FOUL FOOT AND OTHER DISEASES IN

Foul in the Foot .- Cows and other stock, when fed in low, wet pasture, will BRIDGE STREET, MIFFLINTOWN. often suffer from ulcers or sores, generputrid matter, or pus. Sometimes it first BOOTS, SHOES AND GAITERS. appears in the form of a swelling near the top of the hoof, which breaks and GENTS', LADIES AND CHILDREN discharges foul matter

The rough and common practice among farmers is to fasten the foot in the same manner as the foot of an ox is fastened in shoeing, and draw a rough rope back and forth over the ulcerated can furnish you with any kind of work you ING OF parts, so as to produce a clean, fresh may desire. wound, and then deess it with the or other similar substance.

This is often an unnecessarily cruel operation. The loose matter may easily be removed by a knife, and then care fully wiped off with a moist spenge. The animal should then be removed at a born.

If the case has been neglected till the pasterns become swellen and tender, the Gents' Fine and Coarse Boots. sore may be thoroughly cleaned out, and dressed with an ointment of sulphate of iron one onner, molasses four onners, simmered over a slow fire till well mixed. Apply on a piece of cotton batting, and secure upon the parts. If any morbid growth of fungus appears, use equal parts of powdered blood-root and alum sprinkled on the sore, and this will usually effect a cure. Some also give a dose of flour of sulphur balf an ounce, powdered sassafras bark one onnes, and burdock two onuces, the whole steeped in a quart of boiling water, and strained when cool; and, if the matter still continues to flow from the sore, vicinity that he has opened a Boot and Sho wash it morning and night with chloride Shop, for the present, in the room occupied by N. E. Litt efield's Tin Shop, on Bridge of soda one ounce, or a table spoonful of street. Miffintown, where he is prepared to common salt dissolved in a pint of manufacture all kinds of .

Foul in the foot causes very serious treable, if not taken in season. The health of cows is injured to a great ex lowest prices. 187. Repairing promptly attent. I have seen, during the present senson many justances of foul in the foot in dairy steck arising from the wetness of the pastures. No lameness in cattle should be neglected.

Red Water is so called from the high color of the urine. It is rather a sym tom of some derangement of the digestive organs than a disease of itself, and the cause is most frequently to be found in the quality of the food. It is peculiar to certain localities, and is of very are occurrence in New England.

In the early stage of the difficulty the TIBE undersigned would respecifully in Lowels are been but soon constination ensues, and the appetite is affected, the the milk decreases, and the urine be- large number of the different varieties of Grapes; and having been in the business for comes either very red or sometimes seven years, he is now prepared to furnish

The case demands treatment, for it is apt to prey upon the bealth of the cow. Pergatives are usually employed with most success. Take a pound of Epsom ralts, half an ounce of ginger, and half by the single vine, dozen, hundred or thouan ounce of carbonate of ammonia Pour sand. All persons wishing good and thrifty a quart of boiling water on the salts and solves. ginger, stir thoroughly, and, when cold, per Good and responsible Agents wanted. add the ammonia: If this fails to act on the bowels, repeat a quarter part of it every six or eight hours till it succeeds. Then a nutricious diet should be used till the appetite is fully restored.

If a cow is once effected in this way, THE undersigned begs leave to inform the and she had better be disposed of.

stock are subject when exposed to wet with their patronage. weather and damp pastures.

The cold may be bad at first, or may be so light as not to attract attention; Also, Shorts, Bran, Ship stuff and Chep but it often leads to worse complaints, and ought, when observed, to be attended to at once, by keeping the animal in a dry and warm barn a few days, and take an ounce of sweet spirits of nitre in a pint of ginger tea, mix, and give in Post Office.

Millin, or at Pennell's Store in Patterson or addressing a note to Bex 35. Patterson Post Office. a quart of thick gruel.

The cheapest way to keep animals healthy is to treat them properly in time, and before disease is sealed upon them. Hoose often ends in consumption and death

Inflamation of the Glands often occurs in hoose, catarrh, etc., but they reswallow without pain sometimes, and ough of Patterson, and is prepared to a swallow without pain sometimes, and unacture, in a neat and durable manner, soft food should be given. Remove the Some make a relaxing poultice of marshmallows, or similar substances; and rub the throat with a mixture of olive or goose oil one gill, spirit of camphor one ounce, and a half a gill of vinegar.

catarrh or hoose sometimes leads to inflammation of the lnngs, which is indicated by duliness and sore cough. The by turning out superior work, he hopes to ears, the roots of the horns, and legs, merit and receive a large share of public are sometimes cold. The breath is hot, patronage. as well as the mouth; and the animal rarely lies down, and is reluctant to move, or change its position.
