

The Juniata Sentinel.

WEDNESDAY MORNING, MAY 8, 1872.

PENNSYLVANIA RAILROAD.—ON AND AFTER SUNDAY, NOV. 12, 1871, PASSENGER TRAINS WILL LEAVE MIFLIN STATION AS FOLLOWS:

Table with 2 columns: Train Name and Time. Includes Philadelphia Express, Eastward, Westward, Southern Express, Pacific Express, etc.

TOWN AND COUNTRY.

REBY.—Farmers putting in corn.

QUESTION.—Will the Democrats raise a club for Mr. Greely's Tribune?

APPLE, peach, cherry and other fruit trees about town are blossoming profusely.

Rev. Mr. Ferrard will preach at Van West School House next Sabbath at 3 o'clock P. M.

The attention of wool-growers is asked to the advertisement of A. J. Hertzler, in another column.

At a heavy discount—Greely and Brown stock among Republicans about Millin.

Approaching.—The day set apart for decorating the soldiers' graves. The 30th of this month is the day.

A SILENCE in John Keiser's cart created quite a sensation on Water street, on Monday last about noon.

It is safe to say that the wheat crop in Juniata county will not reach half the average yield the coming season.

The charred locust trees, that looked like monuments to the great fire, have been removed from the Duty household property.

T. J. MIDDAGH sold his trotting colt to A. H. Irwin, of Clearfield county.—This is the fourth horse he has sold this spring that went to that section.

The Cincinnati Convention does not appear to excite the people of our county near as much as the large variety of goods Shelby & Stambaugh are selling so cheap.

A gentleman in Fayette township owns a dog that is not only a skilled con hunter, but is also an adept in looking up snapping turtles that have left the water.

Now FOR FUN.—On Saturday afternoon next, a game of base ball will take place in this borough, between the "Scrubline" and Juniata Club of this town.

Wonder if Shelby & Stambaugh don't take the papers or know the price of gold, or what can be the reason they are selling Sugars and Coffees, and in fact all Groceries so cheap.

A Lot of mules got mauld under the care of a male driver last Sunday, just after dinner, and scampered up the pike instead of down, as the driver wished them to go.

TEACUPERS LODGE, No. 332, K. of P. meet every Tuesday evening in the Keystone Hall, Patterson. The charter books will be kept open until July 9th, 1872. Admission fee, \$5.00.

The fish question is just now a good deal talked of, but not more talked of than is the great variety of Hardware at Graybill's new hardware store, in the Crystal Palace Building.

LEUTENANT Burchfield reports military matters in Juniata county, in a healthy and progressive condition, three companies being fully organized and a fourth so far progressed that organization will soon be effected.

William Cutchy, who was severely injured at McVeety town, on the 25th ult., by a telegraph pole falling across his abdomen, is still lying at the Keystone Hotel, in Patterson, under medical treatment. We are glad to learn, however, that he is improving.

THERE is no definite report of the doings of the Tuscarora Valley Railroad Commissioners, but there is a definite report that goods of all kinds are sold at Laid & Bell's store in Patterson, at attractive prices.

Mr. SULOUFF is tearing down the Gall-later warehouse, with the intention of erecting another a short distance from the one that is being torn down. The dimensions of the new one will be 60 feet by 40. The inside of the building will be so arranged that it can be converted into a steam mill without much trouble, if desirable.

LEO BROKEN.—On Thursday last Mr. William B. Coates, of the borough of Patterson, while working on the new track below that town, was struck by the locomotive of a passing train and knocked off the track, breaking both bones of the left leg several inches above the ankle, and cutting and injuring the foot of the right leg. He was conveyed to his own house in Patterson, and had his limbs dressed by Dr. D. M. Crawford, assisted by Dr. L. Banks. He is now getting along as well as could be expected.

LAST Sunday before daylight some malicious fellow broke two lights in the cellar window of Mrs. Littlefield's residence. A number of the neighbors heard the glass jingle and the footfalls of the scamp as he passed out of the alley on to Cherry street.

"WELL, what kind of Trimmings do you think I should put on my dress, Jane?"

"Sarah, I cannot just tell; but you go to Shelley & Stambaugh's and see their styles, and you can very soon tell."

THE Cincinnati Convention has completed its work, and some of its members think it has done it up Brown for the whole season. There is one thing more certain than that, and that certainly is that D. W. Harley & Co. have done it up brown by laying in a tip-top stock of Ready-Made Clothing for the Spring and Summer Trade, at reduced prices. See advertisement.

SOME nights ago Charles Phillips caught a coon alive in the woods, south of David Dashor's residence. The coon was brought to town and properly caged, as Charles supposed, but not so. One fine morning the coon was missing. It had worked itself out of the cage in which it was placed. This is ominous of a Democratic defeat in the coming campaign.

If you need Paints, Oils, &c., call at Graybill's new store.

A SMALL quantity of carbolic acid in paste for laying paper hangings, and in whitewash, will repel cockroaches and all other insects. It will also neutralize the disagreeable odor consequent upon the decomposition of the paste, which in newly prepared walls is sometimes very oppressive. The cheapest and best form of carbolic acid is crystal, which dissolves in water at an excess of temperature.

NEW GOODS! NEW PRICE!—Just received a large stock of Goods, consisting of Groceries, Canned and Dried Fruit, Noodles, Beans and Shoes, Fish, Salt, Confectionaries, &c., which will be sold as cheap as the cheapest, for Cash or Country Produce. Call and examine my stock and hear prices, and be convinced that at Kirk's Store is the place for bargains. J. W. KIRK

YESTERDAY the School Directors of this county met in convention at the Court House in this borough, at 1 o'clock P. M., for the purpose of electing a County Superintendent, and organized by electing Dr. P. L. Greenleaf, President, and Captain Lewis Deegan and E. B. McWilliams, Secretaries.

It was resolved, without a dissenting voice, that the salary now received by the Superintendent should not be increased or decreased.

The following gentlemen were nominated for the office of County Superintendent: D. E. Robinson, of Turbett twp.; S. M. Shelby, of Fayette twp.; W. Smith, of Walker twp.; L. W. Doty, of Millintown.

On the sixteenth ballot Mr. Robinson was elected. Mr. Robinson is heartily endorsed by all who know him. He has hosts of friends.

SAD ACCIDENT.—Last Friday a week, Hugh Wertz son of Hugh F. Wertz, Esq., of Harrison twp., took a piece of a gun barrel, about two feet long, and started out in the woods to practice the art of shooting. The first thing however to be done was to construct a lock, cock and stock to the barrel—a rather difficult job, you say, but then you know American genius is ready for any emergency, and our young gunner was not to be baffled by trifles. He drove an iron plug into one end of the barrel and after ramming in a good charge of powder, filed up the balance of the barrel with bullets, shot, &c. and then touched the trigger. The first thing that happened was that the gun shot both ways. The "stopper" or "plug" struck Mr. Wertz in the face, penetrating his upper jaw immediately under his nose, inflicting a very ugly wound, which will disfigure him for life. It was a miracle or a Providential interference that he was not killed. Another warning to those who are in the habit of experimenting, or trifling rather, with fire arms.—Bedford Inquirer.

FURNEY'S Press urges Gov. Geary to sign the fish bill.

The members of the Republican State Central Committee will meet for organization at Harrisburg May 15th, 1872.

THE Times says Dr. Walpole has lost his beautiful mare. She died suddenly you think I should put on my dress, Jane?

"Sarah, I cannot just tell; but you go to Shelley & Stambaugh's and see their styles, and you can very soon tell."

CHAPPED hands are very common with those who have their hands much in water. A few drops of Johnson's Anodyne Lintiment rubbed over the hands two or three times a day, will keep them soft and white. Fishermen, sailors, and others will do well to remember this.

PETITIONS praying Gov. Geary to sign the Fish Bill are being circulated throughout the county. All should sign.

Up in Vermont (says the Hearth and Home) there lived a reprobate family named Ransom. Once, however, they were induced to attend a meeting during a revival. They came late, and had hardly taken their seats, when the preacher gave out the hymn, "Return ye ransomed sinners home." "All right," said the old man, getting up in a rage and clapping on his hat. "Come along, old woman and gals, we'll go home fast enough, and everybody in this ole church knows we didn't want to come."

SURE CURE FOR NEURALGIA.—The Newark Gazette says: "A friend of ours who suffered horrible pains from neuralgia, hearing of a noted physician in Germany who invariably cured that disease, crossed the ocean, and visited Germany for treatment. He was permanently cured after a short sojourn, and the doctor freely gave him the simple remedy used, which was nothing but a poultice and a tea made from our common field thistle. The leaves are macerated and used on the parts afflicted as a poultice, while a small quantity of the leaves are boiled down to the proportion of a quart to a pint, and a small winglass of the decoction drunk before each meal. Our friend says he has never known it to fail of giving relief, while in almost every case it has effected a cure."

A GAME THAT WOULDN'T WIN.—A Pair of Confidence Operators Attempt to fleece an Englishman.—Yesterday morning a young Englishman arrived in this city on one of the trains from the east, and it seems he was followed by a pair of confidence operators. Soon after his arrival here confidence man No. 1 met him on the street, and after ascertaining where he was from and his destination, started to the Englishman that the party he was in search of was an uncle of his, and he would do what he could to get him a position and would be pleased to introduce him to his uncle. No. 1 then said he had a quantity of baggage at one of the hotels, and asked his English friend if he would assist in carrying it to the depot. The Englishman assented, and in company with confidence man No. 1 was going up street, when confidence man No. 2 stepped up to No. 1 and said he had sent the baggage to the depot, and then said he wished No. 1 would settle that little indebtedness of his.

No. 1 then drew a quantity of gold ( bogus of course) from his pocket and offered to pay No. 2 when the latter declined taking it, stating that he preferred to have notes. No. 1 said he was sorry that he could not accommodate him, as he only had coin, and turning to his English friend suggested, that he should give him notes for the coin, but the Englishman, who was not as green as they supposed, said: "No, gentlemen, I thank you, I have heard of such individuals as you are before." No. 1 then bid his friend good by, promising to meet him at the noon train, but failed to do so. The Englishman went to the Mayor's office, and stated the case and two of the police forces were sent to the depot, but did not succeed in capturing the sharpers.—Harrisburg Telegraph.
