.

LEWISTOWN would like to argue itself into the belief that it will soon be a city. Such an inference at least may be received from one of the papers published in that town. There is nothing like having a good opinion of one's self, neighbor. At many places in the West where they have a tavern and a store they declare the place a city—a city of "magnificent distance."

A SHREWISH wife, quite sick, called to her husband to come and sit by her bedside. "This is a sad world, my dear," said the wife plaintively. "Very," coincided the man. "Were it not for leaving you, I would love to quit it." "Oh, my dear," eagerly responded the fellow, "how can you think I would interfere with your happiness. Go by all means" The lady got well,

WE were pleased to see, not long since in one of our exchanges, some pretty severe remarks addressed to several persons, who, during an interesting lecture by Rev. Jno S. C. Abbott, kept a continous coughing, which prevented many from hearing. People who cannot refrain from coughing, had better stay away from such places, or else take a bottle of *Johnson's Anodyne Liniment* with them.

A GOOD story is told of a man who went for the first time to a bowling-alley, and kept driving away at the pins, to the imminent peril of the boy, who, so far from having anything to do in setting up the pins, was actively at work in an endeavor to avoid the ball of the player, which rattled on all sides of the pins without touching them. At length, the fellow, seeing the predicament the boy was in, yelled out, as he let drive another ball: "Stand in among the pins, boy, if you don't want to get hurt."

AT a meeting of the Juniata Reform Council, Jr. O. of U. A. M., No 93, held on Tuesday evening, the 9th inst., the following officers were elected for the present term:

P. C.—E B. Cramer.
C.—F H Williams.
V. C.—H W. Ziders.
R. S.—W. B Lauver.

Rep. to S. C.—W. B. Lauver.

Miss Kate Stanton, an essay writer and lecturess, on advice "Whom to Marry," says: "Marry a large woman, one who wears at least a No. 5 shoe; marry a healthy widow with healthy children rather than a young girl, for she has had the advantage of experience; but, best of all, marry an old maid, though she is difficult of access." To women: "Marry a healthy man, especially a fat man, round like a pumpkin; but don't marry a gossippy man (unless he is a reporter or editor, who is forced professionally to be a gossiper). Above all, don't marry" she said, "a drunkard, a gambler a quack doctor, or a defamer of women."

A CASE of accidental poisoning from eating canned rhubarb occurred in Bristol a few days ago. It was very palatable and indulged in pretty freely by all but one in a family of six persons. Those who partook most largely were the soonest relieved by vomiting. On a little girl, six years old, who had eaten only moderately, it acted almost immediately.—The effects upon the adult members of the family did not pass off until the next day. The rhubarb was put up in the usual way last summer in tin cans. It is thought that the acid in the plant coming in contact with the tin produced poison, which was the cause of the sickness. Some persons, however, are of the opinion that the plant itself is poisonous at certain stages of its growth.—*West Chester Republican.*

ON the 17th inst the Senate at Harrisburg was completely organized by the election of Mr. George W. Hamersley, Republican, Chief Clerk of that body—Mr. Randell voting for him—and the passage of a resolution that the "present officers of the Senate continue to discharge their duties until otherwise ordered" A change in the other offices will most probably take place after the election in Philadelphia.

The Speaker Senator Rutan, then announced the appointment of the committees. Senator Crawford has been placed on the following: Divorces, Agriculture, Public Buildings, New Counties and County Seats. Mr. Mitchell has been placed on the following House Committees: Pensions and Gratuities, Roads, Bridges and Ferries, and Federal Relations

A PRESIDING elder of the United Brethren Church was preaching in Minnesota, and was much annoyed by persons talking and laughing. He paused, looked at the disturbers, and said: "I am always afraid to reprove those who misbehave in church. In the early part of my ministry I made a great mistake. As I was preaching, a young man who sat before me was constantly laughing, and making uncouth grimaces. I paused and administered a severe rebuke. After the close of the sermon, one of the official members came and said to me: "Brother you have made a great mistake. That young man whom you reproved is an idiot!" Since then, I have always been afraid to reprove those who misbehave in church, least I should repeat the mistake, and reprove another idot." During the rest of that service, at least, there was good order.

TERRIBLE EXPLOSION OF THE BOILER OF A STEAM SAW-MILL IN DELAWARE TOWNSHIP—*One Man Killed and Three Others Badly Hurt.*—There has been a portable steam saw-mill, owned by John Y. Shelley, in operation in a piece of wood about three miles northeast of Thompsontown, in Delaware township. It appears that on Monday morning, the 8th inst., by some mistake water was not turned into the boiler. Fire was made under the boiler, but its emptiness was not discovered until it was red hot, and a number of pipes had been so damaged by the heat that they were unsafe Work was of course suspended. A machinest from Harrisburg was brought to repair the damaged boiler. The machinist pronounced the boiler ready for use on Friday, the 12th inst. Water was turned on and the fire made. The machinist was making a final examination about noon, and had just pronounced the whole machine in working order, when a terrific explosion took place, tearing the mill to pieces, and scattering it in all direction. The machinist was near the boiler and in a stooping attitude at the time. The missiles passed over him and did him no injury. A laborer named John Graham was instantly killed. He was about 35 years of age, and leaves a wife and five children Henry Rumbaugh had two ribs broken and was badly scalded. Foster Dimm was badly scalded, and a young man named Jackson sustained severe injuries.

THE status of the county paper is truthfully set forth in the following, by an observing country editor:

"We sometimes meet individuals who complain about their county paper and cease to take it, preferring to subscribe for a city paper They do not seem to comprehend the facts in the relation to publications and support of papers. In the first place, the terms of nearly all city papers are the same as the county, $2 for a single copy, and the only way they get them for less than that price is by clubbing; and sending for a number of copies at a time. Then again they must invariable send the money in advance, which they seldom do for their county paper. But the principal difference consists in the fact that it costs the publisher of the county paper the same to set his types that it does the city publisher, and setting the type is the principal expense in publishing a newspaper of small circulation. After the type is once set the expense is then merely for blank paper and press work, and the paper with a hundred thousand subscribers has the advantage at two dollars. Of course the large city papers contain a greater amount of reading matter than the county papers, but which is the most useful and interesting? Do they contain notices of our schools, churches, meetings marriages, and hundreds of other local matters of interest which the county papers publish without pay? Not an item. Do they ever say a word calculated to draw attention to our county and to its numerous thriving towns, and aid in our progress and enterprise? Not a line.—And yet there are men who take the contracted view of this matter that unless they are getting as many square inches of reading matter in their county papers as they do in a city paper, they are not getting the worth of their money It reminds us of the person who takes the largest pair of boots in the box, simply because they cost the same as the pair much smaller that fit"

The following postoffice appointments have been recently made is this county:

GOLDEN FOUNTAIN PEN.

Something new and novel. Be sure and read the advertisement in our paper, headed "Greatest Invention of the Age." We believe the Golden Fountain Pen is unsurpassed. A good pen is a necessity to every man, woman and child. Agents, here is a chance to make money in introducing a good and saleable article.

Piles instantly relieved and soon cured by using Dr. Brigg's Pile Remedies. They reduce inflamation, soothe the irritated parts, and have proven a blessing to the afflicted, whether internal, external, bleeding or itching piles. All kinds in all stages must yield to the wonderful influence of these never failing remedies. Sold by Druggists.

THE ONWARD PROGRESS OF SCIENCE.—It is an indisputed fact that the skill of man is daily developing improvements in various departments of industry. Each and all have an aim for our general welfare. One of the most desirable and long wished for results has been accomplished in the discovery, by Dr. J. Briggs, of his Corn and Bunion Remedies, his Alleviator for the cure and prevention of common Corns, and his Curative for the absolute cure of Festered Corns, Inflamed Bunions, Ingrowing Nails, Sore Instep, Blistered Heels, Tender Feet, &c., &c. Sold by Druggist.

COUGHS, COLDS, AND THROAT AFFECTION.—As all seasons of the year, many people seem to be suffering with Throat Diseases, manifesting themselves in various forms such as Coughs, Bronchitis, Laryngitis, Asthma, Pthisic, and other highways to that prince of terrors—Consumption. Hundreds are neglectful when they are slowly but surely drifting onward to certain destruction, who might with a little care, and by the use of proper remedies, check their downward tendency.—Dr. J. Briggs' Throat and Lung Healer is the acme of perfection for the speedy cure of all diseases of the Throat, Lungs, and Chest—Can be given to the infant and aged with perfect safety, as it contains no injurious drugs of any description. As a general household medicine, it is rapidly becoming indispensable. Sold by Druggists.

DR. BRIGGS' Allevanter cures Headache, Neuralgia and nervous diseases. Try it.—Sold by BANKS & AAMLIN, and druggists generally.

A FINE assortment of Cloths, Cassimeres, Vestings, &c., just received and for sale by S. B. LOUDON.

FOUTZ'S CELEBRATED Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Pollow Horn, etc. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Fevers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper by a barrel of swill the above diseases will be prevented or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.
