TOWN AND COUNTRY.
AUTUMN has come.
THE oyster season has opened.
THE corn will mature early this fall.
AUCTION at Parker's store every evening this week.
JEFFERSON MIDDUGH sold his bay trotting horse to James Herdic, of Millinport.

MESSRS GRAYBILL & Co. have sold their Hardware Store to Mr. D. P. PAIST, of Philadelphia.
The attendance at court is rather large this term. Judge Bucher, of Union county, presides.

Nearly all of our exchange papers last week noticed the ending of the "dog days" in a thankful manner, and expressed the belief that the heated term had come to an end.
JOHN C. HEAMAN passed through Patterson on a westward bound train on Saturday evening last. He was the object of considerable curiosity while the train lay at the station.

H. D. WELLES, of this place, announces to the public that he has a good 40 gallon Copper Kettle, which he is tenting out at reasonable prices, to persons boiling apple-butter, &c.
Sept. 4th.

The County Commissioners, with a committee on bridges, visited Delaware cross road bridge yesterday, and ordered some repairs on it. Thence they drove to the iron bridge on Coe Lanes, at Brown's Mills, and accepted the bridge from the hands of the contractors.

A horse scared at a show wagon near the Foundry, on Saturday, and up the trolley to which he was hitched, thereby throwing out onto the road a lady and gentleman, the occupants of the buggy. No injury was done except to one leg of the top of the vehicle, which was broken.

GRAPES.—The season of ripe grapes is at hand. Those wishing to procure the delicious fruit should call on the Oberholzer Brothers, proprietors of the Juniata Valley Vineyard, one mile north east of this place. They grow the finest varieties, and the yield this season will be abundant.

ALL do not know that lemons sprin-kled with loaf sugar almost completely ally feverish thirst. They are invaluable in the sick room. Invalids affected with feverishness can safely consume two or three lemons a day. A lemon or two thus taken at "tea-time" is recommended as an entire substitute for the ordinary supper of summer, and will often induce a comfortable sleep through the night, and give a good appetite for breakfast.

THE COLEMAN SISTERS.—Our citizens will agree with us in congratulations, when we inform them that the famous "Coleman Sisters" are to give entertainments in Graybill's Hall, on Friday and Saturday evenings next, Sept. 6th and 7th. We know of no juveniles on the American stage possessing such rare and cultured talents. In tragedy, comedy, music, etc., they are confessedly the finest troupe traveling. Their Grand Musical Carnival is the wonder of all who attend. Go and hear these artistic prodigies.

GREAT harm and discomfort is caused by the use of purgatives which gripe and rack the system. *Parson's Purgative Pills* are free from all impure matter, and are mild and health-giving in their operation.

A gentleman in the eastern part of the State, who was about having his leg amputated on account of its being bent at right angles and stiff at the knee, heard of *Johnson's Anodyne Liniment*. After using it a short time his leg became straight, and it is now as serviceable as the other.

NOTICE TO PAY UP.—We have been requested to state that the Books of the late firm of E. Warren & Co., will be left at the hardware store of the Francis Hardware Company, in this place, for a short time for collection. All persons indebted to said firm are requested to pay up and save costs.

FARM FOR SALE.—C. G. Shill will offer at public sale, on the premises, at 10 o'clock A. M., on Saturday, September 28, 1872, his farm, situated in Delaware township, Juniata county, containing 118 acres, all cleared except eight acres, and in a good state of cultivation, having thereon erected a two-story Dwelling House, large new Bank Barn, Corn House, good Spring House, with never-failing Well, and all other necessary out-buildings, also a limestone quarry and kiln. Also, a tract of Woodland situated about one mile from the farm, containing 17 acres, being well set with chestnut timber. See handbills.

CATTLE KILLED.—Last Saturday evening Noah A. Elder and George Reynolds turned a drove of cattle numbering forty head, to pasture in a field on the Gallaher farm, adjoining town. Some time during the night the cattle got out of the field and crossed the river, taking with them a bull that belonged to Mr. Kauff-man, who tills the farm. Instead of going up Tuscarora Valley, from whence they were brought, they took the railroad track in the direction of Lewistown.—They had gone but a short distance above Patterson, when they encountered the midnight passenger train going eastward. Nine head were killed, including the bull, without injury to the train.—Further westward near Black Log Station, two more were knocked from the track, and still further westward, about halfway between Patterson and Lewistown, two more were served as the eleven to low, making in all thirteen dead cattle in a herd of forty. Those not killed scattered in all directions. As yet only sixteen of them have been found.

A DISASTROUS FIRE.—On Tuesday, at Hartman's mill, about four miles up Fishing Creek Valley, a large two-story house belonging to Mr. Alex. Hartman was consumed with all its contents. The fire originated in an out house, and Mr. Hartman being absent, the women and a couple of old men were all that were about the premises, and they were so alarmed and confused that they could do nothing but look on and see everything burned to ashes. Had there been some resolute man present, possessed with a little presence of mind, the majority of the goods would have been saved. An aged mother-in-law had all her effects in the house, consisting of gold, silver and greenbacks. She went to the bureau and removed the drawer containing the treasure, and could easily have saved it by taking it out of the house. She laid the drawer on the bed and stood their apparently paralyzed, and would no doubt have been burned had not the rest succeeded in getting her out. The building was filled with a great variety of valuable household goods, the accumulation of a lifetime. The loss is very severe on the owners, and they have the sympathy of the entire community in their misfortune. No insurance.—Harrisburg Telegraph.

News from Neighboring Counties.
MIFFLIN COUNTY.—A Millin county colored man named Moore made a speech at a political convention at Harrisburg, some days ago. A young man, residing in Grauville township, who never learned the wagon making business, during leisure hours, made a buggy, ironed it, painted it, and put it in order for the road. He is a mechanical genius.

A young man was found guilty by the court, of an intent to commit a rape on a young girl. The Democrat says: On Monday, August 12th, as Mrs. Mary A. McCormick, and her daughter, Mrs. Cas-tor, were returning from Atkinson's Mills toward home in a buggy, the mare which they were driving stumbled, and threw both ladies headlong out, which so frightened the animal that she ran home pell-mell and jumped clear into a horse power in the yard, injuring her legs and entirely wrecking the buggy. Mrs. McCormick was run over by the buggy, and very severely bruised. The Lewistown Gazette has dropped its patent outside, and appears as it used to do.

PERRY COUNTY.—The Freeman says, Some days ago while Miss Jane M'Duffy and sister were driving along the canal about three miles above Liverpool, the horse became frightened and threw the young ladies out, breaking the arm of one of them. At Sandy Hill camp meeting some parties retained water at 5 cents a glass. A colored boy fell under the cars at Newport and had a leg taken off, a few days ago. Another warning. Two men named respectively Kniz-bred and Bryem each had a leg broken by a bank caving in on them, at which they were at work, a short distance above Liverpool.

ADMITTED.—Lucian Doty, yesterday, was admitted to practice at the bar in the courts of Juniata county.

FAIR.—The Juniata County Agricultural Society will hold their annual Fair on October 9th, 10th and 11th, 1872.

MUTUAL Fire Insurance.
The Mutual Plan guarantees to the mutually insured the greatest security for the least possible cost. The premium rates are the capital (on this no dividend) are paid to the stockholders, but it is simply assessed to pay deficiencies arising after the payment of losses and expenses, which in the COLUMBIA INSURANCE COMPANY, during the total 123 years of its existence, have averaged but 63 per centum upon the premium note, being lower than the rates paid in the best solvent stock companies during the same period of time. In insuring at stock rates, the insured must pronounce to himself that he pays every year an amount of money, which he keeps over in hand until needed, and pays no dividend to capitalists. The mutually insured, being themselves the capitalists, look after the business, its character and its agents in all places, thus protecting each other. For Insurances or Agencies, address
