FARMER'S COLUMN.

California Sheep.

A Ranche of 200,000 Acres—Shepherds, Grizzlies, and California Lions.

The ranche from which I write—the Tejon it is called—seems to me the finest property in the United States. It contains nearly 200,000 acres, and lies at the junction of Sierra Nevada with the Coast Range, which bend around toward each other in a vast sweep, and from the bottom of the great San Joaquin Valley. The two mountain ranges do not quite meet. The Tejon Pass, a narrow defile, separates them, and gives egress from the valley into the Los Angelos country. You may ride for eighty miles on the country road upon this great estate; it supports this year over 10,000 sheep, and it has a peasantry town of its own, about whom I shall tell you presently. The Tejon is devoted to sheep; and here I saw the operation of shearing—eight or nine weeks are required to shear the whole flock—as well as the various details of the management of a California sheep farm. What we call at home a flock is here called a band of sheep. These bands consist usually of from 1,300 to 1 600 sheep, and each band is in charge of a shepherd. Of course the sheep are scattered over many miles of territory, each band has a limited range, defined to some extent by the vicinity of water, and it is customary in California to drive every night into a corral, or inclosure usually fenced with brush, and with a narrow entrance. This corral is near water, and the sheep drink at morning and evening. The shepherd sleeps near by, in a hut, or in the mountain part of the TejonRancho, on a "tepestra." The corral is to keep the sheep together at night, and protect them in a measure against the attacks of wild beasts, which, curiously enough, are too cowardly to venture after dark inside of even a low fence. The tepestra is to protect the shepherd himself against the attacks of grizzly bears, which are still abundant in the mountains, especially in the Coast Range. The tepestra is a platform about twelve feet high, built on stout poles, solidly set in the ground. Upon this platform the shepherd sleeps, in the mountains, at the entrance of the corral; the grizzly bear cannot climb a pole, though he can get up a tree large enough to give his claws a hold. It is, I believe, not unfrequent for a grizzly to stand up at the side of a tepestra at night and try to rouse out the shepherd. But all the men are armed with guns which they carry day and night.

The grizzly does not usually attack sheep. The California lion, a strong but very cowardly beast, the wild cat, the fox, and the cayotte, are the sheep's enemies. The last named is easily poisoned with meal which has strychnine powdered over it. The others are hunted when they become troublesome, and as the lion, on the slightest alarm, takes to a tree and will run even from a small dog, it is not accounted a very troublesome beast. Indians, Spaniards, Chinese, and some Scotchmen, serve as shepherds in California. The last are throughout the best; and the Chinese make very faithful shepherds if they are properly and carefully trained. They are apt to herd the sheep too closely together at first. Dogs I have found but little used in the sheep ranches I have seen. They are not often thoroughly trained and where they are neglected, become a nuisance. Of course, the shep herds have to be supplied at stated intervals with food. They usually receive a week's rations, which they cook for themselves. At the Tejon there are two supply-stations; and every morning donkeys and mules were sent out with food to some distant shepherds. The ration-masters count the sheep as they deliver the rations, and thus all the bands are counted once a week and if any sheep are missing they must be accounted for. The shepherd is allowed to kill a sheep once in so many days, but he must keep the pelt, which is valuable. Above the ration-masters are the major-domos. Each of these has charge of a certain number of bands; on a smaller estate there is usually but one major-domo. It is his duty to see that the shepherds are competent; that new pasturage is ready when a band has need for it; to see that the corrals are in good order; to provide extra hands at lambing time, to examine the sheep, to keep out scab, which is almost the only disease sheep are subject to in this State, and to give out the rations for distribution. On such an estate as the Tejon there is finally, a general superintendent and bookkeeper and storekeeper—for here in the wilderness a supply of goods of various kinds must be kept for the use of the people. A blacksmith, teamster, plowmen, gardners and house servants make up the Tejon's Company. The gardeners and sevants are Chinese as they usually are in this State, and very good men they are—civil, obliging and competent.

WRINKLE ABOUT THE AGE OF HORSES—The following information as to ascertaining the age of a horse, after it has passed the ninth year, is quite new to us and will be to most of our readers: After the horse is nine years old, a wrinkle comes on the eyelid, at the upper corner of the lower lid, and every year thereafter he has one well defined wrinkle for each year of his age over nine. If, for instance, a horse has three wrinkles, he is twelve. Add the number of wrinkles to nine, and you will always get at his age.

THE hire class—laborers. The lore class—scholars.

SIN makes endless deformity possible.

Boots and Shoes.

LARGE stock of Ready-made Clothing for HARLEY & CO.

Medical.

This Cut illustrates the manner of using

DR. PIERCE'S

Fountain Nasal Injector,

OR

DOUCHE.

This Instrument is especially designed for the perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried *high up* and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight, no snuffing, forcing or pumping being required; no one need fail in a full, gently flowing stream to the highest portion of the nasal passages, passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out of the opposite nostril. Its use is pleasant and so simple that a child can understand it. **Full and explicit directions** accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of **"Cold in the Head"** in a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucous, purulent, offensive, &c. In others a dryness, dry watery, scanty or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, **$500 reward** for a case he can not cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche and Remedy, **all Druggists,** or either will be mailed by proprietor on receipt of 60 cents.

VINEGAR BITTERS

VEGETABLE — FREE FROM ALCOHOL — PURELY — WALKER'S — CALIFORNIA — EUREKA

VINEGAR BITTERS

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison, or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

Full and explicit directions accompany each Bottle. When used with this Instrument, Dr. Sage's Catarrh Remedy cures recent attacks of **"Cold in the Head"** in a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucous, purulent, offensive, &c. In others a dryness, dry, watery, scanty or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each Bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, **$500 reward** for a case he can not cure. The Remedy is mild and pleasant to use, containing
