Nothing better in their place than eggs—but a dirty sticking nuisance they are when hunting and grunting along Cherry street for cherry seeds. The Boston Jubilee communication will appear next week.

BASKETS of all sizes, can be bought cheap at Graybill's Hardware Store. The picnic held by the M. E. Sunday School on last Thursday, at Macedonia, was one of unusual interest.

BARREL CHURNS, Cedar Buckets, Wash Tubs, &c., for sale at Graybill's.

We were glad to receive the communication from Fayette, and would state that the only reason that the card announcing Mr. Lyons for Delegate to the Constitutional Convention, does not appear in this issue, is that he has already been announced in the SENTINEL. See card.

GO to Shelley & Stambaugh's for your Fruit Jars. They have the variety at prices to suit you.

A FACT worth remembering—Five cents worth of Sheridan's Cavalry Condition Powders, given to a horse twice a week, will save double that amount in grain, and the horse will be fatter, sleeker, and every way worth more money than if he did not have them.

A STEPSON of Mr. Showers, of this place, aged about 5 years, fell into the water while attending the Sunday-school picnic at Macedonia, on Thursday last, but fortunately was saved from drowning by Mr. E. Schott, who dragged him out as he rose to the surface the second time. The boy was unable to speak for some time.

REAL ESTATE FOR SALE.—Samuel Leonard, Assignee of Christopher G. Engler, will offer at public sale, at two o'clock, P. M. on Saturday, August 31, a lot of ground in Walker twp., occupied by the said C. G. Engler, containing 17 acres, with a good Dwelling House and Stable thereon erected.

SINCE Horace Greeley has published what I know about Farming," the public have been eagerly, anxiously, and incessantly urging Wm. F. Snyder to publish a work on "What he knows about Chair-making." Snyder knows a good deal about it, and could give satisfaction, but he prefers to have people come to his Ware rooms, on Main Street, Millin, where he can show them what he knows about chair-making by exhibiting to them all the different styles of chairs desired. He guarantees to give satisfaction to all who purchase of him. Don't fail to call at his place before purchasing elsewhere.

LIGHTNING has been fearfully active in Perry county, as may be learned from the following items, which we clip from the Perry County Freeman of last week: BARN BURNED AND MAN KILLED.—We learn that the lightning struck the barn of Mr. Billman, near Mount Zion church, in Spring township, on last Monday afternoon, and set it on fire by which it was totally consumed. Mr. Billman's son, aged about 22 years, was struck and instantly killed while in the act of closing the barn doors. The entire crop of grain, with the exception of a little rye, and a small quantity of hay, together with old wheat enough to have lasted him another year, were consumed—Whether insured or not, we do not know. We understand that a few other buildings in that neighborhood, were struck by lightning at the same time, but were not seriously damaged.

BARN BURNED BY LIGHTNING.—On Wednesday afternoon of last week a barn, built in 1859, owned by John Smiley, and situated on Sherman's Creek in Carroll township, was struck and set on fire by lightning, and in about ten minutes the roof fell in, and all its contents consisting of the present wheat crop, a portion of the hay crop, farming implements, etc., totally consumed. Mr. Henderson Smiley, son of the owner, was the tenant. He succeeded in getting three head of horses out of the stable, after the lightning had struck the building, and when he had done this the hay rack had fallen down. A calf, and several household articles kept in the garages, were burnt. There was an insurance of six hundred and sixty-six dollars on the building.

About the same time in the vicinity of the above place, the new parsonage of the United Brethren, into which the preacher intended to remove the next day, was struck by lightning, and considerably damaged.

Wm. Stouffer, of New York, was struck, but the electric fluid passed down the spouting into the cistern, doing but little damage, though Mr. Stouffer, who was there, was knocked down by the shock, but not injured.

Several trees in different localities in Centre township were struck during the same storm and shattered; and a shock of wheat on Darlington's farm west of Bloomfield was struck and burned up.

Letter from Thompsonstown. FATAL ACCIDENT FROM COAL OIL.

Thompsonstown, July 23, 1872. Editor Sentinel:—Our usually quiet little town was thrown into a fever of excitement on Thursday afternoon last, by the occurrence of a most terrible accident, occasioned by the explosion of a coal oil can, resulting in the death of one of the most kind hearted and loving little girls we ever knew.

The particulars of this sad affair, as near as we could learn, are as follows: Miss Katie Mills, aged 11 years, second daughter of Mr. and Mrs. G. S. Mills, while attempting to make a fire in the cook stove, to heat some water, and the wood not being very dry, picked up the coal oil can and thought she would put on some oil to make the wood burn quick, and at the same time supposing that the fire was all out of the stove; but, alas! the moment she dropped the oil on the wood, it blazed and caught in the can, exploding it and throwing the contents over her clothing near the bottom of her dress, which immediately took fire. She endeavored to put out the fire at once, but soon found it impossible. She called for help. All the family were absent except her little brother of six years, who, being near, attempted to pull her to the pump, in order to pump water on the flames; but he could not hold her. She ran to the yard in front of the house, and being all on fire and exhausted, fell to the ground near the front gate. At this juncture a neighbor lady, Mrs. Ships, seeing her on fire, rushed to her rescue, and threw a piece of carpet over her, putting out the flames. She then took her into the house, but, alas! too late. Dr. Greenleaf, was immediately summoned, and did all in his power to relieve the little sufferer, but of no avail. She lived only one hour and a half—then the angels took her to her heavenly home.

The accident occurred about 2 o'clock when Mrs. Ships reached Katie, nearly all her clothing was burned off, except her shoes. Mrs. Ships had her arms badly burned in her efforts to extinguish the flames. Katie's little brother was also considerably burned. Mrs. Mills and two of the children were away from home at the time the accident occurred. She was immediately dispatched for, but arrived too late to see her Katie alive.

Katie was a member of the M. E. Sabbath School of this place, and was a kind hearted and ever dutiful scholar.—She was loved by all who knew her, and her untimely death will be mourned not only at the family circle, but by all her friends, both old and young.

The funeral services were attended on Sunday by a large concourse of friends. The services were conducted by Rev. J. B. Shaver, pastor of the M. E. church of this place, who delivered a most pathetic and excellent sermon from Job 19: 25. "For I know that my Redeemer liveth." After the sermon he gave a warning address upon the dangerous use of coal oil, which was well received.

It might be well for us to mention the fact that this is the third fatal accident which has happened in the building in which Mr. Mills resides, by the use of coal oil, and we hope the people of Thompsonstown will now take warning from this sad occurrence, and not attempt to kindle fires with this dangerous fluid.
