FARM AND HOUSEHOLD.

Cooking Food for Stock.

At the Farmers' Club the other day, Col. Curtis said: I have received a letter from O. D. Whitecomb, Rodman, N. Y., asking a series of questions about cooking food for stock, and at a late visit to Beacon Farm I read them to William Crozier; and believing him to be at least one of the best farmers in this country, I give the questions and answers:

How many cows do you feed?

Ans.—Ninety cows and other cattle

Do you feed horses cooked feed entirely?

Ans.—Yes.

Do you feed horses any grain clear? If so, do you cook it?

Ans.—Feed no clear grain; cook all in winter.

How much hay do you feed cows per day?

Ans.—I feed about three per cent. of the gross weight of the animal, of my mixed feed; all of it steamed.

How many times do you feed per day?

Ans.—Twice.

Do you feed any raw hay?

Ans.—Sometimes a little for a change

Do you feed straw mixed with hay or cornfodder or clear?

Ans.—Mixed.

How much hay do you consider a ton of good oat straw worth for feeding cows both being cooked?

Ans.—About one-third

Wheat and barley straw?

Ans.—Good for bedding, unless cut before the grain is ripe; the grain must be lost to get value for the straw.

Sowed corn?

Ans.—Full as good as hay if cut at proper time.

Corn stalks?

Ans.—Not so good.

Would you feed horses cooked feed through spring plowing and other hard work?

Ans.—No. Feed hard feed, hay and oats.

Will a steamer of 1,000 square inches of heating surface be large enough to cook for fifteen cows?

Ans.—A box eight feet long, four feet high, and four feet wide is about what I use. I do not know what he means by heating surface. A box fifty inches long and twenty wide would have a bottom surface of 1,000 square inches; make this four or five feet high and it might do him

How long do you steam fodder, and with how much pressure?

Ans.—Two pounds pressure and for three hours' time.

Do you feed mangel wurtzel and other roots, and if so, cooked or raw?

Ans.—Yes. Cut, mixed with other food, and steamed.

How large a box do you use?

Ans.—128 cubic feet.

How often do you cook fodder?

Ans.—Every day.

Do yo feel cold?

Ans.—No; blood warm, no hotter.

What length do you cut fodder?

Ans.—An inch, or an inch and a half. I would further advise him to manure well and plow deep, according to the old proverb.

Col. Curtis adds: I do not believe there is a better system of feeding than Mr. Crozier's. The root, hay cornfodder are cut, then mixed together, then dampened and kept warm on the top of the steambox; then dumped into it mixed with bran and salt, and steamed He has fifty horses and not one of them has had the influenza. I do not say that this feeding has prevented it, but I do say that this fact prove that animals fed on cooked food are not more liable to disease. I believe further that it is an economical plan and that no farmer keeps his animals at a less cost than Mr. Crozier; at the same time I never saw anywhere more active or more healthy looking stock. Mr. Colton had been studying the chemistry of cooking food, and had come to these conclusions: Steaming food is of value in the straws of grain like wheat, rye, and barley, merely to soften their flinty nature; in cornstalks and roots it changes the starch into grape sugar or diastase, which is soluble and readily digestible in the stomach. Hence it renders such foods more nourishing and warming. I conceive a difference between the method for steaming and that of cooking in water.—*Exchange.*

We read of an elopement remarkable for some of its particulars which has just agitated Newton, Kansas. A young married man named Train had in his employ a young woman, Miss Norris, with whom he fell in love. The pair determined to elope during the absence of Mrs. Train. The trunks were nearly packed; the carriage was at the door; everything, in short, was about ready for the guilty flight, when, in the most provoking manner, the injured wife made her appearance. But the wicked husband was equal to the emergency. He unblushingly avowed his purpose of flying with Miss Norris, and, in order to make things pleasant, locked his wife up until he had finished packing, when the guilty couple drove away to the station, and thence vanished into infinite space, with a good deal of borrowed money. The last mentioned fact has stimulated pursuit, and there is some hope that Train may be caught and served as he served his unfortunate wife. Such is the story as we find it, and an odd one it is. We have heard of locking up to prevent an elopement, but never before of a locking up to promote one.

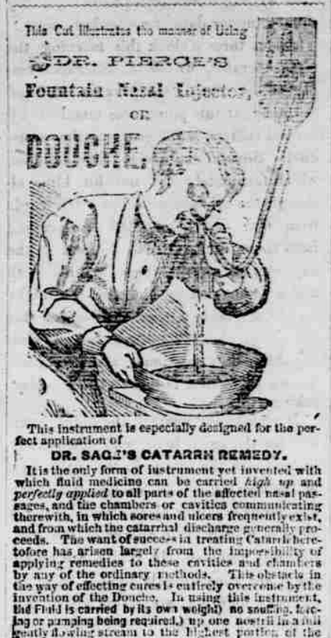
This Cut Illustrates the manner of Using

DR. PIERCE'S

Fountain Nasal Injector, OR

DOUCHE.



This instrument is especially designed for the perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried *high up* and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight (no snuffing, hacking or pumping being required,) up one nostril in a full, gently flowing stream to the highest portion of the nasal passages, passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out of the opposite nostril. Its use is pleasant and so simple that a child can understand it. Full and explicit directions accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of "Cold in the Head" by a few applications.

Symptoms of Catarrh. Dread of Disease, Dull Headache, discharge falling into throat, sometimes profuse, watery, thick mucus, purulent, offensive, &c. In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, sneezing, sense from the eyes, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with Dr. Pierce's Nasal Douche, and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, $500 reward for a case he can not cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche at 60 cents, by all Druggists, or either will be mailed by proprietor on receipt of 60 cents.

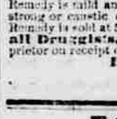
FOUTZ'S

CELEBRATED

Horse and Cattle Powders.



This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. It improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Hollow Horn, etc. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By pitting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cases are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HAIR RENEWER

Nine years before the public, and no preparation for the hair has ever been produced equal to Hall's "Vegetable Sicilian Hair Renewer," and every honest dealer will say it gives the *best satisfaction*. It restores GRAY HAIR to its original color, eradicating and preventing dandruff, curing BALDNESS and promoting the growth of the hair. The gray and beachy hair by a few applications is changed to black and silky locks, and wayward hair will assume any shape the wearer desires. It is the cheapest HAIR DRESSING in the world, as its effects last longer, as it cools the glands to furnish the nutritive principle so necessary to the life of the hair. It gives the hair that splendid appearance so much admired by all. By its tonic and stimulating properties it prevents the hair from falling out, and none need be without Nature's ornament, a good head of hair. It is the first real perfected remedy ever discovered for curing diseases of the hair, and it has never been equalled, and we assure the thousands who have used it, it is kept up to its original high standard. VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
