MISCELLANEOUS.

Caught by a Boa Constrictor.

After breakfast we started for the lagoon. We had set our hearts on seeing Manatis—"sea cows"—which are still not uncommon on the coast of Trinidad, though they have been exterminated through the rest of the West Indies since the days of Pere Labat. That good missionary speaks of them in his delightful journal as already rare in the year 1865; and now, as far as I am aware, none are to be found North of Trinidad and the Spanish Main, save a few around Cuba and Jamaica. We were anxious, too, to see if not to get a boa constrictor of one kind or other; for there are two kinds on the island, which may be seen alive in the Zoological Gardens in the same cage. The true boa, which is here called Mahajuel, is striped as well as spotted with two patterns, one over the other. The Huillia, Anaconda or water-boa, bears only a few round spots. Both are found of the water, the Huillia living almost entirely in it; both grow to a very large size and both are dangerous—at least to children and small animals That there were Huillias about the place, possibly within fifty yards of the house, there was no doubt. One of the party had seen with his own eyes one twenty-seven feet long killed, with a whole kid inside of it, only a few miles off. The brown policeman, crossing an arm of Guapapo only a month or two before, had been frightened by meeting one in the ford, which his excited imagination magnified so much that its head was on one bank while its tail was on the other—a measurement which must, I think, be divided by three. But in the very spot where we stood some four years since, happened what might have been a painful tragedy. Four young ladies, whose names he mentioned to me, preferred, not wisely, a bathe in the still lagoon to one in the surf side; and as they disported themselves one of them felt herself seized from behind. Fancying that one of her sisters was playing tricks, she called out to her to let her alone, and, looking up, saw to her astonishment, her three sisters sitting on the bank and herself alone. She looked back and shrieked for help, and only just in time, for the Huillia had her.—The other three girls, to their horror, dashed in to her assistance. The brute had not got hold of her little body, but her bathing dress, and held on stupidly. The girls pulled; the bathing dress, which was luckily of thin cotton, was torn off; the Huillia slid back again with it in his mouth into the dark labyrinth of the mangrove roots, and the girl was saved. Two minutes delay and his coils would have been around her, and all would have been over.—*Kingsley's West Indies*

Poison Sensations.

How a Fellow Feels When he is Full of Strychnine.

[From the Gold Hill (Nev.) News.]

Dr. Harris, the well known assayer, who resides at the lower end of town, came near being poisoned to death last night, through taking a dose of medicine for rheumatism The settlings in the bottom of the vial settled his case.—The following communication from him, received at noon to day, tells the whole story: "Last night (Thursday) I felt a pain in my knee, caused by rheumatism. I got up at 10 o'clock and took a dose of rheumatic medicine, prescribed by Dr. Toband, of San Francisco. There was only one dose left, and not at the time thinking of the sediment at the bottom of the vial, I took it. Half an hour after, as I was lying in bed with a candle in hand reading, I was struck senseless and speechless. The candle fell on the bed, and I could neither stir nor cry out for a second. Luckily the shock terminated in time to let me put out the light, or the house and all would have been consumed. More and stronger shocks and convulsions then followed, and, from symptoms, I knew that I had taken strychnine. My wife brought me sweet oil, of which I took two doses—But, great God! what a torment. Shocks and torments followed from half past ten to twelve o'clock, when the death throes set in. I was convulsed and felt five shocks, like a man broken on a wheel, and the last shock made me helpless and stiff I felt the earth give way, and called my wife to me. My hands were crossed, but I could not move them, nor any part of my body. I bade them all good bye, and swooned. My wife sent the children for a doctor, and Dr Kirby came about twelve o'clock and found me still alive and somewhat rational, as the oil had its effect. From then until six o'clock this morning I had shocks like from a galvanic battery, every few minutes. I could not stir hand or foot, and any attempt to turn my head brought a shock. To tell what I suffered is impossible, and I had given up all thought of life; but soon I began to recover, and now—ten o'clock A. M.—I am able to write you this, in order that you may warn persons using this medicine to beware of overdoses or settlings."

Governor Safford, of Nevada, in a letter to the San Diego (Cal.) *Union* tells his experience in gathering diamonds and rubies. He went out with a friend, and finding rubies as plentiful as blackberries. they picked up the value of a million or two, and had them tested. Of the result he says: "They proved to be garnets, and of no value. and the beautiful dreams of schools and colleges we would build up, and poor people we would make happy, and we found ourselves, as before, struggling to make the ends meet."

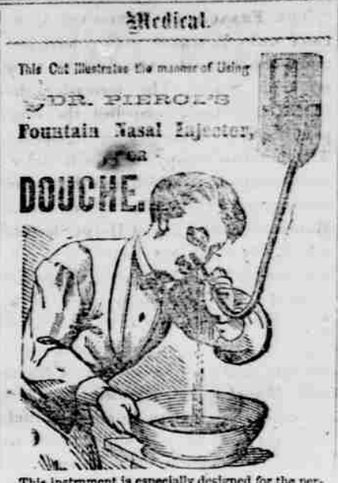
This Cut Illustrates the manner of Using

DR. PIERCE'S

Fountain Nasal Injector,

for

DOUCHE.



This instrument is especially designed for the perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried *high up* and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight; no snuffing, forcing or pumping being required; no one need fail in a full gentle flowing stream to the highest portion of the nasal passages, passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out of the opposite nostril. Hence is pleasant and so simple that a child can understand it. Full and explicit directions accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of "Cold in the Head" by a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucus, purulent, offensive, &c. In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, **$500 reward** for a case he can not cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche at 50 cents, by all Druggists, or either will be mailed by proprietor on receipt of 60 cents.

FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly re-invigorate broken down and low spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Hollow Horn, etc. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Tissues in the Lungs, Liver, &c., this article acts as a specific. By putting from one to half a paper to a paper in a barrel of swill the above diseases will be completely cured or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in all Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim VINEGAR BITTERS the most wonderful invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Save a disappointed physician! There is scarcely an individual upon the face of the earth whose body is entirely free from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS occasionally.

Intermittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. These are always caused by obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In this treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Tumors, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by removing cause the effects of the inflammation (the tubercular deposit) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in all cases of emptiness and malignant fevers, their balsamic, healing, and soothing properties protect the tumors of the finest tissues. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc. Their Counter Irritant influence extends throughout the system. Their Diuretic properties act on the kidneys, correcting and neutralizing the flow of urine. Their Anti-Bilious properties subdue fever, by equalizing the circulation of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great safeguard.

Directions.—Take of the Bitters as going to bed at night from a half to one and three-half wineglasfull. Eat good nourishing food, such as beef steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
